Another Opportunity

to join **BLUE CROSS HOSPITAL SERVICE**

PROTECTION BEGINS SEPTEMBER 1st

Now is the time for you and your family to enroll in Blue Cross. With hospital care in your monthly budget, you can save for other things which you plan. Because hospitalization — its time, place and cost — is so unpredictable — it may find you unprepared and sweep away your savings. Let Blue Cross help you. Join the 18,000,000 Americans who pool their funds to meet hospitalization emergencies.

BLUE CROSS—THE SERVICE PLAN

A sick man needs service . . . not cash. This service plan offered to you by your hospitals covers ALL surgical dressings, ALL drugs, ALL laboratory service, ALL oxygen and physical therapy while a bed patient. There are no dollar limits EXCEPT on room accommodations, x-ray, and administration of anaesthetic. Blue Cross subscribers have learned that the service plan is elastic enough to cover the big bill as well as the small one.

ADVANTAGES OF BLUE CROSS

Broad Family Coverage
No Enrollment Fee
No Claims to be Filed
No Limitation Riders
No Age Limit
No Assessments
No Cancellation for Abnormal Usage
Free Choice of Hospital

Blue Cross Protection may be continued when you leave your place of employment.

NEW PAYMENT METHOD

New subscribers will be billed on a quarterly, semi-annual or annual payment basis, according to the desire of the subscriber. Coupon books will be discontinued as they expire.

No further opportunity to enroll for at least six months.

NOTHING LIKE IT AT THE END OF A SUMMER DAY!

One of the results of summer activities is a crop of stiff joints and sore muscles. Best remedy for such a condition is a good, soaking hot water shower or bath. It tones up the body—removes accumulated grime—induces complete relaxation. Followed with fresh, clean clothing, few pleasures equal it for promoting health and well-being. What makes it most enjoyable is having hot water available instantly—without effort other than turning a faucet—as supplied by an automatic gas water heater.

★
If your water heater is beyond repair, it may be that you can qualify for a new automatic gas water heater. Call us or your plumber for details.

BLUE CROSS ANNOUNCES CHANGE IN PLAN

Effective September 1, a system of direct billing and payment will be started at the Rock Island Ordnance Center for subscribers to the Blue Cross Hospitalization Plan. Subscribers who now have coupon books may continue to use them until all coupons are turned in. As the books expire, new ones will not be issued, nor will any be issued to persons who enroll now for the first time. In place of the coupon books, a notice will be sent to the subscriber showing the amount due on a quarterly, semi-annual or annual payment basis as desired. A service charge of 25 cents per notice will be made for each billing, in addition to the subscriber's regular membership cost.

The Blue Cross booth in the cafeteria building will continue to be open Fridays and Saturdays from 11:00 a.m. to 1:00 p.m. for the convenience of employees whose coupon books have not yet expired and for employees who have received billings under the direct payment plan.

Applications for membership in Blue Cross can be made at the booth starting July 1 and extending through August 10. Protection on these applications will become effective September 1.

15-YEAR CLUB ELECTS OFFICERS

New officers of Fifteen Year Club line up for photograph: front row, l. to r., Shaffnit, Carmody; back, Jager, Cummings, Grosskopf.

Glenn Shaffnit, DM, is the new president of the Fifteen-Year Club for the coming year. He was elected at the quarterly meeting held June 1st at the Post Restaurant, succeeding J. J. Lowry, SI.

Other officers elected were: vice-president, Edward Carmody, AE; recording secretary, Maurice Cummings, PM; financial secretary, Robert Jager, SM; and treasurer, Ben Grosskopf, AT.

Entertainment at the meeting was furnished by the Quad-Cities' youngest orchestra, composed of Richard, Ernest, Bernadine, Geraldine, and Giles Czupka, and Leonard Janowski.

GIRLS' CLUB MEETS

The monthly meeting of the Arsenal Girls' Club was held Tuesday, June 11, at Longview park, with Joyce Helbling presiding in the absence of the President, Elizabeth Mathews. Plans were discussed for a skating party to be held at the Prom June 19, and committees were named for this party and the coming visit to Mayo hospital. After the business meeting, a delightful picnic lunch was served by Johnson's tea room, the committee in charge being Margaret Drumm, Clementine Allar, Elva Ross, and Eileen Kovelchuck.

Hard-working "oldsters": front, l. to r.—A. Stauback, S. Jones, B. Imming (foreman), E. Verbrugge, J. Peterhoff; back, H. Dahlheim, J. Lund, P. Bohy, L. Natterstad, and H. Ellingsworth (asst. foreman).

This is a young man's war, they say, but the Rock Island Ordnance Depot is wondering how it could have met its war responsibilities promptly and satisfactorily without the aid of these "oldsters," every one of whom has passed his 70th birthday. These men have been doing a big job in maintaining depot property under the supervision of Ben Imming, a youngster of 64. The Depot appreciates the conscientious services of these fellows.

The Field Service Sub Office Staff, responsible for supplying our boys on the battlefronts, are, from left, Lt. Col. W. McCree, Lt. Col. Harry Needham, Colonel J. A. Barclay, Colonel Wm. F. Sadtler, Chief, Lt. Col. Tyler Barney, Mrs. Nina Knight, Major Forrest Clark, and Major G. A. Goggin.

FIELD SERVICE SUB-OFFICE DELIVERS THE GOODS

Col. Wm. F. Sadtler (r.) is Chief, and Col. J. A. Barclay, Deputy Chief, of the Field Service Sub Offices, R. I. Ordnance Center.

The Field Service Sub-Office at the Rock Island Ordnance Center, was set up by the Chief of Ordnance on January 15, 1944. There are only four such Sub-Offices in the United States, and these four have had the stupendous job of supplying arms and munitions to our forces on all the battlefields.

