MNBG-E is made up of soldiers from *Armenia, Germany, Hungary, Poland, Romania, Turkey* and the *United States*.

There were three other nations involved with MNBG-E, but were TACON to the unit, those were *Austria, Italy* and *Macedonia*.

Two other countries began the mission with MNBG-E, but their missions ended and they left Kosovo, those were *France* and the *Ukraine*.

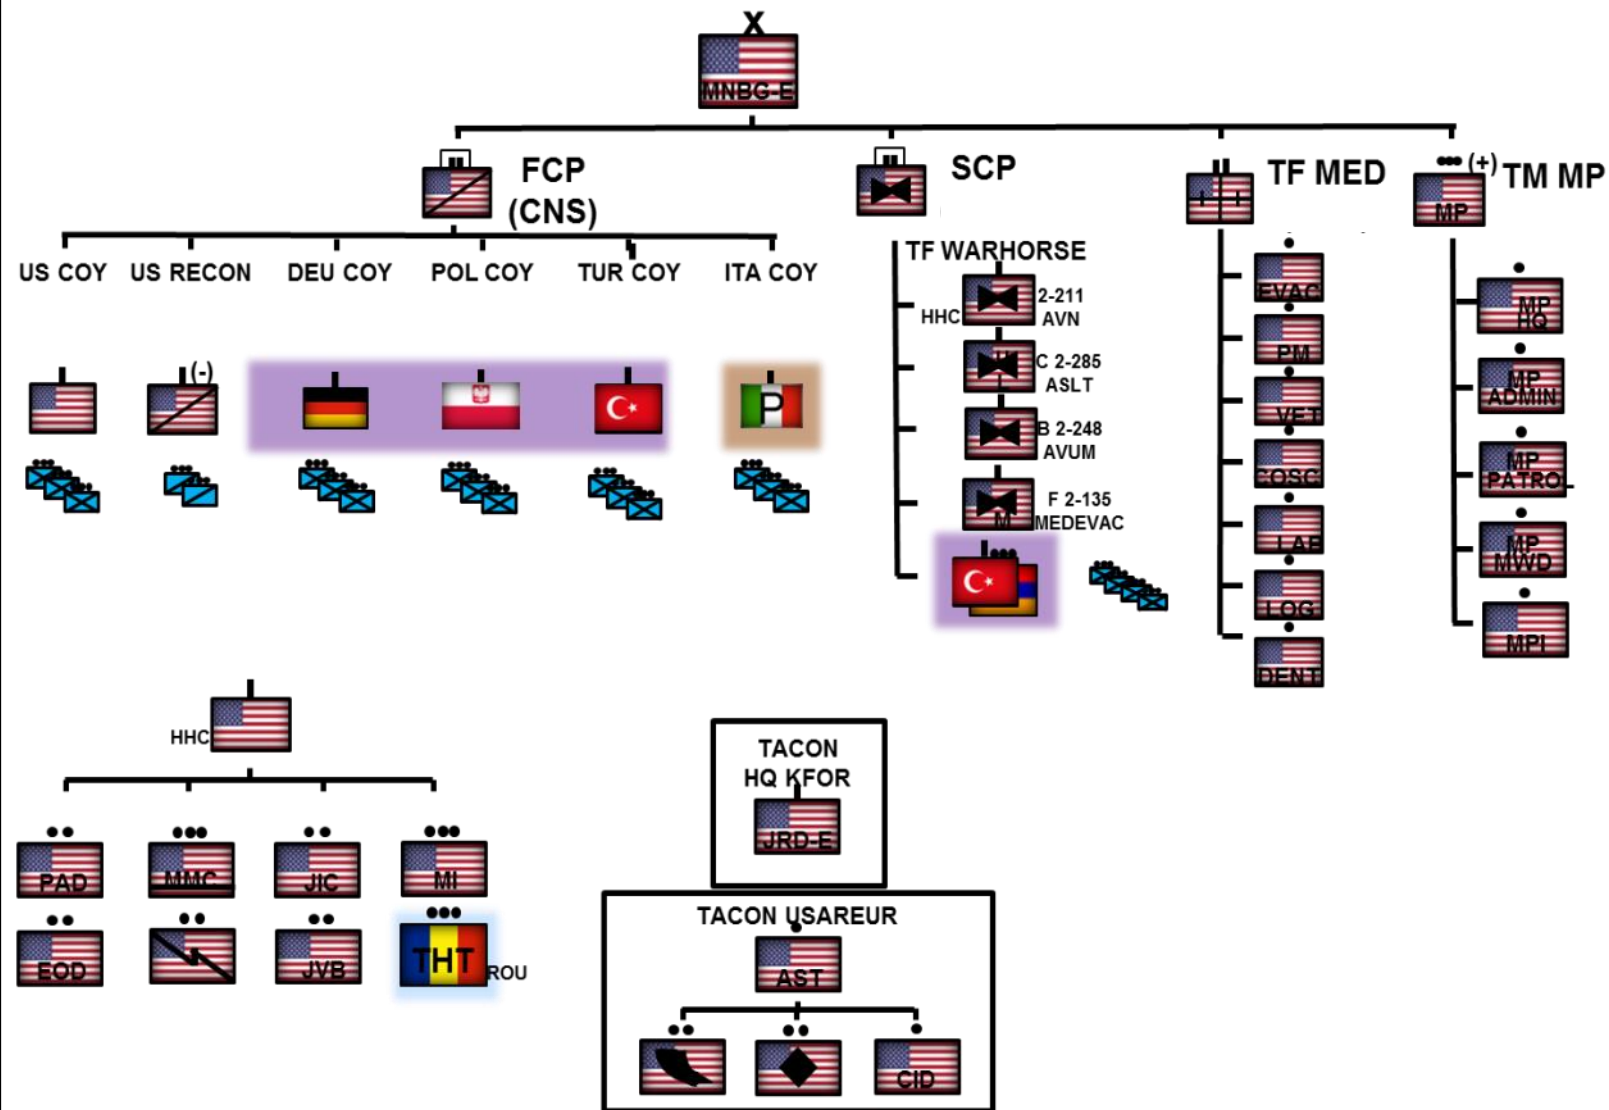

MNBG-E Home Stations

Multinational Battle Group-East conducts Peace Support Operations throughout the MNBG-E area of operations in order to contribute to a safe and secure environment and freedom of movement throughout Kosovo and, on order, transition to the Minimum Presence Phase.

MNBG-E is led by soldiers from the 504th Battlefield Surveillance Brigade out of Fort Hood, Texas, and is augmented with National Guard soldiers from *California, Florida, Indiana, Massachusetts, Maryland, Oregon and Utah.*

MNBG-E Task Organization

A FORWARD FROM THE PAO

This was a great deployment, working with such professional commands and staff, and I will look back fondly on it in later years. The Public Affairs office could not have been successful without the help of all of you, and particularly, the 11th Public Affairs Detachment.

I want to thank all the units that contributed to this yearbook and hope all of the Soldiers and Civilians that worked in KFOR -18 see themselves and reflect upon the important mission we accomplished during this Kosovo rotation.

Most of all, I hope you have the same feeling that I do from this deployment—one of great accomplishment and having done something to make the world a better place.

**MAJ Mike Wallace,
MNBG-E Public Affairs Officer**

On behalf of CSM Serna and the entire leadership team of Multinational Battle Group East (MNBG-E), I want to thank all of you for your hard work and your dedication to the accomplishment of the mission over the nine months of our deployment to Kosovo in support of OPERATION JOINT GUARDIAN. I would also like to thank the private citizens and organizations that have provided us with so much support and many wonderful resources throughout the year. Finally, I would like to recognize the support from our families, loved ones, and friends who certainly helped us throughout this deployment.

In this yearbook, we look to have created a memento of our service together that you will be able to share with your friends and family in the years to come. Our sincere hope is that you will find captured some of the many events in which Soldiers participated and that this yearbook will help you tell the story of your time as part of the United States Army's KFOR-18 Rotation.

Again, thank you for all of your hard work and commitment to accomplishing the mission. Serving with you was certainly a great privilege and I wish all of you the best of luck in your future endeavors and missions.

Always Ready!

