IG Finishes; Brigade Gets Report Card

The IG inspection is over. It ended yesterday morning with a critique of the Station inspection (after WM deadline).

BrigGen. T. F. Riley and his team were scheduled to depart for the Mainland at 8 this morning by air from K-Bay.

Inspection of the Brigade was wrapped up Tuesday morning with a 75-minute verbal critique in Theater #1.

Gen. Riley told Brigade commanders and staff that the Brigade inspection was generally very good throughout.

He said police and appearance of the Brigade areas and facilities were particularly noteworthy and he called the military courtesy displayed by all hands "excellent."

Members of the IG team, in reviewing their findings gave "excellents" to the Brigade's leadership and morale programs, personnel inspections, clothing and equipment inspections and physical readiness tests.

The Brigade's personnel management program was rated "highly effective" and noteworthy.

Singled out for special mention were the 1st Landing Support Co., ServBn., for an "outstanding" clothing and equipment inspection; the Recon Co. for the "outstanding" condition of members' individual weapons; and MACS-2 for the (See 'Very Good', Page 8)

2 Jet Squadrons Win CNO Awards

The Chief of Naval Operations in Washington, D.C., has named two First Marine Brigade jet squadrons for coveted aviation safety awards during Fiscal Year 1963, which ended June 30.

In addition to being the only two squadrons in the entire Pacific Fleet Marine Force to be so cited this year, VMF-232 and VMA-214 became the first two MAG-13 tactical units to win the title in the same year.

The awards climaxed a

year-long improvement in aviation safety throughout the Navy and the Marine Corps. All aviation units take part in the annual competition.

The "Red Devils" of VMF-232, flying F8B Crusader jets, combined Hawaii flying assignments with a six-month tour in the Western Pacific with the U.S. 7th Fleet during the period covered.

The 1963 honor is a repeat for VMA-214, which won the same award during the 1961 competition. The "Black-sheep," flying A4B "Skyhawk" jet attack bombers, have been commanded by LtCol. R. V. Mullane and LtCol. E. B. Long, present commander, during the latest award period.

Other Marine winners included HMR-263, MCAAS, New River, N.C.; H&MS-32, MCAS, Beaufort, S.C.; and Composite Reconnaissance Squadron Two, MCAS, Cherry Point.

Winners from the Marine Air Reserve Training Command are VMF-511, Willow Grove; VMA-141, Alameda; Transport Squadron-234, NAS, Minneapolis, Minn., and HMR-768, NAS, New York, N.Y.

Special plaques marking the accomplishments are being forwarded from the Department of the Navy and will be presented to the winning squadrons in the near future.

Gear Teeth 'Enemy' Plans Thorough Workout for 3-4

By SSgt. Al Steele

Aggressor personnel, though not revealing their tactical maneuvers or battle surprises, this week continue their political and military strategy against the Third Battalion, Fourth Marines.

Aggressor forces, commanded by Capt. Joseph J. Smartz, CO D-1/4, plan on meeting the heliborne Third Battalion on Molokai, Sept.

8 — D-Day for Operation 'Gear Teeth.'

In theory, insurgent elements from Lanai Island (D-1/4) have infiltrated Molokai and are attempting a coup of the recognized government.

The aggressors have clandestine support in the form of the "Farmers Cooperative League" (FCL), a group of dissident residents of Molokai. It is from the FCL that the insurgents depend on supplies and reinforcements to sustain their small force.

In response to the government plea for U.S. military aid, Amphibious Task Group-3 will steam from Pearl Harbor on Sept. 5.

Chief umpire for the exercise ashore is Major F. R. Hittinger Jr., ExO of 3/4. Assisting the Major is 1stLt. W. B. Rowley, umpire for 3/4's movements.

Capt. Smartz and his aggressor hand are expected to keep the umpires busy in the decision-making business. But as far as the aggressor decisions and plans... they're not saying.