The mission of the Rock Island Field Service Sub-Office is to supply, store and maintain certain artillery and small arms spare parts, accessories, tools and tool sets.

The commanding officer of this branch of the R.I.O.C. is Col. William F. Sadtler. Assisting him in this work are 350 employees, residents of the Quad-City area. It is through the united effort of these individuals that the Field Service Sub-Office at Rock Island has been able to make such a remarkable record as the outstanding sub-office of the Ordnance Department.

The sub-office is comprised of a number of divisions or units, each one entrusted with one phase of the enormous supply job.

THE OFFICE SERVICE DIVISION, under the capable leadership of Mrs. Nina Knight, handles all civilian personnel and their related problems. Mail and Records and the supply room are also under the jurisdiction of the Office Service Division.

THE PLANNING AND CONTROL DIVISION, of which Maj. Robert E. Nutt is head, acts in the capacity of staff, to the chief of the Field Service Sub-Office and develops plans and procedures for sub-office operations.

Administration

Finance Division

Martha Johnson's husband, Andy, is at Mayo hospital, Galesburg. He hopes to get a furlough soon. We all rejoice with Martha.

Alice (Cronemiller) Beyer and Cathern (Jones) Danley visited us recently.

We welcome back a former employee, Pat Hall.

Bob Haines, whose father is in charge of the Finance office, formerly worked in Shop H and Shop D Automotive. He is now a Cadet Midshipman at the U. S. Merchant Marine academy, King's Point, New York.

Major Graishe recently visited his home in Parkin, Arkansas. His mother and his nephew returned with him to spend a week in the tri-cities.

Fiscal Division

Congratulations to Mary Mueller, who observed her 30th anniversary at R.I.A. June 8.

Wonder what the big attraction is down in Missouri. Both Ethel Hensley and Bob Hueckstedt are going there for their vacations—at different times, of course.

Irma Voss' feet haven't hit the ground since she received a call from Staten Island. Her husband, Sgt. Voss, is back in the States, and she hopes to have him home soon.

Mail and Record Division

Betty Hamilton looked very smart one lovely spring day with her up hair do.

We are glad to see Mary Ellen Casey back at work and are also glad to hear that her mother is getting along all right now.

Inspection

Robert V. Dryoel, now Gunners Mate 2/c, writes he was in on the invasion of Okinawa and saw a lot of 155's and 105's in action.

* * *

Who should drop in the office one day in the early part of June but Morgan Burris. Sure looks as if the Navy agrees with him.

* * *

Congratulations, Tom and Olga Petrovich, on the new heiress, Ellen Gail, born June 13 and weighing 7 lbs. 5 oz.

* * *

Robert McCarty is on the road to recovery after an appendicitis operation and hopes to be back on the job very soon.

* * *

The office is wondering just what Grady McDowell does when he takes a day off. He always returns to work with an injury and the "right kind" of explanation.

* * *

Agnes Spratt, formerly with the Small Arms section of the Inspection division, writes she is enjoying Hawaii. Letters from her friends at the Arsenal would help her enjoy her stay in Hawaii still more—so how about dropping Agnes a line or two. Her address can be obtained from the AK reporter.

MAIL AND RECORD (Continued from page 12)

★

We extend congratulations and best wishes to Mrs. Nelson Weaver, the former Miss Betty Dorman, who was married on May 27.

SHOPS DO AND DU

Tech. Sgt. Jules H. Gerkin, former welder in DU, dropped in for a visit with us last month. Jules is an Engineer-Gunner on a Liberator bomber and has just returned from a year's service overseas with the 15th Air Force in Italy. He has been awarded the Distinguished Flying Cross, the Air Medal, the Purple Heart, the ETO ribbon with two battle stars, and the Good Conduct ribbon. That's a lot of "fruit salad" but he deserves every bit of it.

* * *

Melvin E. Sloan and Arnold R. Van Hoek have both sprouted "cookie dusters" on their upper lips. The reason—just for fun, they say. We'd be pretty willing to bet that they don't have them there long.

* * *

The five-cent cup of coffee which has now come back, says Larry Seaman, tastes like it.

* * *

DO and DU now have 129 stars on the Service Roll Call. Among these are three gold stars for former employees who gave their lives in helping to attain for us victory and a peaceful world. During the month of May two stars were added when Robert L. Dorman and Walter A. Gottman reported as privates in Uncle Sam's army.

* * *

Among the letters received recently from former employees was the one received by Leonard F. Costello from Pfc. Robert H. Lorenzen of the Marines who wrote from Okinawa. "Bob" told a little of the nature of the island but like the majority of the fellows he is interested in only one piece of land, namely, that plot of ground

DO YOU NEED A FENCE?

Have you seen the good looking fence you can buy at Muellers?

It's strong and sturdy, built of Western Pine, and all painted snowy white.

There are three popular sizes.

The Victory fence for your yard—built in sections 8 feet long and 40 inches high for only \$2.85 a section with 5 foot posts, also all painted white, 45 cents each and gates for \$1.65.

The Garden fence—19 inches high and in 8 foot sections for \$2.00 each with posts at 30 cents a piece, all painted white, ready to use.

The Flower fence—a neat little number, all white, 12 inches high and 40 inches long, all ready to set in the ground to protect your favorite flower beds, for only 88 cents each.

Call us and let us help you with your fence problems.

We don't know how you figure it, but we're beginning to think the letters BA mean Bachelor Attractors. Good luck to both of you.

Fran, Lillian and Marie all had birthdays in May. Lillian got several nice gifts, Fran got a surprise shower and birthday party combined, but Marie maintains (and we agree with her) that she got the best gift of all, V-E day.

Neville Yingling and Carol Karr are back with us again for the summer after attending Augustana and Illinois, respectively. It's nice to have you back again girls.

