## When the thunder rolls weather flight is in control

By Senior Airman Robert L. McIlrath

For most people, figuring out if a jacket or an umbrella will be needed for the day simply means looking at a smartphone's weather app and then making a decision. But for the 80th Operations Support Squadron Weather Flight, the decisions made based off a weather forecast involve a lot more pressure.

## SAFETY CORNER

### IS YOUR VEHICLE SAFE?

by Mike Seekamp  
82nd Training Wing Safety Office

*Did you know that more than 37 million vehicles have dangerous recalled airbags?*

*Is your vehicle one of those? What about other defects that may be lurking in your vehicle? The National Safety Council has an easy Vehicle Identification Number (more commonly known as a VIN) Tool that is sure to make your day!*

*Simply enter the 17-character VIN into the website and press enter! The results are almost immediate and will indicate any open recall on your vehicle (based on the VIN).*

*How to find your VIN:*

- On driver's side dash
- Inside driver's door
- On registration or insurance card

*As a reminder:*

- Recalled airbags can cause injury or death.  
*In a crash, defective airbags can spray sharp metal fragments. Schedule your FREE repair today.*
- Don't assume you'll get a recall notice by mail.  
*It can be difficult for manufacturers to find and alert you, especially if you own an older or used vehicle.*
- Ignoring a recall can lead to costly damages.  
*Getting your vehicle fixed is free. Contact any dealer for a repair appointment and to confirm that parts are available.*

## Time to prepare for EOY process

Although it feels like we just closed out Fiscal Year 2018, the current fiscal year closeout will hit you before you know it. Unit resource management and mission requirement owners should begin working with the 82nd Contracting Squadron as soon as possible to start building their End-of-Year requirement list. If you are aware of a requirement, it is never too early to begin preparation and coordination with your local contracting and finance offices. In fact, the earlier you are prepared, the more likely your chances are to receive additional funding for requirements prior to end of year should funding come down. The earlier a requirement is identified, the earlier the acquisition process begins, the greater the likelihood of success to create more positive opportunities for your organization to achieve project goals and objectives. Units are encouraged to have their requirements completed and submitted by June 17, 2019.

## Recruitment & Cross Training

Are you thinking considering cross training? If you find yourself at a career crossroads, and are interested in learning more about the Manpower career field, give us a call or stop by, we will be glad to discuss it with you further. If you possess a strong desire for outside the box thinking, are currently in a balanced or over-age AFSC, and in the grades of E-4 through E-7, with 4-to-15 years of service, you might be qualified for this opportunity. Contact Jim Getchell at 676-4935 to find out more.

## Finance Office Hours

The Finance Office will be closed for training every third Wednesday of the month beginning on Jan. 16, 2019. Customer service hours on those days will be 1-4 p.m. As a reminder, customer service hours are 9 a.m.-4 p.m. Monday-Friday, with Tuesdays from 4-6 p.m. reserved for our AiT population. For more information call 940-676-4866.
