21-070	Matthai, Amber	Severe adverse event or adverse event findings of those who were exposed to trial participants in Pfizer's mRNA vaccine trial study, referred to as "Investigator Site Files." My FOIA is requesting those files (they can be tokenized for anonymity). Pages 67-69 of Pfizer's trials refers to "Occupational Exposure" here: Caution- https://media.tghn.org/medialibrary/2020/11/C4591001_Clinical_Protocol_Nov2020_Pfizer_BioNTech.pdf . Pfizer's reasoning to not release to the public is here: "the exposure information doesn't pertain to the participant enrolled in the study, so the information is not recorded on aCRF. However, a copy of the completed Vaccine SAE Report Form is maintained in the investigator site file." Since US taxpayers funded Operation Warpspeed through the Department of Defense and Pfizer received such funds (through a contracting intermediary should not make a difference as it is still government funds), this data should be made publicly available. See, e.g., https://www.14news.com/story/20936080/gov-pence-suspends-states-role-inposey-co-fertilizer-plant/. The DOD's concern arose from Fatima Group's lack of cooperation in eliminating improvised explosive devices (IEDs) in Central and South Asia, as, the director of DOD's Joint Improvised Explosive Device Defeat Organization (JIEDDO), testified before a subcommittee of the U.S. Senate Foreign Relations Committee on or about late 2012. Records Requested 1) All communications sent or received by the U.S. Department of Defense, its departments, sub-agencies, employees, agents, or representatives, concerning or related to: a) Fatima Group; b) or Midwest Fertilizer Corp; and 2) All communications sent or received by the U.S. Department of Defense, its departments, sub-agencies, employees, agents, or representatives, to or from: a) Fatima Group; b) Midwest Fertilizer Corp., or c) any officers, employees, agents, representatives, subsidiaries, parent companies, or related entities of Fatima Group or Midwest Fertilizer Corp. For any responsive records, or portions of records, you deem covered by any applicable FOIA exemption, 5 U.S.C. § 552(b) prescribes the appropriate process: "[a]ny reasonably segregable portion of a record shall be provided...after deletion of the portions which are exempt under this subsection. The amount of information deleted, and the exemption under which the deletion is made, shall be indicated on the released portion of the record, unless including that indication would harm an interest protected by the exemption in this subsection under which the deletion is made. If technically feasible, the amount of the information deleted, and the exemption under which the deletion is made, shall be indicated at the place in the record where such deletion is made." I am willing to pay fees for this request up to a maximum of \$200. If the fees for this request exceed that amount, please inform me first. 21-034	Sarfati, Rachel	Request description I am a research assistant for a professor of political science at Laval University in Quebec City (Canada). We are researching the U.S.-led international coalition against ISIS that have started in 2014. In particular, I am looking for any relevant documents that would allow us to understand what kinds of requests the Americans made to coalition allies; and what were the allies' responses to Obama and Trump. Negotiations between the United States and its allies are important. But we also want to know what kind of contributions the countries participating in the coalition have made (military, intelligence, economic). Where were the missions conducted, by which countries? Why did some coalition countries contribute a lot to the coalition and not others? Does each country's military budget explain its more or less important contribution? Does the relative autonomy of the executive in each of these countries explain each country's contribution? Which countries are more or less loyal allies of the United States in this coalition, those that are less loyal, or those that are trouble makers? In particular, the negotiations between the United States, France, Spain and Poland are of particular interest to us. Below, I enclose a copy of my identity card. If necessary, I will send you my contract as a research assistant.	Other Reasons - Request withdrawn	Closed	02/21/2021