* * *

Letty Huls had a vacation in May and said she didn't go anywhere, but just spent the time with her flock of chickens. That's the first time we ever heard of chickens wearing a uniform. She is going to Texas soon for another visit—more chickens, Letty?

Ann Pfundstein spent a week-end in Kansas recently and didn't want to come back. We think the reason was a Major who was going overseas right away. O-h-h, Ann-n-n-n!

Rusty Eldred came in one morning with a grin from "ear to ear," and through the grin she told us her son-in-law, Harvey Block, came home for a furlough and it was his first personal appearance to his daughter.

The proud smiles of Margaret Schnoor and Corinne Reinhold were due to the fact that their children have passed into higher grades and they both duly attended the graduation exercises with proud mien.

It's Captain S. H. Raynes now. The popular chief of the Wage & Classification Section received news of his promotion from Lieutenant while he was on leave and upon his return from Philadelphia, 23 Personnel division associates tendered the Captain a surprise potluck dinner with all the trimmings.

OH CAPTAIN, MY CAPTAIN

Blessings on thee, little man,
New made Captain—dressed in tan.
From our hearts we wish you joy,
Were you once a barefoot boy?
With a freckled turned up nose,
Squishing mud between your toes?
Or were you born in olive drab
With the G. I. gift of gab?
Were your buttons always brass?
Now that you're a Captain, Sam,
Full of vitamins and Spam,
Don't pull brass on your old pals
Nor high hat the glamour gals.
Blessings on thee, little man,
New made Captain, dressed in tan.
From our hearts we wish you well,
What you'll become is hard to tell.
For though your rank is fresh and dewy
Remember you were once a "bloomin" Louie.

Marie Gajkowski fell and sprained her ankle while walking into the Administration Building driveway, but a man was nearby at the time and picked her up. The luck of the Irish!

Phil "Varga Girl" Heden tipped the jackpot twice in a month. The first time he was accidentally hit in the mouth by a baseball with the result that he lost two shares of ivory stock. The next time the three bars appeared was when the doctor told him, "Phillip, you are the proud owner of the mumps."

The passing of certain days during the past month meant another year to the ages of Stan "Vitamin" Mengler, Al "Baby Face" George, "Mugwump" Heden, Kenneth "The Voice" Carney, Verne "Lone Ranger" Holdeman, and the following lovelies: Louise Taylor, Eileen Bryant, Mildred Olson, Marie Peterson, Theda Oswald, June Spencer, and Marie Gajkowski.

* * *

Arlene Haney has been transferred from Placement to the Manufacturing division. And Phyllis Bolton has returned to Placement after spending the school year at Cornell college.

Certain people in the department are displaying a great love for horses in one way or another. Joe "Cotton" Yenger, Harold "Jennifer" Jones, Oscar "Killer" Barnhart, and "Voice" Carney prefer race horses, while any old nag or plug will make Pat Hinsch, Marilyn Barclay, Mary Ziegenhorn, Beverly Kemp, and Margy Schmidt happy.

* * *

Captain Joseph Wujcik may not know it, but he had an audience the other night when he was giving "The Voice" some competition. The Captain's fog horn is a little on the lonely side, but it should improve, especially when his voice changes.

BLACKHAWK FOUNDRY AWARDED "E" FLAG

Holding Army-Navy "E" flag, l to r: Col. Waldmann, Walter K. Voss, Edward W. Blettner, John H. Diedrich, Lt. Comdr. Truman Jones.

Management and employees of Blackhawk Foundry and Machine Co. gathered on the company lawn Friday, June 29, to receive the Army-Navy "E" award for excellence in quality and quantity of production.

The flag was presented by Col. Carl A. Waldmann, commanding officer of the R.I.A., who commended Blackhawk on its splendid record of producing needed castings on time or even ahead of schedule—with a low rate of rejections, and without labor-management difficulties.

"E" pins to be worn by all employees were presented by Lt. Comdr. Truman Jones, navy recruiting officer for Iowa, while John H. Diedrich, vice president and general manager of the plant, formally accepted the Army-Navy award on behalf of all the honorees.

BLACKHAWK FOUNDRY EARNS THE ARMY-NAVY "E" FLAG

**A DOUBLE CELEBRATION:
ARMY-NAVY "E" AWARD AND
BLACKHAWK FOUNDRY'S 25th
ANNIVERSARY**

The Army-Navy "E" pennant, symbolic of the award for Excellence in war materiel production was proudly raised over the Blackhawk Foundry and Machine Company on Friday, June 29.

Two factors contributed to winning this award. The first was the cooperation and assistance of the Rock Island Arsenal—without which our production program could not have started. The other was the untiring efforts of our 300 employees who were given a job to do — and who did it. That their efforts were acceptable to the War and Navy Departments is a source of everlasting pride.

This award is a credit to the men and women of Blackhawk — it puts the stamp of Excellence on the better castings in the implements of war that pushed the enemy steadily back.

The "E" pennant from the War and Navy Departments comes most auspiciously on our 25th anniversary as a justification of the pride we've always taken in the work of all employees, many of whom have been with us since this foundry was first started.

Blackhawk Foundry and Machine Company, its employees and its products, proudly continue the fight for Victory.

Transportation question takes second place to making the party memorable as these men line up for photograph with guest of honor.

Front—Hawkinson, Capt. Powell, Dohrn, pres. Dohrn Transfer Co.; back, Lorenzen, Riley, Kart of Dohrn; Suess, Chief, Outbound branch.

Front—Logan, Universal Carloading Co.; Capt. Powell; back—Schmitt, Lee Transportation Co.; Ricks, Universal Carloading; MacFall, Lee Co.

His friends railroaded the departing Captain, dishing out a lot of good advice for future reference. Here Mr. Hawkinson adds his bit.

Enjoying their own private joke are J. J. Suess, Chief, Outbound Branch (left) and Ed Donnelson, Dist. Manager, Keeshin Motor Express.

