1966

Thanksgiving Message

LET US BE THANKFUL

Nathaniel Morton, secretary and keeper of the records for the Plymouth Colony, wrote these words concerning those memorable circumstances of the year 1620: "Being now passed the vast ocean, and a sea of troubles before them in expectations, they had now no friends to welcome them, no inns to entertain or refresh them, no houses, or much less towns, to repair unto to seek for succour; and for the season it was winter, and they that know the winters of the country know them to be sharp and violent, subject to cruel and fierce storms, dangerous to travel to known places, much more to search unknown coasts. . . If they looked behind them, there was a mighty ocean which they had passed, and was now as a main bar or gulph to separate them from all the civil parts of the world."

As one observes the "gulph" between 1620 and 1966, he is immediately impressed by the great nation which has developed from the seeds planted in Plymouth Colony. He is further struck by the vision of the people that, one day, it will be even greater. This vision is firmly based upon the bountiful natural resources of the land, and the sure confidence of a people who gave blood in two great wars and afterward gave of their material resources to repair, uphold, and protect all the civil parts of the world across the gulph.

At times we are described by others as being a boastful people. That we emphasize the material at the expense of the spiritual. The concept of the "Great Society" is presented as a goal towards which we move. Much can be said that reflects adversely, however, much more can be said that reveals the American people to be a source of inspiration for the free world. In this there is cause for pride that we have great concern for the people of the world as evidenced in the response to the Peace Corps. We hope this kind of pride never vanishes from our National scene. It is cause for thanksgiving that we can walk proudly among the nations of the world. That we can do this we owe a debt of gratitude not only to the God-given bounty of the land but to man-made institutions which let it flourish, the economic freedoms in which we labor and the political freedoms in which we govern ourselves, and the freedom for a man to worship Almighty God to the dictates of his heart.

Nathaniel Morton recorded the acts of a brave people entering the unknown with courage and a dauntless faith in tomorrow. We in the Space Age, are entering the unknown. But we can all remind ourselves that the richness of this country was not born in the resources of the earth, though they be plentiful, but in the men that took its measure. If those men, setting out from Delfs-Haven, had been dismayed by the troubles they saw around them, then we could not this Autumn be thankful for a fair land, and in the abundant hope that we have for tomorrow.

Then let us be thankful for our heritages and with pride seek an understanding of God's will for the future. . . and with courage and faith walk forward into the unknown of each tomorrow.

Ingratitude is a vice and no one respects an ungrateful person. We are irritated when our favors are accepted without thanks and we conclude that the recipient was unworthy. Usually, we are grateful to one another for favors but we are often careless and indifferent in this respect in our dealings with God.

We often take God's gifts for granted as though we had a natural right to them. If He were to heal us from some disease we would express our thanks for such a favor. Yet, we enjoy good health day by day and we seldom think of returning thanks. Everything we have is a gift from God, given to us and preserved by His fatherly care, so we have a definite duty of returning thanks. During this Thanksgiving season we should remember this and perform that duty.

A Set Of Sgts. Come To K-Bay

Don't be surprised if phone calls to both the control tower and station training are answered by Sgt. Spivy.

The latter should be more interesting because the voice is feminine - that of Sgt. Ellen Spivy, one of the two Women Marines stationed here.

The Sgt. Spivy at the control tower is the reason for the Sgt. Spivy at the training office. It is her husband, SSgt. Fred W. Spivy.

The couple arrived here Nov. 7 from Cherry Point, N.C., which is also where they met.

Although this is not the first case of a husband - wife team in the Marine Corps, it does create some confusion at times.

One example that SSgt. Spivy cited was when the couple processed through Travis on their way here.

It seems that Fred had left Ellen "standing guard" over their luggage while he took their orders to the Marine Liaison office for endorsement.

After looking over the first set of orders, the NCO on duty set them aside without comment. At a glance, however, he saw the same last name on the second set.

"He couldn't understand what was going on," explains Fred, "and finally Ellen had to come in and arrange her own transportation."

Welcome aboard to SSgt. and Mrs. Spivy - rather, SSgt. and Sgt. Spivy.

Civil Defense Sirens Tested

Civil Defense sirens will sound at 11 a.m. next Thursday. The purpose of the test is to insure each siren is operative. The entire test will be preceded at KMCAS by an announcement over the Station Public address system.

