Acting SECARMY visits to strenthen industrial base

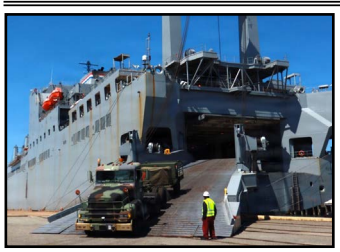
WASHINGTON — Acting SECARMY Adam Telle traveled to Arkansas, Oct. 29-30, to meet with leaders at Pine Bluff Arsenal, Walmart's corporate headquarters, and the University of Arkansas. The visit was an opportunity to move from discussion to action as the Army pushes to modernize the defense and organic industrial base, strengthen its global supply chain and build the intellectual and human capital.

CASCOM hosts DCG-S Course

FORT LEE, Va. – Deputy Commanding Generals for Support as well as Sustainment Brigade Commanders from the active Army, Army National Guard and Army Reserve came to Fort Lee Oct. 27-28 to attend the U.S. Combined Arms Support Command-hosted DCG-S Course where they were updated on the sustainment warfighting functions.

Tobyhanna mission focus to national defense priorities

TOBYHANNA, Pa. – Tobyhanna Army Depot has launched a new blueprint to keep pace with rapidly changing military technology, aligning the organization's strategic focus with broader Department of War (DOW) efforts to rebuild supply chains, bolster the federal workforce and ensure warfighters have lifesaving equipment when – and where – they need it.



ARTRANS turns readiness into deployable capability

JOINT BASE LANGLEY-EUSTIS, Va. — Across railheads, highways, strategic ports and commercial transportation networks, the 597th Transportation Brigade, ARTRANS, transforms strategic movement into lethal combat power. For the "Rapid Support" team, the fight begins long before a formation reaches a railhead, crosses a port gate or boards a vessel bound for a theater of operations.

USATA hosts Polish delegation to build interoperability

REDSTONE ARSENAL, Ala. – Officers from the Polish armed forces visited the U.S. Army Test, Measurement and Diagnostic Equipment Activity, known as USATA, Oct. 20- 21 to establish bilateral cooperation on the calibration and maintenance of key military systems. The engagement focused on sustaining U.S.-manufactured weapon systems currently fielded by the Polish military.

ASAE suppports security cooperation with A3C partners

REDSTONE ARSENAL, Ala. - The U.S. Army Security Assistance Enterprise, or ASAE, recently supported delivery of approved security assistance capabilities to partner nations in the Western Hemisphere. Recipients included Paraguay, Panama, Guatemala, Honduras, and El Salvador, all member nations of the Americas Counter Cartel Coalition, or A3C. people.