Capt. Ellis F. Powell, Transportation officer, was honored at a farewell party in the Empire room of the Blackhawk Hotel on June 28, 1945. Fourteen employees of the Transportation division, Rock Island Ordnance Center, and sixteen truck, rail and freight forwarding representatives were present.

Captain Powell first came to the Center in December, 1942, as an instructor in the Ordnance Transportation School, which was being conducted at that time. He was commissioned a captain in the Ordnance department in January, 1943, and appointed Transportation officer, which post he held until July 17 when he left for Charlottesville, Virginia, to enter the military government branch of the service.

Captain Powell's many friends at R.I.O.C. wish him the best of luck in his new assignment.

Capt. Powell, Trans. Officer, and J. T. Gallagher, Mgr. of Interstate System, greet each other at farewell party.

SHOPS G & I (Continued)

We've been noticing that Frances Trimble has been all smiles lately. Could it be because Frank Yoder, who has been in India for three years, has enough points and is eligible for discharge. We think so.

SHOPS H & K

From somewhere in the Philippines comes a letter from Sgt. Stephen Burke, formerly of DA24 office. He says: "As the news of the surrender of Germany dwindled in, it was strange to note the lack of excitement out here. In fact, there was none to speak of. I don't know why. Perhaps it is because we feel it doesn't concern us. But actually it does, I guess, more than we can realize now." Sgt. Burke is serving with an ordnance company.

A recent visitor to DA117 was Francis Dawson, Seaman 1/c, who was a former clerk in that office until joining the Navy in May, 1943. He was home on a furlough from San Diego, California, where he is an instructor in a radar school.

The pride of the Rollo Rice family is little Eugenie Loralee, who had her first birthday on April 21. Her father brought her to visit his friends in DA117 during a lunch hour recently.

DA32 gave a farewell luncheon on June 7 for those leaving the department. The get-together was planned by Idabelle Schroeder, Beatrice Balster and Frances Rowe and was enjoyed by all. Mary Quick, Viola Kerler and Mary Webb did a wonderful job in getting up DA15's farewell party on June 8. Everyone had a marvelous time. We hope you'll always have pleasant memories of Shops H and K.

Pete Larson of DA100 and Viola Hitafer of DA113T marched down the aisle on June 9. Their friends in DA presented them with some lovely gifts and wish them all the happiness in the world.

Congratulations also to Bob Carlson of the DA Shop Office, who married Helen Eichstaedt of Moline on June 16.

Gretchen Drescher of our Production Control was transferred to Shop M recently. We'll miss you, Gert.

Dean Ball of DA121 has been in the hospital since the first of May recovering from an operation. We hear he's been having some trouble fitting his 6 feet, 4 inches, into "them" hospital beds.

Here's some proof that Rock Island arsenal employees are really backing up our servicemen with bonds, not only during war loan drives, but continually throughout the year. A recent report shows that six of DA's Planning Room employees have deductions ranging from 20 to 50 percent of their wages taken from their paychecks each week. They are, Mary Gibbs, Tom Barnes, Lee Fries, Frank Kochan, Lee Poe and Paul Gannon.

SHOP L

Pfc. Robert Townsend, son of Mr. and Mrs. Archie Townsend, was killed on Iwo Jima on Feb. 23. Our sincerest sympathy goes to Archie, 202M, and family.

SHOP L (Continued)

Letters have been received from Machinist Mate 3/c Carrol Edwards, formerly an assistant foreman in DM200. He has been assigned to a repair ship on the high seas. We think he wishes now that he'd led a "duck's life" because he still can't swim. At least, he didn't "blub-blub" around here.

Bells, bells, can't you hear them ringing? I'll admit they aren't very loud yet but next year at this time all the hopes of the gals in Shop L will be gone. It seems that a certain person in Floris, Iowa, just received a diamond from "Shorty" Miranda, KM202, but not before several of us had tried it on. It's a good thing it didn't fit because "Shorty" thinks one woman will be enough for him to handle. Good luck, Shorty!

Harry Keller, KM200, has left us for the army. He was presented with a billfold by his fellow workers with "lettuce" to match. We all want to wish you luck, Harry, and don't forget to come back and see the old gang when you can!

Max Slutsky, formerly of Shop L, challenged one of our more proficient golfers, Ed Lockie, 200G, to a round. The results were disastrous. Max, while recovering from a bad lie in front of the first tee, added a new hole, making it a 19-hole course. The game ended on the 5th hole because Max lost his only golf ball, and the score: Max 56, Ed—20! Eddie is wondering if Shop M Follow-up has any more "good" golfers!

Our deepest sympathy goes to Mrs. Mary Chapanian, 202C, and Mrs. Margaret Scott, DM200, whose husbands were killed in Germany. Private Harry Chapanian lost his life on May 2, and Private Chester Scott died on May 4.

A son was born to Mr. and Mrs. Gordon Smith May 17. His name is Bruce Eugene. Hope the little guy is as "automatic" as his Pop, who works in 201C Automatics!

Pfc. Maurice W. Beyers, formerly employed in 201C, paid a visit to Shop L last month. He had just returned from Germany and was home on a 30-day leave. Glad to see you again, Maurice!

Sgt. Guy Allen, nephew of Guy Hahn of DM200, is a chief radio technician for General Eisenhower in Europe. Bet you are plenty proud of the guy, aren't you, Guy?

SHOP M

Looks as if this young fellow is all ready for the hot weather. He's Randel Lowell Kauffman, son of Max Kauffman, MM 1/c, and a former employee of Shop R.

If Tom Murphy, Bill Goellnitz and Harry Zierke shoot as many ducks this coming fall as they are now shooting during the noon hours, the rest of us would-be hunters may as well stay home. They'll shoot them all!