GOOD CAREER -- LtCol. G.H. Benskins, Career Advisory Officer from HQMC, discusses new developments with local career advisory personnel last week.

DEMONSTRATION FLIGHT -- Col. A.M. Moran, Station CO, takes a demonstration flight in Lockheed's rigid rotor helicopter. Explaining the operation of the craft is Lockheed's pilot Ray Goudy.

Rigid Rotor Helicopter Termed Revolutionary

Local pilots had an opportunity to fly Lockheed's rigid rotor helicopter Nov. 17 when the craft was here for demonstration flights.

K-Bay Holds Secretary Navy Demonstration

Fifteen guests of the Secretary of Navy and their escorts will view a Brigade Air Ground demonstration here Saturday.

The party will arrive at Brigade Headquarters at 10:30 a.m. and proceed to Kansas Tower for a welcome, maximum-performance take-off demonstration, refreshments, and briefings by Col. A. M. Moran, Station CO, and Col. D.J. Stapp, Brigade CO.

Following aerial refueling and Moreset landing exhibitions they move to the guerrilla training area for mine and explosives instruction before walking the mined trail.

After lunch in the field the group is scheduled at the Ulupau Crater for the air-ground fire power demonstration.

At 2 p.m. they leave via helicopter for Marine Barracks, Pearl Harbor.

monstration flights.

Dubbed by one K-Bay Marine as "The Little Rascal," the craft introduces such qualities as a high degree of inherent stability, control power and a greater center-of-gravity range than an equivalent hinged-rotor helicopter.

After taking a demonstration flight, Kaneohe-based pilots summed up the helicopter with statements of "... definitely flies more like an airplane."

Lockheed's tour director, Jack Conner, stated that "External disturbances such as wind gusts, have little appreciable effect on the rigid rotor system."

He stated that due to this stability, an aircraft carrier would not have to alter course for the craft to take off or land.

Mr. Conner also said that the "Low vibration levels and the ability of speeds higher than articulated-rotor helicopters are other features."

Among the other K-Bay pilots flying the craft were Col. A.M. Moran, Station CO, and LtCol. R. W. Cline, XO.

New Law Outlaws Oahu Hitchhiking

Hitch-hiking has been outlawed on Oahu, and offenders will be ticketed.

Ordinance 2553, subsection 15-17.7 of the Traffic Code of the City and County reads:

"No person shall stand on, walk along or otherwise occupy any portion of a public street or highway including the shoulder or sidewalk area for the purpose of soliciting a free ride from any vehicle."

Here to for, regulations did not include off-road areas.

Bus Schedule -

Scheduled liberty bus runs between KMCAS and Honolulu were inaugurated Monday. The lineup lists two weekday and three weekend and holiday round trips. No charge is involved.

Each trip departs from mess hall 1 and five minutes later leaves H&S Co., 127's building 1087. Evening schedules call for buses to start at 5 p.m. and 7:30 p.m., arriving at Armed Forces YMCA, Honolulu, at 6 and 8:30 p.m. Fifteen minutes later in each case the buses finish up at Building 190, Fort De-

Russy, Waikiki.

Return trips leave DeRussy at 11 p.m. and 1 a.m., pick up men at the YMCA fifteen minutes later and arrive at K-Bay drop off points at midnight and 2 a.m.

Weekend and holiday schedules include the above schedules plus the addition of a noon trip from the messhall that arrives at the YMCA at 1 p.m. and DeRussy at 1:15. The return leaves DeRussy immediately, the "Y" at 1:30 p.m. and pulls into K-Bay at 2:30 p.m.

Ten Twin Men (to be) Play Together Happily

Would you believe... twins in adjoining houses? ...another across the street? ...five sets in one block? ...and all boys?

The coincidental troubles might cause unwarranted hope or apprehension depending on the points of view held by young marrieds moving onto Brown Drive at Kaneohe Marine Corps Air Station. However only one case of the duodeliveries in question actually happened to families after moving into station housing here.

That was the youngest set -- Milan and Michael, born to 2ndLt. and Mrs. Don C. Lacey of 2052-B Brown Drive, at Castle Hospital, Jan. 29, 1965.

