

# Levee/Floodwall System Alteration Letter of No Objection Request

NAME OF LEVEE/FLOODWALL SYSTEM

NAME OF LOCAL SPONSOR

DESCRIPTION OF WORK FOR THIS LETTER OF NO OBJECTION (LNO):

*(Describe in the space above a summary of the proposed Alteration and all of its possible encroachments or impacts to the levee/floodwall system: including kind and type of construction; purpose intended; location both by levee stationing and GPS geographic coordinates. Include means for access to Alteration site, proposed schedule for construction, sequence of construction, etc. Use separate sheets if necessary, identifying each by reference herein. All plans and specifications associated with the Alteration must be included as part of the request package.)*

THIS LNO REQUEST SHALL NOT BE VALID UNTIL APPROVED BY THE LOUISVILLE DISTRICT, U.S. ARMY CORPS OF ENGINEERS, LEVEE SAFETY OFFICER (LSO) OR ALTERNATE LSO.

**ACCEPTANCE OF THIS REQUEST WILL COME IN THE FORM OF A LETTER OF NO OBJECTION.**

All technical submittals should include:

- **1 copy** of properly completed Levee System Letter of No Objection Request form as described above with Local Sponsor signatures.
- Scope of proposed work.
- Electronic copies of plans, specifications, details, data sheets, calculations, project schedule, and sequence of construction **related to the levee system Alteration work only**.
- Clearly defined location/area of the proposed Alteration including both as-built levee/floodwall stationing and geographic coordinates (GPS) shown on the plan sheets.
- Electronic copies of digital photos of the proposed Alteration work area in its current condition.
- Submittals **should not** include full size drawing sets unless specifically requested by this office.

Please contact your Louisville District Levee Safety Area Representative (LSAR) if you have any questions regarding these requirements: [LRL.Sec408@usace.army.mil](mailto:LRL.Sec408@usace.army.mil)