Two of DM102T's former employees are receiving discharges from the armed services. Cpl. Jimmie Bateman, paratrooper with the Marines received a medical, while Capt. Bernard "Bus" Ruefer of the Air Corps is being released on the point system. Welcome

home, boys, and good luck to you both as you return to civilian life.

Linda Lou Christensen enjoys the peace and comfort of the home of her grandparents, Mr. and Mrs. Clarence "Ole" Olsen, where she is making her home together with her mother and oldest sister while Daddy, George W. Christensen, serves as an Ensign in the Navy. Incidentally this snap shot won for Earl, Ole's son, second prize in a picture contest held at Rock Island high school.

Congratulations and best wishes go to Thelma Williams as she leaves DM102T to answer Cupid's call. She'll march down the center aisle with the man of her dreams.

Have you noticed that forlorn look on "Mike" Grandinetti's face lately? Could it be because his wife is vacationing with her folks and Mike is like a ship without a sail?

Albert "Andy" Anderson has honored DM102T with his presence lately.

Our sincere sympathy is extended to all relatives and friends of Thomas A. Beattie, who died suddenly last month. "Scotty" was an assistant foreman in DM101E.

Jules Wallaert's pay checks are gradually increasing. Another income tax exemption was added to his household last month in the person of a "figured on" baby daughter! Congratulations!

DM101G welcomed back two popular fellows, Dick Miller and Sam Taylor, who have both recovered from long illnesses.

Our sympathy is extended to Harry Kern of DM102M on the recent death of his father.

Al Yocco, formerly of DM102M, now with the U. S. Army, paid a recent visit here to his old friends. Says he thinks he's going to get to see what a Jap looks like.

Our sympathy is extended to the family of Chester L. Scott, who was killed in action in Germany on May 4. Mr. Scott was formerly employed in DM102L.

Word has been received from Pvt. M. E. Hansing of the Gear department, who was recently inducted into the U. S. Army. Melvin would like to hear from his friends in the department. His address is available in DM101C office.

Leo K. Oaks, one of the "old timers" in DM101C, was drafted into the U. S. Army last month. Our best wishes go with you, Leo.

Les Beadel, George Bartz, Francis Snyder, and Gordon Hill of DM102M are making great plans for their fishing trip to Minnesota this summer. We'll probably hear plenty of the well known "fish stories" when they return. Oh yes, you fellows take good care of George.

Sgt. Floyd West, Jr., former employee of DM102T, looks out over the fields of China where he has been stationed with the 4th photographic unit for over a year.

★

Mr. and Mrs. Winfield Vanderbeck celebrated their 25th wedding anniversary last month. Congratulations to a swell couple, and here's a wish for many more years of happy married life.

★ ★ ★

We extend our deepest sympathy to Mr. and Mrs. August W. Fritz on the loss of their infant daughter, who died shortly after birth. Mr. Fritz is a receiving room employee in Shop M.

★ ★ ★

The story just came in that John Van Wolvelaere is well settled in his new office down in Shop G. We wish you all kinds of luck in your new job, Van.

★ ★ ★

Eva Bubon Collingwood, former DM office employee, was honored at a dinner party at the Club Mo-Kan in Davenport by the DM office girls on June 12th.

★ ★ ★

DM101G's annual picnic was held at Little's Grove near Davenport on Sunday, June 3, and in spite of cool weather a large crowd was in attendance. A pot-luck picnic dinner was served at noon, with plenty of ham furnished by our "Fairy Godmother."

Throughout the day excellent entertainment was furnished by the following people: Frank Hardy, singer; Joe Snider, yodeler; Jo Anne Britz, accordionist and a harmonious quartet composed of Chuck Samuelson, Don Erickson, Bob Gordon and Joe Snider.

Highlighting the day was a five inning soft-ball game with Cuervorst's "Big Feats" opposing Gordon's "Fuzzy Wuzzys." The "Fuzzys" were nosed out by a score of 7 to 3 mainly because of the brilliant infieling of Stanley Garner of the "Feats" team. After the ball game the "survivors" were served a light lunch, after which the evening hours were spent in dancing.

★

Digging Out Some Old Ones

Do you recognize this good looking young gentleman? It's Herbert Thoeming, foreman in DM102, when he was 20. Herb's a little older now, but he's still quite a popular man in Shop M.

★

SC

Dorothy Pinkham was a very proud and very happy lady last month when her husband, in the Army Medical Corps, arrived home on furlough.

★ ★ ★

All night work ended at SC last month. All of the crew returned to the day shift, except for the part-time employees, whose services were terminated. We'd like to say thanks for a job well done to all of these part-time workers whom we have come to know as real friends and valuable co-workers.

★ ★ ★

Mr. and Mrs. Lloyd Daurer, are the proud parents of a baby boy. Lloyd works as a Storekeeper in SC. Congratulations!

BUILDING 208

Candidate for the most congratulated man in Bldg. 208—Henry W. Grueber of DX307B. Henry's engagement was announced recently and he was showered with good wishes and bouquets—of dandelions!

★ ★ ★

Another employee who swore to be true was Garnet Bodenhamer of DX308A. Garnet should make an ideal husband.

★ ★ ★

At a recent hop, employees of DX307 were surprised at the ability shown by Edward J. Costenson on the dance floor. At one time he tapped so fast he left both shoes in the middle of the floor!

★ ★ ★

Anyone desiring the best in sweet corn, see Hepburn Hentrich, DX311. Mr. Hentrich is also well known for the poultry he raises.

★ ★ ★

If you see a light burning in the home of Joe Ingolia, DX309A, about 2:30 a.m. any morning, you'll know that he no doubt is prowling about inspecting his "arsenal." Joe's hobby is guns, of which he has ten, and the report is that he is quite a pigeon shot.

Nomination for the best catch in baseball so far this season: Verne Slack, foreman, DX309A.