READY 6

Charles T. Hensley
Colonel, Infantry
MNBG-E CDR

What can I say? This mission to Kosovo has shown how professional that all the participants to the KFOR-18 mission has been, balancing the real world mission with celebrations and ceremonies, liaison meetings and social events, NCODPs and training, NCOs of the month and Soldiers of the Month. The list is too long to mention them all, yet I can't imagine there is anyone with KFOR-18 that came here that will not take away something learned. Being able to keep our Soldier

'Professionalism' and complete training while executing our mission shows how high a caliber our Soldiers on this deployment are.

To all of Multinational Battle Group – East, I would like to personally thank you for a successful deployment. We came here with a mission, unfamiliar to some of us, of providing a safe and secure environment and freedom of movement to the region. You have truly excelled and made a difference here that will carry on for the future generations of the people of Kosovo.

What we were provided in return is probably much more rewarding: the opportunity to work with our multinational partners, to build new relationships with the Kosovo Forces and also the friendship of the people of Kosovo. We were made to feel welcome by the people and the respect that we were treated with at every turn should be appreciated by all. The knowledge and experience that we take home with us is immeasurable, but the friendships and bonds forged are what we will always remember.

A special thanks goes out to our families, friends and loved ones back home who have made this all possible with their continued support while conducting this mission. To our Rear Detachments, our unsung heroes, who have carried the load back home, our thanks to you is immense. Without any of them, our success here would not have been as great.

My best to you all in your future endeavors and if our paths should cross again, then I look forward to our meeting. Thanks again for a job well done and carry yourself with pride as you think back to this deployment.

COMMAND, STAFF AND PERSONNEL

STAFF SECTIONS

The MNBG-E S-1 section provided all essential personnel services, strength reporting, and human resources support for the battle group during KFOR18. Several S1 Soldiers were assigned to Camp Film City to provide key support to the KFOR command group, including serving as drivers, postal operations specialists, and human resources specialists. At Camp Bondsteel, the Personnel Services Center processed over 1,800 awards and decorations for the Soldiers of MNBG-E, including the NATO Non-Article 5 Medal for all Soldiers; provided DEERS/RAPIDS support for all US Soldiers in Kosovo, foreign affiliates, and contractors, totaling over 800 transactions; and managed personnel records and personnel actions for US Soldiers across MNBG-E.

The section OIC and NCOIC served as the primary human resources professionals on staff, providing input on manning, evaluations, promotions, and personnel actions. The S-1 shop was also responsible for chairing the Morale, Welfare, and Recreation committee with representatives from each unit and the AST; maintaining personnel accountability for all units; managing the Cup and Flower Fund, which facilitated gift exchange with multinational partner nations; organizing the 2014 Camp Bondsteel Half-marathon, which included participants from across KFOR; and serving as the main POCs/coordinators for the 2014 Skopje Marathon, facilitating the participation of over 150 Soldiers. Soldiers from the S1 section participated in the Danish Contingent March and the Skopje Half-Marathon, as with the monthly MWR 5K races, and were active members of the CrossFit KFOR class.

S4 SECTION SUPPLY

The S4 section consisted of an OIC, Deputy, and NCOIC which supervised daily activities in the Material Maintenance Center (MMC), Strategic Mobility, Supply & Services (S & S), Supply Support Activity (SSA), and Property Book Offices. In addition, the S4 section had the privilege and genuine pleasure of working with two different Polish Liaison Officers. There were many accomplishments from nineteen (19) personnel within this section.

Multinational Battle Group – East (MNBG-E) received six (6) poorly maintained M1117 Armored Security Vehicles (ASV) two weeks after KFOR 18 arrived in Kosovo, February 2014. The ASVs were requested by KFOR 17 in support of the Forward Command Post (FCP) as an operational need for crowd and riot control (CRC). MMC developed a plan to repair ASVs back to 10/20 standards, plus safety in May. By mid-June, 186,000 Euros worth of parts were placed on order, mechanics were requested forward to repair, with the parts and special tools expedited. The MNBG-E Commander's goal of having four (4) ASVs operational for Driver's Training were accomplished by mid-September, with a total of five(5) ASVs fully mission capable (FMC).

The MMC staff reconciled two major data systems during the KFOR 18 rotation. The Army Maintenance Management Equipment Data Base (TEDB) System to accurately reflect U.S. equipment on ground in Kosovo. This is significant because some of equipment in this database had not been updated since 1999 when Camp Bondsteel was established. The other system reconciled was the SAMSE/PBUSE data, which also had not been addressed in multiple rotations.

