PWD goes Back to the Future

UT1 Selvera made this classic Flux Capacitor from the Movie Back to the Future for a epic opening of the PV Farm.

Advancement Results

Congratulations to the Seabees who advanced to the next paygrade! (Pg. 13)

RUNNERS-UP

@ TRUNK-OR-TREAT!

Seen on the bottom photo is Christine Wallace, Environmental Programs Director (left) and Jill Sears, Conservation Branch Head (right) participating in Trunk or Treat with their “Mutant Chameleon” themed trunk. They also in an entertaining way raised awareness about the protected species that can be found here on base. Congratulations on winning 2nd place it was well deserved. Great Job Christine and Jill!

RSV SUPPORT

Crane Crew is seen raises hazmat barrels onto USS Roosevelt in support of ship lubrication applications (bottom photo). Prior to lifting operations, EO2 Smith provides a safety briefing to ensure that the crew is aware of the upcoming plan of operations (top left photo).

EO3 Roney is seen on the bottom left photo providing hand signals to EO2 Smith during lifting operations, and EO2 Smith loads hazardous barrels onboard the USS Roosevelt on the right photo.

(Photo and Article by EO3(SCW/EXW) Jackson)

EO2 Smith has been leading EO3 Roney, EO3 Jackson, and CM3 Zeschin in the retrograde and removal of the Camp Soviak fence line left over after Operation Allied Refuge. This group of high-speed motivators has been on track with removing, backfilling and compacting 150 feet of fence line per day! When you see these guys, give them a BZ!

PV FARM IS ON!

NAVSTA Rota Commanding Officer, CPT Baird addresses NAVFAC and SIEMENS employees alongside PWO, CDR Dunaway at a ribbon cutting and commissioning ceremony for a new 5MW Photo-Voltaic Solar Farm.

WE'RE DEFINITELY GOING GREEN!

The Navy's push for green energy has led to the commissioning of this 5 MW photovoltaic or PV solar farm. This farm is intended to decrease external power dependency and support the bases power infrastructure. The new PV plant is estimated to save 20-30 million dollars by the end of its lifecycle.

PWD ROTA FOOTBALL TEAM 2021

PWD Rota's Football team has been competing against all commands from NAVSTA. They have played so many impressive games. Currently they're 2-2-1 and beginning to prep for the playoffs that are going on the weekend of Thanksgiving. The team consists of (Left to right) EO1 Lindsey, UT2 Ochoasevilla, EO2 Smith, UT2 Gonzalez, LT Lee, LT Frazer, CM1 Henriquez, CE2 Neubauer, CECN Fischer, and UT1 Nullmeier. The team has had a blast playing on Mondays, and Wednesday's every week and continue to improve their skills. Most of the team has experience playing football, but some have never played before and that can be pretty interesting to watch. We wish them good luck on the rest of the season and the playoffs! (Photo by LT Lee, article by UT1 Nullmeier)

Seen here is UT2 Gonzalez, and UT2 Ochoasevilla pushing the attack against the opposite team.

(Photo by LT Lee)

CECN Fischer is seen here heaving the ball on a throw in.

(Photo by LT Lee)

CFL's UT1 Nullmeier and CE2 Washington are seen here facilitating the newest portion of the PRT. The plank. What was once a social networking craze or "challenge" is now a staple in The United States Navy's Physical Readiness Test. Although the plank does not count for or against us this cycle we still saw a few people going as far as 4 minutes. (the max is 3:40) There was some uncertainty as to how the plank would fit in but hopefully this cycle gave you a better feel of the PRT's to come and we can be fully prepared for the cycles ahead.

PWD Rota 'Bees Conduct PRT

FOUR MORE YEARS!

CE2 Cutter Bullen shakes hands with the Oklahoma native, LT Daniel McCarthy following CE2's re-enlistment for another 4 years. CE2 is heading to Tinker AFB just outside of Oklahoma City, OK in January 2022 which happens to be LT McCarthy's hometown. PWD Rota thanks you for all your hard work and wishes you well in the future.

HOO-RAH Seabee!!!