Central Planning Division

One of our most recent contributions to the armed forces, Pvt. Harry Nyquist, drew the Quartermaster Corps and is at Camp Lee, Va. He writes he is putting on some beef and that all exposed areas of his torso resemble Grade A, Class 1, russet leather.

Elouise Van Horn became Mrs. Clarence Kramer at a beautiful and most impressive ceremony at the Davenport Lutheran Evangelical Church. "Corky" must have gotten pretty rough with Clarence the last week of his single blessedness, as he appeared at the altar with one arm in a sling and we thought we detected a certain meekness in the way he said "I will." Of course he could have broken his collar-bone when he fell off the horse. Congratulations, both!

★ ★ ★

Anna Rita Constantino has resigned to return to her home in Chicago where she plans to renew her old friendships and family ties.

★ ★ ★

Frank Robinson is returning to his old love, Refrigeration, and his genial and friendly personality will be genuinely missed on our floor. Don't let your business cool the warm friendships you made here, Frank.

With all our youths in olive drab or navy blue, someone has to wear the flashy jackets they used to wear, and no one can say George Watkins, Mel Loding and Orlando Mayes aren't putting forth their best efforts.

CENTRAL PLANNING (Continued)

Arnold Wulf, clever artist of our Socialite, deserves honorable mention for his cover cartoon of the June issue. It was a depiction of the results accomplished by the Seventh War Loan Drive, and McCutcheon, were he alive, couldn't have done better. The idea was unique and its presentation was impressive.

* * *

Our Follow-Up section loaned Larry Fisher to the Army for the duration, and he is looking forward to K.P. and guard duty. Ralph Aten and Bill Wendell are in the front row, too, and may be called up any day.

* * *

Cpl. Technician Fifth Grade, Eugene M. Anderson, formerly employed as an apprentice draftsman in Central Planning, has been awarded the Good Conduct medal at formal ceremonies held recently at the Infantry Conversion Training Center in Italy. Cpl. Anderson also wears the EAME ribbon with bronze battle stars.

Engineering Department

DRAFTING DIVISION

It seems that the fellows who left this department to enter the service are really getting around. We hear that Eugene "Slab" Wohlers is now a Chief Petty Officer in the Navy, stationed at Pearl Harbor; John Corporon has been commissioned a 2d Lt. after attending OCS in France; George Strausse and Harold Blackert are now in the Philippines; and Merle Bushmeyer is somewhere in Germany.

* * *

We are all glad to welcome Paul Sandstrom back to the Gage Section. He has been off for several months because of an extended illness.

* * *

Cupid has done it again! Anne Sieren and Betty Kerns both received engagement rings during the past month.

* * *

Guy Brock left this department to return to school on June 15. Good luck to you, Guy!

* * *

Bernice Smith left us on June 1 to take up again the duties of housewife after being with this department for over 3 years.

* * *

Bob Lennon's corner of the drafting room seems awfully empty. We hope he gets over that operation and back to work soon.

* * *

Imagine Marilyn Spencer's surprise when she fell through a chair at a meeting of her bridge club!

* * *

Hank Michals, Kenny Herbst, and Al Faber went on a fishing jaunt recently. It has been said that Al almost had the proverbial fisherman's luck. Is this true?

* * *

The gang in the Photo Lab held a pot luck dinner on Mr. Fennell's ?? birthday. From all reports, a good time was had by all.

* * *

Betty Kerns left us on June 8. Her doctor ordered a rest. We all hope that you will be in better health soon, Betty.

* * *

Vivian Verhale received a novel birthday present. It was a thermometer to remind her to keep her temperature down. After all, we all have birthdays whether we like them or not.

* * *

Red Ohlsen and Don Rutter were honored at a stag party on June 14, as they both are leaving to enter the service. A chicken dinner was served, and everyone finally went home—tired but happy.

Milton Nauman is now a member of the U. S. Army. He was last heard from at Fort Sheridan, where he said he had been given the works—everything from shoes to helmet!

Training Division

ARMAMENT MAINTENANCE SCHOOL—XA

Congratulations to Mr. and Mrs. Chris Stougaard on the birth of a baby daughter, Sandra Marie, on June 3.

Uncle Sam just can't get along without Oliver Sampson. Although he has three years of navy service to his credit, on May 28 he received another call to duty. So it's bell bottom trousers again for Sammy.

* * *

It's good to see Hakon Lund, Jr. of Pomona, California and Elmer Edgar of Camp Haan, California around again. They are doing a nice job assisting in the Reclamation Training program.

* * *

Our sympathy is extended to Hallie Remier in the loss of his father, W. C. Remier, on June 6.

* * *

Bill Snelts, that tall, easy to get along with fellow in the Instrument Section, has deserted us for "greener pastures." The fellows in his section gave him quite a send-off so that Bill almost retracted his resignation.

* * *

Bill Bruhn has left for Detroit to spend two weeks of well deserved vacation. Here's hoping the realization will be as great as the anticipation.

* * *

We extend our best wishes to Lloyd Moeller and Edna E. Forst who were married at St. Paul's Lutheran Church, Davenport, on June 3.

* * *

San Antonio arsenal has recently sent Margaret Thrash, Florence Lorber and Mary Valadez to the school for training. We are certainly glad to have you with us, ladies.

* * *

Edwin Mareska and Charles Howard have returned from a three year assignment in Panama. We really enjoyed the interesting snapshots Mr. Howard brought back with him.

* * *

Chief Petty Officer Harold Poston, of the Maritime Service (Junior Engineer aboard ship), of Moline is just back from a year's duty in the South Pacific. His ship, S.S. Logan Victory, was sunk by a Jap suicide plane near Okinawa. Upon completion of his leave he will report for duty in New York.

* * *

Marine Cpl. Max Lutrell, who hails from Alpha, is back after 24 months' duty in the South Pacific. He expects to receive several months of V12 training in the States before being sent out for action again.