A part of daily operations, S & S processed multiple requests for Rough Order of Magnitude (ROMs), Notice to Proceed Requests (NTP), and Limited Technical Detail (LTD) memorandums to the Kellogg, Brown, and Root Service Contractor (located at Camp Bondsteel) for a wide variety of support.

The S & S section provided LOGPAC security and supervised for over 28 LOGPAC missions to two (2) camps and one forward observation post with delivery of Class I, III and life support necessities for over 650 Soldiers.

The Food Service NCO processed over 375+ Food Service Supply Requests (FSSRs) during the nine month rotation. These included special requests for organizational day meals and special meals for units conducting training outside the normal dining facility hours or vicinity. Monthly DFAC meetings were a part of normal operations, gaining excellent feedback from all unit participants.

Team members routinely submitted packets for renewal to the Joint Acquisition Review Board (JARB), which enabled the continuance of many contracted services. The members voted with other Camp Bondsteel participants on improvements to the local area, provided valuable feedback to requested packets, and assisted getting funding approval on packets for a wide range of services to the MNBG-E area of operations.

A highlight event during the KFOR 18 rotation was the planning, execution and logistics support for closure of Camp Gate 1 in the northern part of Kosovo. Coordination with the KBR staff and the Joint Logistics Support Group (JLSG) in closing this camp enabled the MNBG-E to support NATO/KFOR to reduce Allied Support throughout Kosovo as the country is able to support itself.

The Mobility Section supported a multitude of transportation requirements in and out of the Kosovo area of operations. Over 224 CASO flights were coordinated, executed and supervised, varying from Naples, Sarajevo and Wiesbaden. Highly skilled in deployment/ redeployment operations, the mobility team assisted with the movement of five (5) multi-national partners (Armenians, Moldovans, Slovenians, Austrian and Romanians) in/out the KFOR Theater of operations. Supervised, coordinated and executed 13 military flights for KFOR 17, 18, and 19. They also supported four (4) airborne jumps to include one (1) night jump.

To their credit, Mobility expeditiously coordinated and executed the air movement for a deceased soldier during this deployment. Air lift was received 48 hours faster than required for an incident of that nature.

Movement totals equal 3,368 passengers, 1.1 million pounds of cargo, and 229

flights into theater. In addition, transportation was coordinated for 80 early redeploying soldiers from theater to home station, more than 31 soldiers from theater to home station to support their families for emergency leave, coordinated the escort process for five soldiers returning to home station. Tracked and coordinated with Rear-D the movement of 54 late deployers into theater. Troop movement was also coordinated upon arrival to FH A/DACG with the Rear-Detachment.

More than 452 Transportation Movement Requests (TMRs) were planned, coordinated and executed in support of all Battle Groups units in order to sustain operations, and processed over 35 service orders which are required when TMRs do not support the operation and NTPs are not necessary IOT complete the mission.

Planned, coordinated and executed the movement of 1176 cases of MREs to AF-RICOM; valued over \$120,000.

Transportation was coordinated and provided for four Joint Exercises with NATO allies.

Line haul movement coordinated for 216 containers from CBS to Port of Bremen-haven to redeploy via SURFACE.

Camp Bondsteel is the first ever, forward deployed SSA to implement the Global Combat Support System-Army (GCSS-A). The successful implementation of this program will allow Department of the Army to work out glitches within the system prior to deploying it to other theaters of operation.

The SSA and SASMO operations ensured that property and shipments in and out of Kosovo were expeditiously executed. Over 250 requested high priority (Hi-Pri) aviation parts were coordinated with agencies outside of Camp Bondsteel. \$3,645,473.78 worth of Hi-Pri parts processed 7 days a week, 24 hours a day.

During JMRC, the S6 section displayed confidence through our knowledge and guidance in managing the Brigade's strategic operational communications for over 550 users that deployed to Kosovo.