DISTINGUISHED GUESTS — Thirteen prominent civilian guests of the Secretary of the Navy watch a JATO assist take-off demonstration (inset) during their tour of the Brigade Tuesday. The group also visited B—Medical facilities and witnessed a personnel and equipment demonstration by the 4th Marines, 3/12 and ServBn. The guests—comprised of business and professional leaders from a number of Mainland cities—came to Hawaii aboard the carrier USS Kitty Hawk.

"How to impress IG's and influence CG's" is not the subject of this article. Not after last week. The Windward Marine prides itself in being a clean, accurate publication with a "low goof ratio." We're still clean and accurate, but our ratio has been launched to Hades.

Elliott hasn't been around with the cigars. Both Gen. Youngdale, who appears in one of the transposed photos, and Col. Johnston, our publisher, are still speaking to us, although our stock may be down a bit right now.

We'd tell our faithful readers how it happened, but we're not, too sure ourselves.

To our Service colleagues of the fourth estate who put out the Corps' other command papers, we offer the week's conversation piece. If anybody wants a case history, please send a stamped, self-addressed return envelope.

We have a series of checks we go through — something akin to sending an astronaut into space — to avoid transposing pictures or captions or any other such possible goofs.

And, as is always the case with one of these editor's nightmares, something good or worthwhile can be gained from our embarrassment.

We could dazzle you with a concise 100-words-or-less technical explanation using our backroom vocabulary (printing shop backroom, that is), but it wouldn't change last week's page 3.

Warrants Go To 77 Corps NCOs in July

Seventy-seven Marines moved from the waiting list to sew on new stripes during July, the Navy Times reported late last week.

Included among those to be promoted were one new sergeant major, one master gunnery sergeant, five new first sergeants and five master sergeants, 15 new gunnery sergeants and 50 new staff sergeants.

In all cases, the date of rank was to be Aug. 1.

Still on the waiting list, according to the Times article, were 93 picked for sergeant major or master gunnery sergeant; 195 first sergeant or master sergeant selectees; 791 future gunnery sergeants and 766 destined for staff sergeant.

Holy Name Group Forming at K-Bay

A Holy Name Society will be formed aboard K-Bay next Wednesday during a meeting at K-Bay Inn at 7 p.m.

All Marines are invited to attend. Committees will be formed for social and religious activities in addition to discussion groups and athletic leagues.

Those desiring further information can contact the Chaplain's office, 73138.

Receiving and Sending Radiomen — Marines of 1st Composite Radio Company received an urgent message last week, and day before yesterday sent 45 separate "replies" to the personal communication.

Fourteen-year-old Ernie Charter Jr., a hemophilia victim at Queens Hospital in Honolulu, was nearly 170 pints behind in his life-giving blood ledger.

The Company could have wiped-out the blood debt when more than 200 of the radio Marines answered the call for volunteers. However those who had taken a malaria shot within the past two years were disqualified.

PMR Hosts Visitors — Ten officers and 55 Waves of the TeleComm Censorship Division 14-1 Naval Reserve Unit, Honolulu, visited K-Bay's Pacific Missile Range Facility last Saturday.

The five-hour tour, which included chow at the Officers Mess and Messhall #1, gave the visitors a close look of the facility and an opportunity to see PMR motion pictures, "The Point Arguello Story" and "Project Gemini."

In addition, they toured the Comm Center and the Missile Impact Location System room.

The group was briefed on the facility by LCdr. R. E. Keithcart, PMRF Hawaiian Area Administrative Officer, who headed the tour.

Tempus "Correctus" — While Latin experts may blanch at the preceding terms, HQMC won't. Word is that more and more correspondence is arriving containing incorrect time expressions, i.e., 1000 "hours." The correct way is merely "1000." N'est ce pas?

Gets A Word In — 1stLt. Larry R. Karlen, HMM-161, after winning the "Best Evaluator" award twice in a row, took top honors as "Best Speaker" at the Oahu Toastmasters meeting Aug. 22.