* * *

Chief Engineer William Vos, ATS, U. S. Navy, returned to the States on May 12 after 22 months of service in the South Pacific. After a two weeks' visit at his home in Oskaloosa, Iowa, he will return to a naval hospital for treatment.

deavor have taken Allen Gales, Charlie Nicholls and Herb Saling beyond the arsenal fences. Merrill Williams assumed Herb's post and is on travel order to Detroit. Rotation of crops could be demonstrated by Ida McCarl's transfer to AP and the fulfillment of her position by June Albrecht of AN. Like disking to prepare a new crop, new tasks face Marian Bingea as she assumes the responsibilities of the minister's wife at Gloria Dei Lutheran Church in Olympia, Washington. Jean Wieme will make her home at Mt. Sterling, Illinois, where her duty will be helping her husband, Fran, back to health. "California, Here I Come" is Sherry Roff's theme song while Carolyn Lietz lives on the memory of her trip to Fort Knox, Ky.

As the birds follow the plow so will some folks pursue the course of the golf ball. Enthusiasm for the game will die or Duck Creek will be filled to the brim if Gladys "Dub" Husby doesn't show improvement soon.

The seed of romance has been sowed and leads Marge Edwards to Carl Graef at San Antonio, Texas. She'll be able to see in the dark with the sparkler carried on the third finger, left hand. Marilyn Mulineaux made a mighty quick trip to New York at the call of someone in navy blue.

Paul Townsend is responsible for the diamond on a certain X-Ray technician's hand.

Cultivation could lead to culture in music, and concerts in the park can't compare with Art's—even if the invitation for a Bielenberg presentation of Bach, Beethoven and Chopin comes in answer to a joke.

Our uniform harvest brings word of Norm Opstal in the South Pacific along with word of Bob Illman's raids on Tokyo as navigator of a B-29. Duane Light is with the 7th Army in Germany and seeing a great deal of the countryside.

R. I. ORDNANCE DEPOT (Continued from page 16)

The Record section of the Personnel branch, W-1, lost the services of a very fine clerk with the resignation of Mrs. Ruth Nelson. Ruth and her husband expect to leave for Idaho very soon where they will make their future home. A farewell dinner at the Lend-a-Hand Club in Davenport, followed by a theatre party, was given in Mrs. Nelson's honor. Ruth was presented with a beautiful serving tray and many fine recipes.

* * *

When Gertie Aubry, Chief of the Record section, W-1, returned from lunch on June 4 she was happily surprised to find her desk covered with beautiful handkerchiefs. What a lovely way to remind you that your friends did not forget your birthday, Gertie.

* * *

Eva Jane Duve has accepted a position as secretary to Capt. Wujcik. We are sorry to lose you, Eva Jane, but hope you will be happy in your new work. Carrie E. Hardesty, also a member of the Personnel branch, was transferred to Property Disposal division.

* * *

Now it can be told! Charles Jones of Control division was married to Mary Schilling on April 29. Congratulations.

* * *

Irene Hoard has returned to work after a very pleasant visit with her parents in Wisconsin. Hear you almost froze, Irene.

* * *

Mr. Meydam celebrated his birthday June 9.

Max Hanson is suffering from chest expansion since his daughter, who is in fifth grade, won over the city of Rock Island in an essay on a picture in an art exhibit.

* * *

These two young ladies are both a bit sleepy. They are Ellouise Marie, left, daughter of Mr. and Mrs. Harold Toney, and Jacqueline, daughter of Mrs. Clara Boyd. Both Mr. Toney and Mrs. Boyd work in 299.

* * *

According to official word from the U. S. Army Air Corps on Luzon, Pfc. Harold M. Morgan, former arsenal tool maker and son of Mrs. Mary Stevenson of Bldg. 299, and Cpl. Charles Brandt, former grinder at the arsenal, have been making names for themselves with the 775th tank battalion on Luzon.

* * *

Luella Heitzler and Nelda McCully of Personnel branch, accompanied by two girls from Mail and Message and Outgoing Property, spent the weekend in Chicago. They enjoyed roller skating at Riverview Park and visited many places of interest.

* * *

Newcomers to Control division are Vivian Clark and Mary (Betty) Anderer. We are sorry to report several losses, though; namely, Joe Grear, Pat Bien and Imogene Christy, Marjorie Golden, Gene Lasley, Delores Jackson were transferred to BB. Mr. Vawter, Josephine Wedertz, Rochel Averick and Kathleen Davlan have also left the Control division.

* * *

Jim T. Micklewright, Coxswain in the Seabees, son of Elmer Micklewright, is home on furlough after serving 17 months in the Aleutian islands.

* * *

Pvt. Harold T. Deaver, husband of Violet Deaver, is now convalescing somewhere in the South Pacific, after receiving a knee injury.

* * *

Michael Krnatich, husband of Edith Krnatich, has recently returned from overseas after serving 38 months in the South Pacific. Pvt. and Mrs. Krnatich left for Florida where the former will report for further assignment.

* * *

Joyce May was quite excited over an unexpected phone call announcing her husband's arrival from overseas.

* * *

She's Mrs. Rossano now! She was Lena Colton. The lucky man is Sgt. Rossano of the 3626th Recoil Mechanism Company stationed at Camp Beal, California. Sgt. and Mrs. Rossano were married June 7.

FIELD SERVICE DELIVERS THE GOODS

(Continued from page 8)

THE STOCK CONTROL DIVISION, under Lt. Col. Tyler D. Barney, is responsible for making supply against demands for materiel, to the using services, within the mission. Through the Issue Branch of this division pass all the requisitions for artillery and small arms materiel that are received by the Rock Island sub-office.