(Photo and article by CE2(AW) Neubauer)

Zeschin Re-Enlists

LT Daniel McCarthy swore in CM3 Austin Zeschin for a re-enlistment of 6 years. CM3 is heading to SCW-1, located in Tinker, Oklahoma. For the last three years, he has been with PWD Rota, where he has worked closely with our transportation department. He was the PM manager throughout his tenure here, and he performed routine maintenance on government vehicles as well as troubleshooting. PWD Rota thanks you for all your hard work and wishes you the best in your naval career!

PWD Rota Mechanics Shop Support the Fire Department

PWD Rota, in conjunction with the Naval Station Rota Fire Department , conducted annual pumping test and certification on various fire trucks assigned to this base as directed by the NFPA 1911.

This was performed at the Fire Department Training Compound while the Fire Department was conducting a Live Fire Joint Training with Moron Firefighters.

These kind of tests are highly important to ensure fire pumps deliver the correct amount of water at the rated pressure.

This type of testing helps to detect any significant failure forcing the pump to its highest performance level..

In the picture above, PWT Inspector Alberto Vazquez and Battalion Chief Javier Arellano are seen here conducting the test. The below picture shows the Moron Air Base Firefighters conducting the training.

STALINGRAD IS BACK ON

DID YOU KNOW?

STALINGRAD
Stands for:
Significant
Topics
Administrative
Logistical
Incorporating
Necessary
Governance
Resolving
All
Dilemmas

PWD Rota's Senior Enlisted Leader BUC(SCW/EXW/IW) Brian Wong brought back STALINGRAD meeting on December 9th, 2021 as a part of the regularly scheduled discussion among E-5 and above Seabees and GS/LN civilians that may have Seabees working in their division or branch. The purpose of the meeting is to discuss manning in the critical divisions/branches and how Seabees can be best postured to support the mission during peacetime and possible wartime. This meeting originally started after the 2017 DE-OCS Survey as a way to improve the communication between the civilian and military supervisors and better incorporate skillsets of both sides within PWD Rota. The desired impact of STALINGRAD is to keep the civilian and military supervisors synced on the path forward in regards to military manning issues or needs.

As the PWD Rota's new Command Resiliency Team

(CRT)-Lead, I am pleased to announce that I have made myself available for anyone to come

talk to me at all times. More specifically, I have a **weekly office-hours** timeslot scheduled every Thursday from 1400 until 1500, so please feel free to come see to me about any CMEO-related items you would like to discuss.

CMEO News

from
LT Shane
Thames

We are also happy to announce that our PWD Rota's **Women's Group** kicked-off last month, with over 50% of our female workforce participating in the first meeting. If you would like to join the discussions, please get with Ms. Christine Wallace (Installation Environmental Program Manager) or Ms. Yolanda Morales (Admin Management Services).

Also, our telephone directory is continually being updated through Ms. Antonia Bernal (Secretary), and will be shared via All-Hands. If there's any updates needed to be made, please let Ms. Bernal know!

The Humans

Junior Rafael was born in the Dominican Republic and was raised in Boston, Massachusetts. He is UEM's new High Voltage Supervisor, with 15 years of experience in the utility industry. He enjoys dancing such as salsa, merengue, and bachata. His major objective is to ensure the safety of his employees; this is his top priority.

(Photo and article by CE2 Washington)

Jose Maria Guerra Santos was born in Seville, Spain and was raised most of his life in Jerez de la Frontera. He had previously worked for 8 years in NEX as customer service representative before joining NAVFAC 10 years ago in current position in PWD Rota admin department. He likes the dynamic work environment of working with military and civilians in the engineering realm. His goal is to successfully finish his career with PWD Rota.

(Photo and article by LT Lee)

of PWD Rota

Agustin Polo has been here with us at PWD Rota for 28 years and is currently the steel shop supervisor. Agustin says he really enjoys the work he does here at PWD Rota . When asked what his favorite quote or motto was he simply said “Everyday I strive for 100%” Those are words I think everyone could live by. Well said Agustin!!

(Photo and article by CE2 Neubauer)

In case you haven't had the pleasure of meeting him yet, this is Garcia Patino a Janitorial Supervisor that's been with Public Works Rota for 30 years!

Garcia expressed that he loves working for the command and went on to say “Everyday that I work is for my family. To help them have a better life.” I couldn't agree with that statement more, mi amigo!