The "Best Evaluator" award went to Sgt. E. R. Dooley, 2/4, for evaluating Walter Moreira's speech "Toastmasters Presents." Lt. Karlen's speech was titled "Join."

Anyone interested in joining the club call 73116 or 72512.

The Fourth Was First — Eighteen years ago today, Aug. 30, 1945, the 4th Marine Regiment (Rein.), under BrigGen. William T. Clement, landed at Yokosuka Naval Base as the first Marine occupation troops in Japan.

While there, the men of the 4th staged a formal guard mount for 120 men of the "Old Fourth" liberated from Japanese prison camps.

The ceremony was climaxed with the presentation of the Regimental Colors to the survivors of the "Old Fourth" and once again the regimental ranks were closed up.

From the Ground to "High" in the Air — SgtMaj. Oscar S. Fargie Jr., long-time 3/4 SgtMaj., Wednesday climbed the slopes of Ulupau Head to become SgtMaj. of MACS-2.

The new SgtMaj. of 3/4 is SgtMaj. Harry J. Zuber, former SgtMaj. of 1st MCRRD, Garden City, Long Island, N.Y.

Don't Be Over-Anxious about Your Life

By Chaplain W. "J" Schwartz
Everyone worries. This world of ours is such that a person cannot live in it long without worrying about something. Out of His own understanding of life and how it ought to be lived, our Lord one day gave a bit of constructive guidance: "Do not be anxious about your life, what you shall eat or what you shall drink, nor about your

body, what you shall put on. "Is not life more than food, and the body more than clothing? Which of you by being anxious about it can add even one inch to his height? "Therefore, do not be anxious, saying, 'What shall we eat?' or 'What shall we drink?' or 'What shall we wear?' But seek first his kingdom and his righteous-

ness and all these things will be added to you." If we really believe this guidance is applicable to us today, then the 8 million pounds of aspirin which the American public consumed in a recent year simply does not make good parallel reading. But there is a great difference between being worried about something and being concerned. Our Lord's teaching is that worry is stupid on the face of it; it is a waste of time.

"Which of you, by being anxious, can add even one inch to his height?" There is little purpose in being anxious about it; worrying about it won't make you any taller. On the other hand, concern is the requirement of every person. But when concern becomes needless worry about things over which a person has no control, then it is a waste of time. The instruction is clear enough: "Do not be anxious—rather, seek first of all His kingdom and His righteousness."

UPI Reporter To Give Talk On Viet Nam

Mr. Robert C. Miller, correspondent at large for United Press International, is scheduled to speak at Theater #1 today at 10 a.m. on his recent experiences as a war correspondent in Viet Nam and Southeast Asia.

The 26-year veteran of both UP and UPI is currently acting Bureau Chief of the Honolulu office of the world-wide news organization.

The much-traveled war correspondent has worked and lived with combat units around the globe both during World War II and in Korea.

During the Guadalcanal offensive he was with VMF-221 where he first met a young Marine Corps ace who today is Col. Marlon E. Carl, First Brigade Chief of Staff.

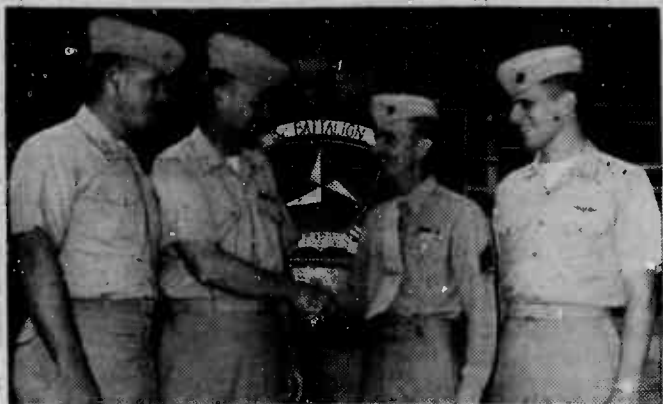

This morning's presentation is being hosted by MAG-13 officers. All Brigade/Station officers and Staff NCOs are invited to attend.