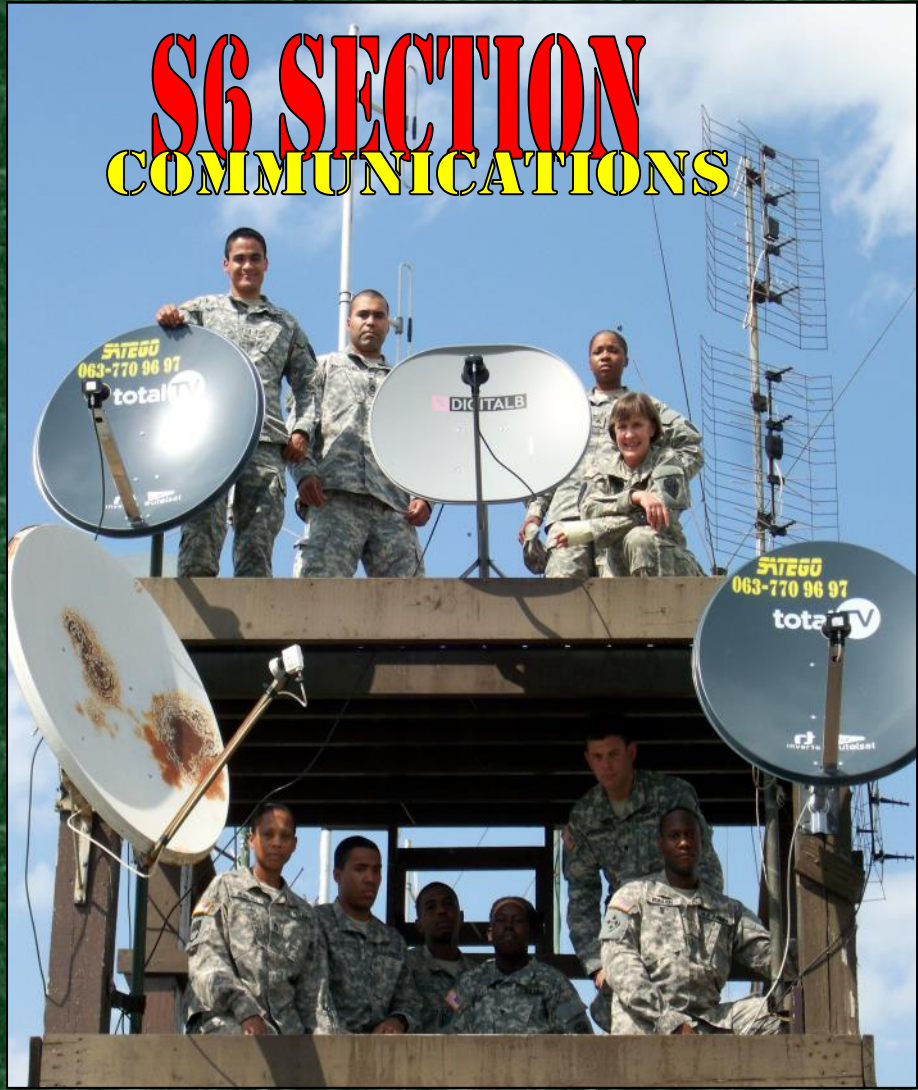

The section successfully planned and tracked over 100 systems through the Life Cycle Replacement (LCR).

MNBG-E KFOR 18 COMSEC account received a Satisfactory rating on Communication Security Logistic Activity (CSLA).

MNBG-E KFOR 18 was the first to establish Command Post of the Future (CPOF) systems utilizing SIPR EUR backbone. By doing this, MNBG-E HQ was able to manage Mission Command between Forward Command Post (FCP) and Southern Command Post (SCP).

Established the first MNBG-E Operation Security (OPSEC) program.

S6 SECTION COMMUNICATIONS

S7 SECTION EFFECTS

S7 Section contributed to 33 KFOR Joint Effects Coordination Cell JECC meetings in order to provide necessary inputs to assist the KFOR staff Area Intelligence Responsibility. S7 Section accomplished integration and execution of 17 seventeen Effects cycles.

The section assessed over 184 Kosovo Security Organization (KSO) events. It also accomplished 23 Coordination meetings with Joint Regional Detachment Info Ops Liaison Officers and attended 165 intelligence synchronization meetings in order to synchronize the S2 section and the S9 section with the Effects section in building products for the Effects cycle. JIC SECTION

JOINT IMPLEMENTATION COMMISSION

The JIC serves as a military diplomat special staff performing liaison operations with Joint Serbian Forces (JSF) on behalf of KFOR. They are responsible for advising MNBG-E on policies and issues regarding any activity along the Border with Macedonia and the Administrative Boundary Line (ABL) with Serbia.