THE MAINTENANCE DIVISION performs one of the biggest jobs in the Field Service Sub-Office, that of keeping artillery and small arms materiel in repair throughout the world. Not long ago an ordnance officer from this office, now assisting the troops on Okinawa, wired for some materiel urgently needed. The order was filled and flown out in a matter of hours. In charge of the important work of this department is Lt. Col. Harry H. Needham.

THE RECORD SERVICE DIVISION, of which Maj. Forrest P. Clark is the chief, consolidates the status of stock in all ordnance depots supplying artillery and small arms materiel. Special equipment and automatic machines make this job possible. The Record Service Division also recommends stock numbers and maintains the item history cards.

THE REDISTRIBUTION AND DISPOSAL DIVISION, directed by Lt. Col. William A. McCree, arranges and directs the redistribution and disposal of excess small arms and artillery. During the last month, \$20,000,000 worth of materiel was made available for disposal or redistribution by this division.

Of the 43 ordnance depots in the United States, the Rock Island Field Service Sub-Office supplies and draws from nine. The other three sub-offices which handle the many other types of supplies and munitions needed by our men are located at Frankford, Pennsylvania, Detroit, Mich., and Washington, D. C.

FIELD SERVICE (Continued from page 17)

Although travel isn't what it was in "ye olde days" of motoring from palm to pine, here are a few good imitations. Among the good workers of the Issue branch who chose a southern holiday, is Rose Brewer who journeyed to North Carolina to visit her Marine sister during our season of "mist"—the first part of June. Frank French has just returned from his vacation after a restful sojourn in Oklahoma. Not to be sneezed at is the trip to Buffalo, New York, taken by Jean Hilleman and husband to visit their soldier son and family. And what a family, thought Jean, as she viewed her ten month old grandson for the second time. Luella Kyle, Planning and Control, took off to the Windy City. Doris Milne, Artillery Branch, is spending her vacation in southern Illinois visiting friends. Adele Carlson, Issue branch, just returned from a two weeks' vacation in Wisconsin. After two weeks of fishing and taking life easy, how does it seem to be back on the job again? Chris Fensterbusch is enjoying her vacation with her Navy husband who is home on leave.

* * *

To continue with the weddings that are so prevalent in Maintenance division, Lt. W. B. Kirkpatrick and Miss Marguerite Davies were married on May 28th and Lt. J. H. Ramay and Miss Sue Robers were married on June 9th. BEWARE! Lts. Sali, Wilkison and Johnson! See what happens to all unattached males when they are assigned to Maintenance division.

* * *

Wedding bells will soon ring for Marilyn Mohr, EAM section. She will become the bride of Lt. Willard Donnacher of the Army Air Forces who is stationed in Georgia. Best wishes!

* * *

Bouquets to Helen Johnston, assistant chief of Domestic section, who brought home the bacon from a recent state women's bowling tournament held at Bloomington, Illinois.

* * *

Oversas Supply of Issue branch is a little jealous of Domestic section's good standing with SA 1. What's the secret?

S/Sgt. Wayne H. Smith, on Masirah Island, sent his wife, Irene, Issue branch, a beautiful bracelet made of eight 165 year old Maria Theresa silver dollars, which are somewhat larger than our American dollars, and weigh 433 grains with 360 grains of pure silver.

* * *

Kindest words and deepest sympathy are extended to Chester Abel, Maintenance division, whose father passed away recently, and to Gladys Masher, Artillery branch, in the loss of her brother.

* * *

Mrs. Wilma Hinton served a delicious buffet supper to Office Service division employees and friends on June 10. Mr. Bristol highlighted the evening with his experiences in North Africa. Thanks for a lovely time, Wilma.

* * *

Deserving of many honors is S/Sgt. Bill Mehuys, nephew of Mary Mehuys, Issue branch. Bill, who just came through with flying colors, mostly red, white and blue we'll bet, was awarded the bronze and silver stars for gallantry outside the line of duty in action. Our most hearty congratulations to Sgt. Mehuys.

* * *

Sam Wilson has recovered from a terrific struggle with sinus infection. It's good to have you back again, Sam.

* * *

Eleanor Pace, Issue branch, is all aglow since coming back from her vacation. Guess why? That marine of hers, Corp. Chas. W. Risley, was here on a 30-day leave.

* * *

Because of the tobacco shortage, Captain Moon is mixing string and paper in with the tobacco. Would we call that a Moon special?

TRANSPORTATION COMMITTEE AND RATION BOARD OFFICE COMMENDED

Transportation Committee of R. I. O. C. and Ration Board office employees are: 1st row, l. to r.—M. MacLean, C. Bloomquist, E. Alldrit; 2nd row—A. Cowan, J. Fuhrman, chairman, L. Kloppenburg; 3rd row —A. McBride, H. Kerker, P. Cuerden, R. Mullins, C. Zacharias.

A signal honor has been bestowed upon the R. I. O. C. Transportation Committee and the office employees of the Ration Board by the Office of Price Administration.

B. W. Roach, chief clerk of the War Price and Rationing Board No. 6281-2, located at Rock Island, has written a letter to Colonel Carl A. Waldmann, commanding officer, dated June 26, 1945, which reads in part: "May we express our sincere thanks for the great work of your Transportation Committee and the girls in the Ration Board office. It is the outstanding model of all committees in our jurisdiction."

Mr. Roach further stated in his letter that a picture of the R. I. O. C. Transportation Committee and Ration Board personnel would appear in a forthcoming issue of the Transportation Committee News, national publication issued monthly by the O.P.A.

The free use of EYELO will relieve irritation caused by strong currents of very hot or very cold air, such as often results from riding in automobiles. EYELO is also effective in cases of irritation due to sunlight reflected from pavement, water or sand, and good for eye strain from excessive reading; dust and wind. Bathing the eyes with EYELO gives immediate soothing and cooling relief. EYELO is the closest thing to nature's own eye wash—your tears. Try it yourself after a hard day.
