Cyber Highlights.

[ARCYBER Continues to Share the Stories of NETCOM](#)

Army Cyber Command remains dedicated to sharing the stories that emphasize the impactful contributions of the NETCOM team. Through your stories, 1.2 million people are informed and stay connected to the critical work being done. These stories not only highlight achievements but reinforces the importance of the team's dedication and mission.

[Cyber Excellence in Action: NCR Showcases Innovation and Expertise During BG Markotan's Visit](#)

BG Marlene Markotan, Deputy Commanding General-Cyber for the 335th SIG CMD, viewed a demonstration presented by the National Capitol Region Cyber Protection Center (NCR). LTC Micheal Miller, Deputy Commander of NCR, led the presentation with a showcase of cutting-edge tools, techniques, and practices.

[56th SIG BN Strengthens Bonds With Warrior Adventure Quest Paintball Event](#)

This event brought together 32 Soldiers for a day filled with intense, yet friendly competition. It allowed participants to step outside the typical work environment, providing an opportunity to engage in tactical scenarios, strengthen bonds, and foster a deeper sense of camaraderie.

[21st SIG BDE Ministry Team Volunteers for the Annual Holiday Community Dinner](#)

The team gathered at the Fort Detrick Chapel to serve over 200 people with a holiday meal during their Annual Holiday Community Dinner. The hard work and coordination behind the scenes allowed the community to come together and enjoy each other's company.

NETWORK ENTERPRISE TECHNOLOGY COMMAND

[311th SIG CMD Team Continues Communication in Support for Joint Operations in 2025 and Beyond](#)

BG Ray Phariss and CSM Samuel Stroud met recently with U.S. Pacific Fleet's Director of Communication & Information Systems, CPT Pittman discussing joint operations. While visiting, they toured the Sea-Based X-Band Radar in Pearl Harbor. The SBX-1 is part of the Navy's regional missile defense system.

[Celebrating 45 Years of Service: Tim Eayre Honored for Distinguished Career at Ft. Campbell RNEC](#)

This extraordinary achievement honors his decades of dedication, expertise, and unwavering commitment to serving the United States. His contributions to the 7th SIG CMD's mission and RNEC Campbell have ensured mission partners receive outstanding customer service around the clock. Congratulations on an incredible career!

[1st SIG BDE RSO Shines Bright: Secures 1st Place in ROK Army Internal Audit](#)

The 1st SIG BDE ROKA Staff Office (RSO) achieved a remarkable milestone by earning 1st place in the ROK Army Internal Audit. This prestigious recognition highlights the dedication and excellence of the brigade's hard-working KATUSAs, whose efforts continue to support and uplift the mission of the 1st Signal Brigade. Congratulations to the RSO team for their outstanding achievement and commitment to excellence!

[NETCOM CoS Continues to Host Monthly Leadership Development](#)

Effective leadership development requires not only honing key skills but also fostering a culture of reflection and knowledge sharing. We talked on how writing about transformation efforts, significant projects, and achievements is a powerful tool for leaders. It helps articulate lessons learned, celebrate milestones, and inspire others. By documenting these experiences, leaders contribute to collective growth, reinforce their credibility, and create a lasting impact within their organizations and industries.

[SSG MacFarlane Leads CNR Platoon in Hands-On HF Antenna Training to Enhance Mission Readiness](#)

The training was an overview of equipment on hand and an overview of equipment required to create antennas for missions. SSG MacFarlane instructed all Soldiers on how to create field expedient antennas to improve their team's capabilities for future missions.

[509th SIG BN Enhances Tactical Readiness with Immersive Electric Simulation Training](#)

Participants faced challenging, high-pressure situations that closely mirrored real-life scenarios, all within a safe and controlled environment. This setup not only facilitated immediate and constructive feedback but also allows members to refine techniques and strategies under stress.