Ensures the overall compliance with the provisions of the Military Technical Agreement (MTA) and the UN-SCR 1244, in order to provide a Safe and Secure Environment for all citizens of Kosovo.

They schedule, coordinates and tracks all synchronized patrols with JSF and joint patrols with Kosovo Border and Boundary Police for MNBG-E, its elements from 10 different nations and KFOR HQ. The JIC investigates any acts of non-compliance or violations of the MTA. Participate in investigation with the KBBP upon request to identify smuggling operations and TTPs used by smugglers in the northern area of interest. Conducted over 30 coordination meetings with the JSF and dozens of joint reconnaissance's and ABL incident investigations.

PAO SECTION PUBLIC AFFAIRS

- Liaisoned with local, national and international media outlets and opened dialogue between the outlets and MNBG-E to create a free-flow of information that will alleviate misreporting in the future.
- Produced over 50 products which were marketed to over 6,000,000 people worldwide
- Composed and wrote speeches for ceremonies and lectures
- Assisted KFOR Public Affairs with media advice
- Assisted in pushing out all command messages and assisted the local Rotary
- Ensured NG Soldier's stories were pushed out

SAFETY

The Safety Office oversaw the workings of MNBG-E to include all safety aspects of operations, training, living conditions and extra-curricular events for all assigned to the KFOR-18 rotation. During the rotation, there were no safety violations

Revamped the KFOR Army Health Support System that led to the successful MEDEVAC of more than 20 Soldiers. Developed the analysis and plan to downgrade US Medical Capabilities on Camp Bondsteel when approved, will lead to a cost-savings of approximately \$1.3 Million. Led and synergized a joint inter-agency combined effort (KFOR, NATO, US Embassy, KSF) to train and equip the KSF with Role I Capability; the project is priced at \$2M and includes 545 pieces of Role I equipment. The US Embassy, SHAPE, and EUCOM have adopted the plan to use in supporting Role I development throughout Europe. Developed the EFMB Training Plan for the Battle-Group, which included instructions on Unit level training and a Pre-EFMB event on Camp Bondsteel in which all key EFMB tasks were trained and assessed.

Pivotal to MNBG-E achieving the highest EFMB pass rate of any Unit within USAREUR (7/8 Soldiers passed). Created and headed the first MNBG-E Health Promotion Council; this effort has led to an increase in medical readiness by over 10% since pre-deployment. Led, developed, and planned the MNBG-E Combat Lifesaver program across the MNBG-E, training more than 100 US and Multinational Soldiers. Developed combined KSF Medic Instructor Course which taught over 20 KSF Instructors on how to conduct Medic Sustainment Training in accordance with US and NATO doctrine.

- Conducted multiple ranges for our German brothers and sisters in arms.
- Participated in GAFPB (79 awardees), Schutzenschnur (61 awardees), DANCON, and other events.
- Trained KSF TRADOC instructors on optics and zeroing.
- Developed a Leader Reaction Course that is now a required event for KSF ALC and initial entry training.
- Provided the initial analysis for the KSF to begin creating Senior Leader Courses for 3 MOSs.

FORWARD COMMAND POST

KFOR 18

CAMP NOVO SELO KOSOVO

Decisive Operation: Combat Readiness:

Executed a training strategy to prepare the Squadron to deploy to JMRC and Kosovo in support of the NATO KFOR 18 mission.

- Focused the LRS Company on the Maneuver Coy mission which consists primarily of small unit battle drills, live fires, and Crowd and Riot Control (CRC) operations.
- Focused the Cavalry Troops on the Liaison and Monitoring Team missions by conducting off-post assessment exercises of local government agencies, driver's training, and advance 9mm marksmanship.
- Certified for deployment by the JMRC cadre during Rotation 14-02A.

TF MED

TASK FORCE MEDICAL

6,432 Hours continuous Medical Operations (24/7 Response)

S-1- Administratively processed over 60 leave forms, 62 personnel actions, updated over 50 ERB/ORB and 50 awards. As Mail Clerk, processed and delivered over 700 articles of mail. Assisted BDE S1 in the processing of 150 CAC card issues and was chosen as recorder for several Promotion Boards and NCO/SOQ Boards.