Widows, Children Of Veterans Aided

The House of Representatives passed on to the Senate two bills aiding widows of veterans and children of disabled veterans.

The first would increase by some \$11,700,000 the benefits provided for the widows. Representative Olin E. Teague (D., Tex.) chairman of the House Veterans Committee said that this bill, coupled with the pending measure to increase the serviceman's pay, would add up to a 10 percent increase in widows' compensation.

The second bill provides \$3,300,000 in new educational allowances for children of completely disabled veterans. This fund would include aid for college level studies. (AFPS).

SecDef Says Nuclear Forces on Increase

In his testimony before the Senate Foreign Relations Committee regarding the nuclear test ban treaty, Secretary of Defense Robert S. McNamara said there have been substantial increases in our nuclear forces over the last five years and further increases are programmed.

During the past 24 months alone, he stated, there has been a 100 percent increase in the number of nuclear warheads in the strategic alert forces, and a 60 percent increase in the tactical

nuclear forces deployed in Western Europe.

In reference to the force structure, the Secretary told committee members that during the past two years there also has been:

- A 45 percent increase in the number of combat-ready Army divisions.
- A 30 percent increase in the number of tactical air squadrons.
- A 60 percent increase in airlift capabilities.
- A 100 percent increase in ship construction and conversion to modernize the fleet.
- A 200 percent increase in the Special Forces.

The Secretary said that the U.S. force now contains more than 500 missiles—Atlas, Titan, Minuteman, Polaris—and has plans to increase to over 1700 by 1966.

In addition, the United States has Strategic Air Command bombers on air

'Top Squad' Sharpens-Up Training; Quantico Soon

If a working knowledge of Marine Corps weapons is a criterion for winning, Kaneohe Bay's "top squad" should walk off with honors at the Sixth Annual Combat Marksmanship Competition at Quantico next month.

During the past week, for example, Sgt. J. R. Cannon's winning 3/4 squad has fired the 106mm recoilless rifle, the flamethrower, 81mm

mortars, rocket launchers, the M-60 machine gun, M-79 grenade launcher and dozens of rounds of rifle grenades.

As if this weren't enough, Cannon and Company have spent many extra hours reviewing squad tactics, techniques of fire, leadership, nuclear-biological-chemical defense, night movements and helicopter operations.

The "best in the Regiment" has also turned in more than a fair share of time spent in physical conditioning with as Sgt. Cannon says: "many more to come!"

The Brigade entry will depart for Marine Corps Schools on Sept. 10 to defend a title that has been won by Brigade squads the past two years.

Dependent Dental X-Ray Service Off

Dental X-Rays for dependents will not be available until further notice.

The curtailment of these services has resulted from a malfunction in the equipment.

It is estimated by the Dental Section that the X-Ray machine will not be ready for at least a month, or until a replacement part arrives from the Mainland.

KEEPING IN STEP — New officers of the Enlisted Wives Club line-up in unity and pledge to "keep in step" to promote more and better club activities. They are (going up): Ann Marie Goeddel, president; Carol McLean, vice president; Barbara Ogden, recording secretary; Marie Smith, corresponding secretary; Pat Mohr, treasurer; and Donna Moniz, sergeant-at-arms. The new club officials were installed Aug. 10.

STATION'S TURN — A platoon of Marines receive a good "going over" Tuesday as part of the IG inspection of Station personnel. Inspecting the platoon is Maj. W. A. Lawrence, FMFPac. SSgt. M. D. Yancey, Station Training, is at left. The IG Team wound up its inspection yesterday with an Air Station critique.