Right next door, in the duplex-type Capehart at 2052-A live the oldest twins of our story - William and George, sons of GySgt. and Mrs. William B. Baker.

Across the street at 2049-A are Wayne and Warren, 4, pride and joy of Sgt. and Mrs. Wayne W. Maffit.

Down the block is the home of SSgt. Ray S. Cuddy the family which includes three-year-olds Mark and Matthew. Just a few more steps and we find Steven and Kevin, 7, with parents 1stSgt. and Mrs. Charles L. Johnson at 2022-B Brown Drive.

Reflecting their heritages and backgrounds, the Baker pair was born at Camp Lejeune, N.C., the Maffits at Camp Pendleton, Calif., the Johnsons at Jacksonville, Fla., and the Cuddy duet at Auburn N.Y.

In a few years, according to at least a couple of the Mothers, there may be some double takes among Marine recruiting sergeants.

Bake Sale — Mokapu P.T.A.

The Mokapu PTA will conduct a bake sale Dec. 3 at the Main Exchange and Commissary. Proceeds will go toward the expense of the new intercom recently installed in the classrooms.

TRAFFIC SAFETY -- Sgt. Henry Magana, right, Honolulu Police Department explains how accidents can happen to Officer Harry Chinn, Capt. K.A. Blanch, assistant safety officer. Sgt. Magana gave a three-hour presentation on traffic safety in the theater here Friday.

MORNING CONFERENCE -- Lancer CO, LtCol. C.M. Wallace, confers with his XO, Maj. T.F. Rochford.

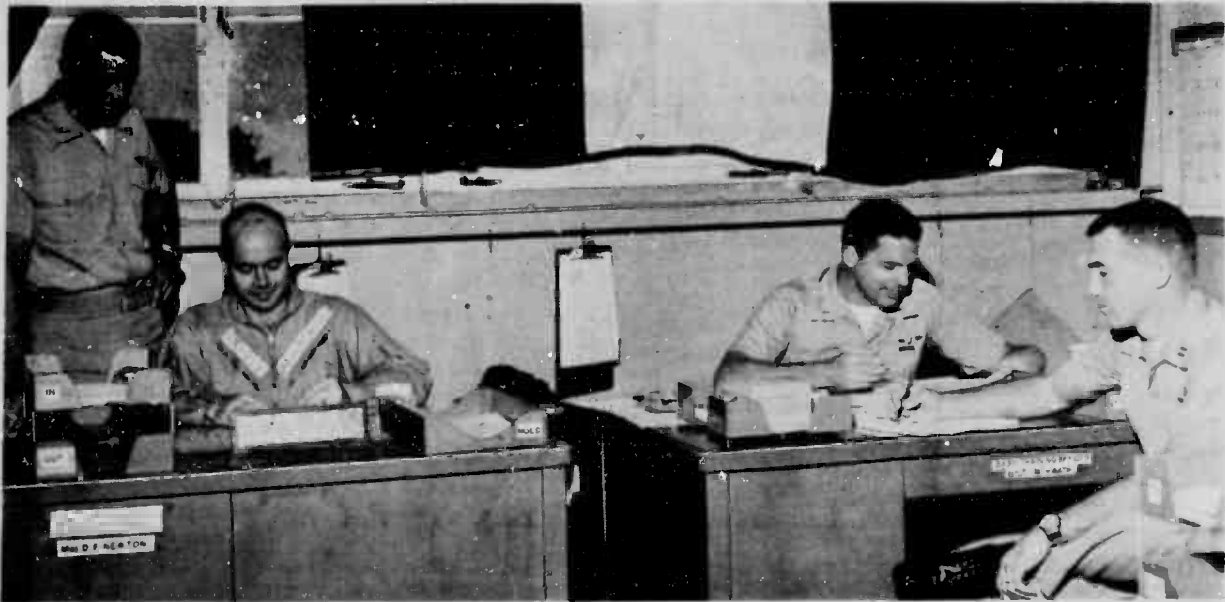

MAINTENANCE -- LCpl. Dick Bryant changes a tire on a VMF-212 aircraft during maintenance.