S-3- Over 320 Ground Movement Requests processed and tracked. Over 15 Air Movement Requests processed and tracked. Coordinated and executed over 20 Emergency Air Medical Evacuations. Coordinated and executed over 5 ground Medical Evacuations. Coordinated with EULEX Mission Control, created and implemented EULEX MEDEVAC request form, thus effectively creating new MEDEVAC partnership and adding new MEDEVAC capabilities.

S-4- Accounted for 4.3 million worth of TDA Property and over \$70,000 of Organizational Property. Procure over 1,400 items through USAMMC-E for patient use totaling \$263,897.49. Managed 100% of all TF MED Tactical and Non-Tactical Vehicles, ensuring over 300 Ground missions were successfully completed. Implemented Arms Room Improvements for TF MED to ensure Arms Room compliance.

S-6- Completed over 400 individual communications/IA tasks and corrected over 50 computer issues across the Task Force. Kept signal systems operational over 97% of the deployment.

PHARMACY- Dispensed or issued over 4000 medications, removed \$41,071 worth of expired product, facilitated the procurement of over \$20,000 worth of Influenza vaccine for MNBG-E, dispensed over 848 OTC medications, and dispensed almost 100 smoking/tobacco cessation products.

COMBAT STRESS- Seen 125 individual service members, 550 individual encounters, and 6 critical cases evacuated, and offered Smoking Cessation classes leading to 35 individuals engaging in the program.

SURGICAL- Treated 42 Patients for surgical conditions, removal of 4 tumors with one urgent surgical case, one semi-urgent case, and 30 minor procedures performed. Donated over \$15,000 worth of laparoscopic simulation equipment to the University Clinical Centre of Kosova and over \$30,000 of expired supplies to help train the Kosovar medical students.

DENTAL- Treated 370 Patients; 230 Emergencies, 121 Endodontic Treatment, and 25 Extractions. Treated 80 Polish, 3 Croatians, 11 Civilian/Embassy/peace corps, 13 Portuguese, 2 Armenian, 2 Romanian and 1 Irish Soldier. Planned, facilitated, and distributed dental products for humanitarian assistance for multiple organizations.

PHYSICAL THERAPY- Examined and treated over 300 US and Foreign Soldiers. Kept multiple Soldiers in country to carry on the mission saving multiple countries thousands of dollars.

SICK CALL- Treated over 2500 US patients, 150 DOD personnel, 76 Foreign KFOR Soldiers, and inoculated over 1200 Soldiers and US Civilians with the FLU Vaccine.

RADIOLOGY- Diagnostically imaged 438 patients and performed 67 CT scans to include imaging of one German Sheppard Military Working Dog.

LABORATORY- Analyzed over 1700 samples and shipped 150 samples to Landstuhl Regional Medical Center in Germany for further analysis.

PATIENT ADMIN- Scheduled 73 appointments with outside hospitals and diagnostic centers, coordinated 58 medical evacuations by air, and ground tracked 2517 patient encounters.

MEDICAL MAINTANCE- Successfully returned over \$200K for redistribution, completed 168 scheduled and 49 unscheduled services.

EMERGENCY OPERATIONS- Successfully treated 7 foreign patients during a MASCAL. Assisted in the coordination of several emergency patients to higher echelon treatment facilities.

EVACUATION- Executed 8 ground evacuations, four to the Sistina Role IV and four to Prizren Role III, provided coverage for 6 Airborne Operations.

ICU- Treated 9 patients, two with a three night stay, three with a two night stay, and four with a 24 hour stay. Provided over 300 man hours of care to the sick and injured.

FORCE HEALTH PROMOTION- inspected over \$4,700,000 worth of food, Operational Rations, water and other subsistence, and executed over 420 food, water and environmental health inspections, discovered a potential disease causing pathogen. Facilitated a world-wide food recall and extended MNBG-E Operational Rations enabling shipment of over 43,000 meals to Bosnia and AFRICOM, saving DLA more than \$313,000.