Vacation Is Over: Keikis Flocking to School

"School days, school days, those good old golden rule days" will be K-Bay's theme song next Wednesday when it's back to school for 895 on-Station dependents at Mokapu Elementary.

To greet the eager students, ranging from 5 to 12, will be a new principal and 13 new teachers. Seventeen teachers remain from last year's staff.

Slated to be a full day for those in grades 1 through 6, classes will begin at 8 a.m. and end at 2 p.m. Kindergarten conferences Wednesday morning at 9 will determine the days and hours the pre-schoolers will attend.

For those beginning a new year it marks the start of lasting friendships, long hours of study, learning new ideas and study discipline.

For some mothers, it's the beginning of a long "vacation" — for them.

Guiding the year's educational program at Mokapu Elementary will be Jack Landwehrkamp, Mokapu's new principal, succeeding M. P. Silva. Mr. Landwehrkamp took over his new post Aug. 19.

Under the board of education's exchange program, he and Mr. Silva traded positions for one year. Not only did the two schoolmasters trade jobs, they also traded houses and cars.

Mr. Silva took over Mr. Landwehrkamp's position at Redwood City, Calif., as principal of the school district there. He will return to K-Bay next year.

Mr. Landwehrkamp, now 53, holds a degree in liberal arts from the University of California and a masters degree in school administration from San Francisco State University.

Prior to coming to Kaneohe Bay he had served on the Red-

wood City Board of Education for 10 years.

During World War II and the Korean Conflict, Mr. Landwehrkamp served as a captain in the Army's Counter Intelligence Corps.

Commenting on Hawaii's educational standards, and Mokapu Elementary School in general, he said "If Mokapu is any example at all for the islands, the standards appear to be extremely high.

"I was surprised at the modern, up-to-date program. It will hold its own against the best of them.

"K-Bay's weather is excellent, we have a modern and complete school building, the teaching staff is more than adequate and our training schedules are even better — how can we miss?"

Mr. Landwehrkamp and his wife, Margaret, reside in Kailua with their two children, Jack 9, and Katherine, 7. There's one thing they all agree on—they think Windward Oahu is beautiful.

They have already said "we love it here and we already know we're going to miss it when we leave."

The new principal will be assisted by Mrs. Josephine A. Gilding, Vice Principal. She held this position at Mokapu School during 1961 and '62. She started the '63 term, but due to an insufficient enrollment, her position was eliminated by Hawaii's Board of Education.

Coming back to Mokapu after holding the same position at Aina Haina Elementary School, Mrs. Gilding said, "I'm thrilled and happy to be back. It's just like old homecoming."

All children residing aboard the Air Station and those living off-station who anticipate moving into Station quarters by the end of the first semes-

ter are eligible to attend Mokapu School.

Those who fall in the latter category should register as soon as possible, Mr. Landwehrkamp pointed out.

For those parents planning to stay in off-station quarters longer than the first semester and desiring to enroll their children aboard the Station, application must be made through their local school and then through the local board of education.

Transportation policies and procedures, routes and times for pick-ups and return trips for K-Bay kindergarten students and students attending off-station schools have been disseminated in Station Order 4643 6H to all parents requesting the service.

NEW MOKAPU SCHOOL OFFICIALS — Jack Landwehrkamp, Principal, and Mrs. Josephine A. Gilding, Vice Principal, check over room and cafeteria schedules before some 895 on-Station students jam-pack the school Wednesday morning.

Simple Safety Habits Can Save a Life

School children will hit the sidewalks and crosswalks en masse Wednesday as they trek back to school.

Some 895 of these children will be aboard the Air Station.

During 1961 an estimated 61,000 children were injured or killed while going to and from school. This registered an all-time high in this category.

According to the National Safety Council, the best and only way to teach your child safety is to practice it yourself.

The Council has these tips that may save a K-Bayite's life:

Children should know the proper procedure for boarding and unloading from a bus. Crossing the right-of-way to and from the bus is the greatest hazard the child will face.