Colonel A. M. Moran, Station CO will be guest speaker at the bi-monthly coffee for all KMCAS Red Cross volunteers Wednesday, Nov. 30, in the K-Bay Inn Party Room at 10 a.m. Highlight of the morning will be the "capping" of all new volunteer workers.

be held at the Honolulu International Center Dec. 6-11.

LIBRARY NOTES

By Maccine Titus

The Peacemaker Colt has now been in production, without change in design, for a century. Buy one today and it would be indistinguishable from the one Wyatt Earp wore when he was Marshall of Dodge City.

Ed. Note: Sorry Max, Wyatt told me he favored a Buntline Special.

"So when a Peacemaker bullet hits you in, say, the leg, you don't curse, step into shelter, roll and light a cigarette one-handed then smartly shoot your assailant between the eyes. When a Peacemaker bullet hits your leg you fall to the ground unconscious and if it hits the thigh bone and you are lucky enough to survive the torn arteries and shock, then you will never walk again without crutches because a totally disintegrated femur leaves the surgeon with no option but to cut your leg off.

And so I stood absolutely motionless, not breathing for the Peacemaker Colt that had prompted this unpleasant train of thought was pointed directly at my right thigh."

Thus the breathless opening scene, with Calvert facing the business end of a gun, to the suspenseful moments, when eight bells toll, bears the stamp of the master storyteller.

Alistair MacLean has given us a new British Secret Service team: courageous, merciless Philip Calvert and his London-based, title-worshipping chief, "Uncle Arthur" (Rear Admiral Sir

Staff Club

Today's special at the SNCO dining room is Veal Cutlets for .75 and the fish special .65. Sundays feature will be Chicken Fried Steak \$1.25 for adults and .75 for children.

Tomorrow evening from 9-11 "The Ranglers" will play for the dancing enjoyment of the members and their ladies.

Catering service from the club is available to Staff NCO and their families. Delivery is made between 4-7 p.m. seven days a week. Call 73195 for service.

Private Christmas party reservations for group parties should be called in and made in the near future.

Arthur Arnford-Jones) whose cold forbidding manner masked a very warm heart.

For months, Uncle Arthur and his agents had been stalking a ruthless, well-organized gang of ship hijackers operation in the Irish Sea.

The "Holmwood", the "Antara", the "Headley Pioneer" and the "Hurricane Spray", each had disappeared.

They had several things in common: their crews had been removed and put ashore; each vessel had vanished without a trace; and all carried extremely valuable cargoes.

The latest victim, the "Nantesville", unlike the other ships, she carried, carefully aboard, two Secret Service Agents and a radio signal transmitter, which kept Uncle Arthur and his men informed of ship's course. Suddenly the transmission stopped. . . And the "Nantesville" was lost!

DOUBLE EXPOSURE -- Twins gang up on their Brown Drive neighbors at Kaneohe Marine Corps Air Station. From rear, left: William and George Baker, Steven and Kevin Johnson, Wayne and Warren Maffit, Mark and Mathew Cuddy, Milan and Michael Lacey.

The terrible toad finished his popo peku picking as a winner last weekend, but he's not bragging. His 12 wins 7 losses and a tie proved only one better than MSgt. Bill Rogers. That margin deadlocked him with his combined opponents -- 135 correct in 196 tries for .684 per cent for the year. However, he is one winning weekend ahead of his guests -- five winners to four losers and a tie.

For the last big pre-bowl weekend and holiday of football the guest picker is Navyman Norm Kinney, DTP-3. A member of the K-Bay all star flag team, Kinney played his high school football as a center and defensive end at Hillsdale and Jackson, Mich.

K-BAY KOPS KROWN -- K-Bay's fighting Phantoms finished first in the Bantam division.

THE PACK -- K-Bay's Packers finished termite league play with a 3-3 record.

'Necks Split Pair In League Play

The Hawaiian Marines downed the Islanders here 80-69 in a loosely played game Tuesday.

Playing without Tom Delaney or Larry Mosley, the Neck's started slowly despite good per-

formances by replacements Steve Carpenter and Bob Sutherland. A poor first half performance found the suddenly sluggish Marines leading only 35-31 over the Islanders who were without their key player, Ken McIntyre. McIntyre, most valuable player in the NIT last year and a first round draft choice of the Saint Louis Hawks, sat out the game due to a recurrent knee injury.