VETERINARY CARE- Provided medical and surgical care to US and NATO Military Working Dogs; began providing the Ukrainian Army complete veterinary medical support; trained with NATO partners, inviting the German Bundeswehr Veterinarians and medical personnel, Austrian medical staff, Ukrainian MWD Team, and Ukrainian medical personnel; engaged the Food and Veterinary Agency and National Institute of Public Health in Kosovo to develop and support projects to improve Host Nation public health capabilities. FHP engaged with KFOR Joint Medical Division and the Bundeswehr Veterinarians and Laboratorians in Prizren to leverage their Veterinary and Food Laboratory, developed enduring environmental health surveillance systems, and eliminated redundant inspections of forward operating sites by synchronizing responsibilities and laboratory testing schedules. To support institutional capacity building in the HN, we collaborated with the EU and the Kosovo Food and Veterinary Agency (KFVA) on several mil-civ interagency projects. Participated in an ongoing program to eliminate terrestrial rabies from Kosovo through distribution of oral rabies vaccine and conducted passive surveillance on Camp Bondsteel and Gate 1. Identified a lack of national food safety standards and food safety training and then engaged with the KFVA to initiate a plan to address this capability gap. Solicited support from an internationally recognized private foundation to donate food safety training software and further assist KFVA in developing their personal food safety code and food handler training program.

VOLUNTEER WORK- Collected toys for children in excess of \$500, assisted the women's shelter by donating hygiene items worth over \$200 as well as serviced their only vehicle, ensuring drivability. Bought and installed a new refrigerator and light bulbs for their shelter. Accumulated over 150 hours of volunteer time for TOFEL students and over 40 hours of work for Gjilane Woman's & Children's Center.

TRAINING- Provided over 20 hours of lectures time, accomplished a 75% pass rate at EFMB, coordinated for the Telemedicine lecture series at University Clinical Centre of Kosovo, trained over 75 US and Foreign Soldiers in Combat Life Saver Skills, trained 30 Soldiers in Field Sanitation, and trained countless hours of basic medical skills to US and Foreign troops.

Over 15 COMKFOR, USAREUR, CSM KFOR, MNGB-E Coins rewarded, Over 5 Impact AAM and ARCOM Medals received, 12 Soldier Promotions, 7 Soldiers earned Promotable Status, 7 Full Scale Force Protection Exercises (Active Shooter, Insider Threat, VBIED, Suspicious Package, Down Aircraft and two MASCAL), 4 Ranges (Schutzenschnur, M9, M16, M9 Qualification), 1 EST Range (Shoot / No Shoot and Qualification on M9), 1 Land Navigation training event conducted, 2 MWD Hoist training events with SCP, 2 CLS courses taught, 1 CLS Refresher taught, 195 SUBs Attended, 39 CUBs and OI&T's attended and briefed, 39 Force Protection Working Groups attended and briefed, 21 Threat Working Groups attended, 9 – 100% Inventories completed, Participated in several weightlifting competitions, 1 softball league, 1 Commander's Cup competition, two karaoke contests, several basketball tournaments, several volleyball tournaments, 2 soccer tournaments, Marathon and Half Marathon in Skopje, DANCON, Calvary Stampede, 2 WLC Graduates: 2 Distinguished Leadership Award Winners, 1 Commandants List Graduate.

PREDEPLOYMENT

The 504th Battlefield Surveillance Brigade conducted an exercise in November at Fort Hood, then units began arriving to supplement the Brigade in December at Fort Hood.

After the pre-mob activities were finished, the unit was complete and then accomplished three weeks of training at the Joint Multinational Readiness Center in Hohenfels, Germany in January, 2014. The brigade was joined by several of their coalition partners in preparation for their upcoming deployment to Kosovo.

The brigade's training ranged from hosting key leader engagements to conducting media interviews. They also faced scenarios that tested their ability to work together as a multinational team and respond to crowd and riot control events.

The training allowed for soldiers to understand the operational environment, the culture within Kosovo and be ready to conduct peace support operations in order to maintain a safe and secure Kosovo.

The command and staff supported many civic organizations in Kosovo during the KFOR-18 Tour.

They dedicated many hours of their free time to better the lives of the Kosovo people, and even donating money. MNBG-E donated \$500 from the Soldiers of the command.

KFOR-18 ROSTER

This last section of the yearbook is the listing of everyone that served with MNBG-E.

The rosters have come from each command's personnel section.

The mission could not have been successful without everyone doing their part as one team!