Direct your child to cross on a signal from the bus driver or a school bus pa-

trol. Instruct the child to always look both ways before crossing any street or thoroughfare.

For those who drive their children to and from school. Choose a pre-designated meeting place to pick up the child, preferably away from a crosswalk or corner on the school-side.

Don't load or unload keikis across the street from the school making it necessary for them to open the door on the street side. Make sure they don't run across or dart from behind the auto.

Never load or unload in the middle of the block. This practice merely encourages the children to cross at this point instead of at the corner. Pooling rides to and from school helps to keep down traffic congestion.

Make it a point to approach

a school area with extreme caution at all times.

Bike riders should be taught to observe and obey all traffic regulations. This includes yielding right-of-way, giving the proper hand signals indicating turns, slow and stop.

His bicycle should be kept in good condition just like an automobile. Let him practice acrobatics in the yard, not on the roadways.

Those who like to walk to school should be accompanied on the first day with the parent pointing out the dos and don'ts. Make it a point to choose the safest route possible.

If your child follows these safety tips and uses crosswalks, obeys signs and traffic signals he or she should live to see a ripe old age.

FOLLOWS THE FLOCK — GySgt. F. A. Chapman, "Blacksheep" Hangar Deck Chief (r), and LtCol. E. B. Long, VMA-214 CO, talk over the reenlistment contract. Sgt. Chapman "shipped" Aug. 21 for four more years to round out his 20.

MABS-13 AWARDS — Major R. G. Klein, MABS-13 CO, presented diplomas and Good Conduct Awards to 19 squadron Marines last week. On hand to receive the certificates were (front row l to r): PFC W. Colon, High School GED; Sgts. J. E. Boedeker and J. W. Simma, Crypto School; Sgts. V. M. L. Chandler and D. Smith, MCI; LCpl. J. M. Reynosa, 1st Good Conduct; Gy-Sgts. E. A. Baker, C. B. Cardwell Jr., and Sgt. J. E. Bandyszewski, MCI. Second row: Sgt. D. L. Terwilliger, MCI; Cpl. J. H. Brake and LCpl. W. L. Herrington, 1st Good Conduct; Sgt. J. W. Murphy and SSgt. K. Lewis, 4th Good Conduct; GySgt. L. J. Brisco, 5th Good Conduct; MSgt. J. A. Mestyan, 6th Good Conduct; SSgt. R. I. K. Kekahuma, 4th Good Conduct; Cpl. H. C. Swarner, 1st Good Conduct and Sgt. K. L. Green, 3d Good Conduct.

HANDBALLERS — Capt. C. K. McAfee, H&HS, smashes the ball toward the wall as LCpl. D. E. Reid, H-2/4, waits to return during one of the first games in this week's Station Handball tournament.

K-Bay Sky Divers Enter Meet to Decide Hawaii State Parachute Jump Champ

Five K-Bay Marines will be among the 25 top military and civilian sport parachutists competing this weekend in the 1st Hawaii State Parachuting Championships.

The most qualified of the more than 175 members of the five parachuting clubs in Hawaii have entered the contest.

Host for the three-day, three-event tourney will be the Army-sponsored Military Sky Divers of Hawaii club.

Competing K-Bayites are: Cpl. H. W. Gough, H&HS; Sgt. W. D. Peacock, H&S-3/4; SSGT. W. L. Phillips, H&HS; Sgt. J. N. Venagas, H&S-2/4 and Cpl. T. L. Francis, HMM-161.

The aggregate winner of the three events will be named 1963 Hawaii State Champion Sport Parachutist.

Each contestant will make two jumps in both the 3400-

ft. (10-second delay) and 5400-ft. (20-second delay) accuracy events.

In accuracy events, the jumper is graded on the total distance he lands from the target on two jumps.

Contestants in the 5400-ft. accuracy event may earn bonus points by performing turns to left and right and a back loop while in free fall.

