

# 310th Sustainment Command (Expeditionary) Sustainer News

March 2017

## LEADER COMMENTS

### BG Vincent B. Barker

Greetings! I hope this finds the Soldiers, Staff and Families of the 310th ESC well, and that you and your Families had a great and restive holiday season! Now that 2017 has begun, and with it a new opportunity to focus on Readiness, I would like to take some time to reinforce the concepts of Operational Readiness and maintaining our Resilience in the face of a high OPTEMPO and the demands of Family and professional requirements.

The 310th ESC is at the forefront of logistical operations and training for the Army Reserve. Our Mission to plan, provide, monitor and control operational-level Sustainment Operations has

made the Command the hub for logistics support for operations at home as well as abroad. Right now we have several units deployed, such as the 313th MCB, or in the process of mobilization for deployment, such as the 497th CSSB... [More...](#)

### CSM Scott A. Hinton

It is a privilege and an honor to serve as the interim CSM and senior enlisted advisor for the 310th Sustainment Command (Expeditionary) and our Sustainer Soldiers. I have been traveling across our Command and each time I stop to visit one of our units, I am impressed by our Soldiers and the motivation and Army Values they display. I deeply appreciate our Soldiers and their commitment to service to our great Nation, and look forward to meeting the challenges and celebrating the successes of the coming year. Having just returned from the 2017 310th ESC Best Warrior Competition at Fort A.P. Hill, Va... [More...](#)

### Chaplain, 310th ESC

#### Words of inspiration from the 310th ESC Chaplain

by: Maj. Doug W. Hedrick , Chaplain, 310th ESC

As 2017 begins, I would be curious to see if your life is anywhere close to what you thought it would be? For most Americans as they move further into their adult lives, they too often come to the painful conclusion that their lives do not look at all what they thought it would be. This realization can often produce emotions like disappointment, regret and resentment. Life gets busy and dreams are often put on hold, but you know what, no matter how old you are or what life has thrown at you, it is never too late to pursue your dreams.... [More...](#)

### Command Chief Warrant Officer (CCWO), 310th ESC

#### 310th ESC Warrant Officer Call to Action!

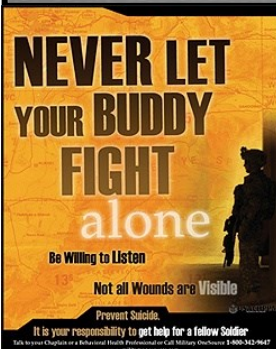

<http://www.webster.edu/military>

by: CW4 James E. Savage, CCWO, 310th ESC

We are at a junction in the Warrant Officer Corps that is critical to our survival, and we need everyone's help. I ask you this with the understanding that some of our MOS's are at Max and we will not see CW5 as a result, but I also ask that you consider the long term effect of not fulfilling our lower ranks and the result of that in an ever decreasing Army.

#### Army ACE Suicide Intervention Program

The *Army ACE Suicide Intervention* (ACE-SI) Program is a three-hour training that provides Soldiers with the awareness, knowledge, and skills necessary to intervene with those at risk for suicide. *ACE* stands for *Ask, Care, and Escort*. The purpose of *ACE* is to help Soldiers and junior leaders become more aware of steps they can take to prevent suicides and confident in their ability to do so. The class must take place in a classroom environment. To coordinate a class, please contact your Suicide Prevention Program Manager at (office) 317-377-2222 or Email: [terri.j.lee.civ@mail.mil](mailto:terri.j.lee.civ@mail.mil), [More...](#)

### 310th ESC Military History

#### Army History March 2017

"The patriot volunteer, fighting for his country and his rights, makes the most reliable soldier upon earth," General Thomas J. (Stonewall) Jackson.

This quote holds true as much today for all Soldiers as it did centuries ago. The modern Army Reserve Soldier and the Soldiers of the 310th Sustainment Command are the most reliable force provider. [More...](#)

### 310th ESC Safety

#### Sustainer Safety! by: Mr. John Clark , Safety, 310th ESC

Motorcycle riders, the following excerpt is taken from the updated 310th ESC Motorcycle Rider Program Guide. The complete guide can be found on Sharepoint at:

<https://xtranet/sites/310esc/SpecialStaff/Safety/>

Soldiers are required by AR 385-10, The Army Safety Program; USAR 385-2, The United States Army Reserve Safety Program; and the RSC Motorcycle Program Riders Guide to complete Motorcycle Safety Foundation (MSF) hands-on training if they operate a motorcycle, moped, motor scooter, or ATV. The training requirement is first to complete the Basic Rider Course (BRC), after one year complete the Experience Rider Course (ERC) which is also known as the Basic Rider Course II (BRC II), and every five years thereafter complete the BRC II.