The Marines finally exploded early in the second half, led by the shooting and rebounding of Doug Johnson who finished the night with 24 points and 15 rebounds to lead the Haw Mars in both departments. The Neck's opened a 20 point gap early in the second half and coasted to a 10 point victory. Al Stepan with 14 rebounds and Carl Hunter with 20 points and several assists played their usual, dependable game.

Sub Pac was the scene of the Marine's first loss of the season, last Saturday. Sparked by the scoring and rebounding of John Snipe, the Navy Club eked out a 76-75 victory over the Marines.

The Neck's who started slowly and trailed throughout the first half, rallied to take a 3 point lead with less than a minute remaining. A missed shot and a stolen pass gave the Raiders 4 points, however and the Marines couldn't get a shot off in the last 4 seconds.

Tom Delaney, the season's leading rebounder for the Haw Mars, was temporarily lost to the Marines early in the game due to a hip injury when he was "under-cut" while high in the air.

WINGED ONES -- Members of K-Bay Flying Club with recently earned solo flight certificates are Mrs. C.M. Wallace (1), Cpl. R.L. Gelband and Alice Oltmer.

Flying Club Reports Changes In By-Laws

Changes in the By-laws of the K-Bay Flying Club have been announced by LtCol. L.J. Oltmer, Club advisor.

Membership in the club is now open to all active duty military members and their dependents, retired military personnel and their dependents and all civil service and non-appropriated fund employees of the Naval establishment.

Another change deals with the initiation and dues fees. The initiation and dues remain the same for the first member of each family, but are lowered for each associate of the same family. The first associate pays only 40 percent initiation fee and club dues, while the

second and subsequent associates pay 20 percent.

The K-Bay Flying Club employs the services of a full-time instructor, Donald T. Knutson, a commercial airline pilot.

Membership in the club is always open. The present Cessna 150 is flying a full schedule with the present membership. With growth anticipated, a T-34 has been requested and promised. It is hoped that the aircraft will be delivered in time for Christmas.

A larger four-place aircraft can be obtained when the size of the club justifies one.

Those interested may call LtCol. S. F. Leis, 39550 dwh or 72522 awh; LtCol. L. J. Oltmer at 73149 dwh or 72527 awh; or Maj. R. W. Diener at 73149 dwh or 253-293.

Y-Basketball Teams To Form

All boys and girls between the ages of 9 and 18 interested in playing youth basketball may register at the MCAS Gym at 7:00 p.m. on Wednesday, Nov. 30, 1966. All boys and girls must be accompanied by at least one of their parents in order to register. For further information contact Captain C.J. Rocney AWH at 253-890.

Hemi-Under-Glass' To Perform Here

The world's most popular racing vehicle, the "Hemi-Under-Glass" will be making exhibition runs at K-Bay during the week of Dec. 5. Be sure to see this highlight of drag racing.

PEE WEE VIKINGS -- The Vikings were K-Bay's entry in the Pee Wee division this season.

PANTHERS -- The Panthers, one of K-Bay's two termite league entries, finished the season with a 3-3 record.

With a Yippee-Yi-O and a "ride-em cowboy!" K-Bay's arena comes to life Saturday and Sunday for a rodeo weekend.

More than half a hundred cowboys from the services and professional ranks will be on hand for the afternoons of thrills and spills.

Horses and bulls are from the Wynn Junk-Slim Lamberts string and many once belonged to Jim Shoulders, seven times world - champion rodeo rider.

Top stars include Jimmie Miranda, Hawaii State-bull-riding champion; Tom Couch Armed Forces Rodeo Association "All - Around" Champ Al Odom, Fam-

ous rodeo clown; Bobby Komine, leading Hawaiian cowboy; and Lynn Mattocks, oldest contestant in the bucking events and a local entrant.

Among the spectacular mounts are "Mara Vista," "Dear John," and "Sand Hills". Featured bulls are "Surf Board", "Coon Rod," and "Trader Vic".

Judges include Max Smith, a leading mainland rider now living here and Ken Korkow, stockman and Marine.

The Marine Barracks Pearl Harbor Band will furnish musical selections throughout the program.

The big show begins at 1 p.m.

NOV. 26 & 27