Most challenging of the events will be the style competition. The jumpers leap from the aircraft 7200 feet above the target and are graded on their ability to perform a series of maneuvers before opening their parachutes.

Ten seconds after leaving the aircraft the contestant starts his maneuvers. He turns 360-degrees to the right, 360-degrees to the left, executes a back loop, two more 360-de-

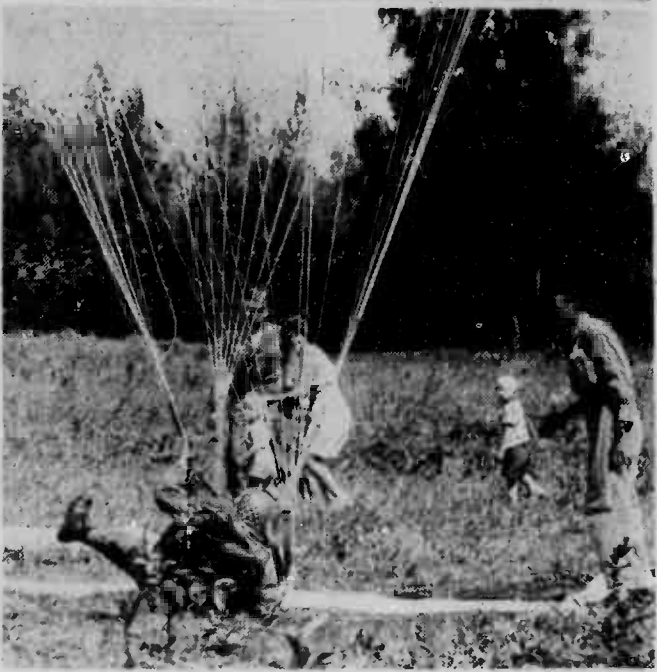

gree turns and opens his parachute before the 30th second after leaving the airplane.

He is fined points for over or under-shooting the turns or for lack of complete control of the maneuvers.

Points are gained by completing the series in less than the allotted 20-seconds.

Although found frequently on the Mainland, this will be the first championship competition held in the Islands.

The competition starts tomorrow at 8 a.m. at Schofield's Lightning Field. Spectators are invited to watch the tournament.

ON TARGET — Landing near dead-center on the cloth "X" target last week, Cpl. H. W. Gough, H&HS, practices for this weekend's 1st Hawaii State Parachuting Championships.

Results Show Army Ahead In Early National Matches

From the looks of early results, 1963 is the Army's year at the National Rifle Matches at Camp Perry, Ohio.

Army shooters have dominated the President's Match and the Marine Corps Cup Match in the early competition.

Both matches were won last year by Marine Sgt. David A. Luke.

Army Sgt. Charles W. Grover broke the National Match record in the President's Match last Friday.

He posted a 150-15V out of a possible 150-30V over the three-stage course to top a field of 3300 of the Nation's best riflemen.

Grover surpassed the former record of 150-13V set in 1961 by Marine WO Emmett Duncan.

Army shooters also placed 2d through 4th. First Marine to finish was SSgt. Jack Tit-

terington, of Quantico, who fired 149-13V for 5th place.

Last year's President Cup winner, Sgt. David Luke, USMC, finished 50th. Only 15 Marines finished in the "President's Hundred."

The 30-shot match consisted of 10 shots standing at 200-yds, 10 shots at 300-yds, standing to prone, and 10 shots prone at 600-yds.

In the Marine Corps Cup Match, Army SFC Chester Hamilton, Ft. Benning, Ga., scored a 100-12V for top honors.

The Army also dominated top berths in this Match, a 20-shot, 300-yd, rapid fire course from standing to prone.

Top Marine in the match was 6th place LCpl. James E. Richey, of 29 Palms, with 100-9V.

Marine Reserve Capt. Leonard De Jong, of New Orleans, fired a winning score of 100-15V to capture the Coast Guard Trophy Match.

He tied the mark set in 1958 by GySgt. V. D. Mitchell, USMC.

Other matches still to be fired include the Army Cup, Cobwell Trophy, Navy Cup and Wimbledon Cup Matches.

Swimmers Win 'Em;

Sports Ed Loses 'Em

The Sports Editor lost many points last week—600 to be exact.

Somewhere between the writing and the printing of the story on the Junior Olympic Swimming Championships, he managed to lose 300 points each from the over-all scores of the K-Bay and Pearl Harbor Swim Clubs.

The story said that the K-Bay club won with 47 points, Pearl Harbor was 2d with 28 points and Palama 3d with 302.

The order of finish was correct but point standings should have read: K-Bay Swim Club, 347; Pearl Harbor, 328; Palama, 302.

One Game Left

Marauders Maul Vikings; May Finish in 2nd Place

By John Funk Jr.

Second place remained within reach of the local Teen Club Marauders as they blanked the 2d place Vikings from Pearl Harbor, 11-0, behind one-hit hurling by pitcher Joe Bekeris.

The game was called after four-and-one-half innings due to the league's 10-run rule.

Bekeris faced 18 Vikings. He walked three, allowed one hit and sent 11 enemy batters

back to the dug-out dazzled by his fastball.

Losing pitcher was Pearl Harbor's Joe Lopa. Lopa walked seven, fanned three and gave up five hits.

The big sticks for K-Bay again were catcher Dan Jefferson and 1st-sacker John Murdock. Jefferson went three-for-three and scored three runs. Murdock hit two-for-three, including a double.

Pitcher Joe Lopa got the only hit off Bekeris, a hard single to right.

Tomorrow night, the Marauders travel to Hickam for their last battle of the season. Game time is 7 p.m.

T#2—The Stripper

MONDAY

Matinee—Magnificent Seven—Excellent cowboy vs. Mexicans as Yul Brynner, Steve McQueen and Charles Bronson shoot 'em up. (127 min.)

T#1—The Proud Ones—Mild-mannered lawman, Robert Ryan, restores law and order to a town by tangling with a saloon owner, a gunslinger (Jeffrey Hunter) and the deadliest of all, Virginia Mayo—a woman. Walter Brennan is the sly one. (94 min.)

T#2—Term of Trial

TUESDAY

T#1—The Savage Guns—Rootin-tootin Richard Basehart, famous gun fighter, chases the meanies out of a Mexican village with the help of Don Taylor, violence-hating rancher. A small version of "Magnificent Seven." (90 min.)

'On Valor's Side' Is K-Bay's Top Book; Follows Footsteps of WW II Marines

By Maccine Titus
Chief Librarian

K-Bay's Book-of-the-Month is a story that all Marines will enjoy — "On Valor's Side" by T. Grady Gallant.

It's a fine, rare book about

an enlisted man's true, firsthand account of what it was like to be a Marine during WW II.

Here are fears, the moments of triumph and joy and the gamut of emotions in facing

danger and death on the battlefield.

The book avoids overdone horror themes, bedroom scenes and needless profanity. Author Gallant reveals the innermost thoughts and experiences of a band of rough and rugged men.

It follows the footsteps of men of the 1st Marine Division as they invade Guadalcanal and win for America the first land victory of the Second World War.

'Very Good' Is Overall IG Rating

noteworthy improvement shown since the last IG inspection.

Inspectors reported that there were 39 Marines requesting mast; 145 officers personally inspected; 661 enlisted inspected on the field; 182 staff non-coms stood personnel inspection; 261 laid out clothing and equipment and 665

participated in the physical readiness testing.

The final inspection report to the CMC will contain only three types of rating: satisfactory, satisfactory except for stated discrepancies, and unsatisfactory.

However, inspectors rendered a "noteworthy" rating when they consider it warranted. This evaluation is given in instances of superior performance or accomplishment.
