# From the Installation Commanding Officer

By Capt. John Randazzo, Commanding Officer, NSA Naples

Team Naples,

As I prepare to turn over command, I want to personally invite our entire NSA Naples community to join us for the Change of Command ceremony at 1000, 23 July on the Capodichino Spine (Dress code: Uniform of the day). This Navy tradition is more than a formal turnover; it is an opportunity to recognize the people who make this installation what it is: our Sailors, U.S. and Host Nation workforce, civilians, families, supported commands, mission partners, and community teammates.

Serving as your Commanding Officer has been one of the greatest honors of my career.

NSA Naples is a complex, dynamic, and essential installation that supports the fleet, strengthens alliances, and takes care of a remarkable overseas community. I have been inspired by the professionalism, resilience, and commitment of the people who serve here.

To the NSA Naples staff: thank you. You carried the mission through hard days, solved difficult problems, and continued to show up with pride and purpose. I am deeply grateful for your loyalty, candor, initiative, and drive toward better outcomes.

To our supported commands, regional partners, operational commanders, interagency teammates, and community partners: thank you for your trust, collaboration, and shared commitment to mission success. Everything we accomplished was built on relationships, teamwork, and a common desire to get to yes.

Our command vision has been clear: "In everything we do, we will challenge ourselves to be

the flagship base in Europe." That vision was never about one person. It was a call to action for our team, never accepting the status quo, about building habits, systems, and a culture worthy of the mission and community we serve.

Laura, Joey, Mia, and I are grateful for the friendships, support, and memories this community has given us. Thank you for allowing us to be part of Team Naples.

I know I am leaving this exceptional community in outstanding hands with Captain Foster, who will continue to prioritize the services our personnel and families deserve. I hope to see you at the Change of Command as we celebrate the team, honor the mission, and welcome the next chapter for NSA Naples.

Commemorative Coin (Front)

Commemorative Coin (Back)

Established on 3 October 1951, as Headquarters, Support Activities, Naval Support Activity (NSA) Naples began its mission to support NATO's Allied Forces Southern Europe and the U.S. Sixth Fleet. After two years, the unit was renamed Commander, Subordinate Command, U.S. Naval Forces Eastern Atlantic/Commander, Headquarters Support Activities. It saw another redesignation in 1957 to U.S. Naval Activities, Italy. On 8 August 1966, it received its current and final name: U.S. Naval Support Activity (NSA), Naples.

NSA Naples is an operational ashore base home to over 50 tenant commands and 8,500 personnel. Providing a forward-deployed platform to the fleet that enables the warfighter and supports the family, NSA Naples supports U.S. Naval Forces Europe-Africa, U.S. Sixth Fleet, NATO, and combatant commander strategic priorities to ensure stability across the European, African, and Central Command areas of responsibility. As it approaches its 75th anniversary, NSA Naples celebrates the Sailors, their families, and civilian employees—both U.S. and Italian—for 75 years of dedicated service and enduring partnership.

# Faces of NSA Naples Spotlight

**FAVORITE MEMORY WORKING AT NSA NAPLES:** MY FAVORITE MEMORY OF WORKING AT NSA NAPLES IS BEING ABLE TO SERVE MY COUNTRY WHILE TRAVELING AROUND EUROPE AND ENJOYING ALL OF THE GREAT FOOD EXPERIENCES IT HAS TO OFFER!

# NSA Naples Hosts Successful Job Fair for Military Community

Courtesy Story and Photos

Naval Support Activity (NSA) Naples, in partnership with the Fleet & Family Support Center (FFSC), hosted its annual Summer Job Fair on June 26, 2026, providing career resources to the military community.

The event, held at the Community Center on the Support Site, connected transitioning service members, military spouses, and their families with a variety of local and regional employers. Attendees had the opportunity to explore new career paths, network with agencies, and receive a free professional headshot to aid in their job search.

For information on future events or career services, community members can contact the NSA Naples Fleet & Family Support Center at [nsanaplesffsc@us.navy.mil](mailto:nsanaplesffsc@us.navy.mil)

## News in Brief: Around the Installation

### FIRE AND EMERGENCY SERVICES

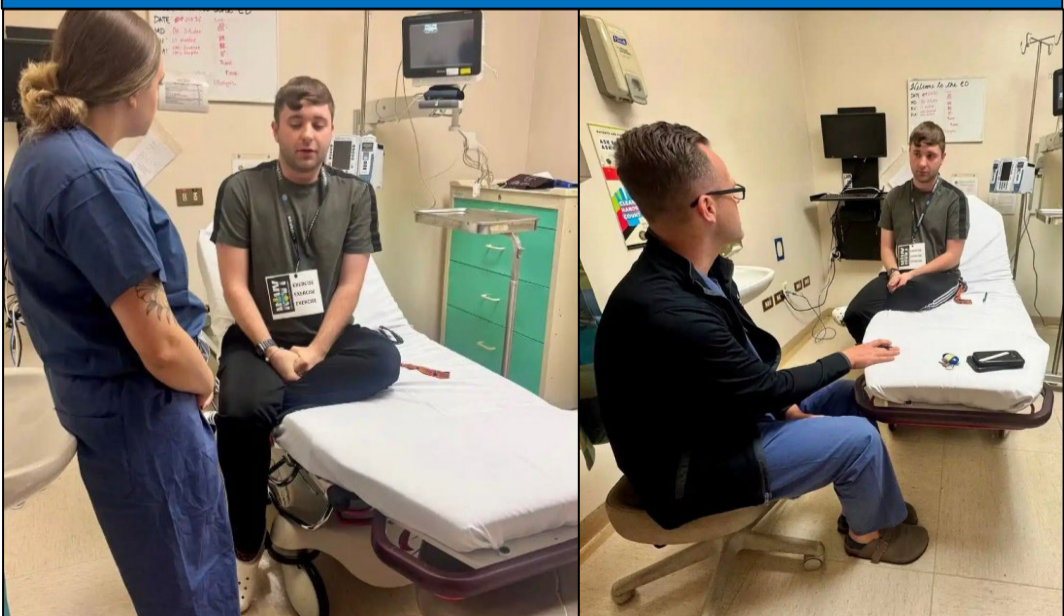

**NSA Naples Firefighters Strengthen Vehicle Rescue Capabilities Through Hands-On Training:** NSA Naples Fire and Emergency Services conducted hands-on vehicle rescue training focused on the safe and effective extrication of patients from motor vehicle accidents. During the training, firefighters used specialized rescue equipment, commonly known as the “jaws of life,” to practice critical techniques used during complex emergency incidents. Crews performed multiple vehicle rescue scenarios, including forcing open damaged doors to reach entrapped patients and stabilizing an overturned vehicle to create a safer operating environment for both responders and victims. Vehicle rescue operations require technical skill, teamwork, and precise coordination. Before removing a patient from a damaged vehicle, firefighters must first assess hazards, stabilize the vehicle, manage sharp metal and glass, and create access points for medical care and extrication. The training allowed crews to build proficiency in these essential tasks while operating under realistic conditions. Hands-on training is a key part of maintaining emergency response readiness across NSA Naples. By practicing with actual rescue tools and vehicles, firefighters improve their ability to respond quickly and safely when every second matters. NSA Naples Fire and Emergency Services remains committed to protecting the community through continuous training, operational readiness, and professional emergency response.

### CREDO EURAFCENT

**Chaplains Religious Enrichment Development Operation (CREDO) CliftonStrengths Workshop:** CREDO had the privilege of facilitating a CliftonStrengths Workshop, helping members of our military community gain deeper insight into their natural talents and learn how to intentionally develop those talents into strengths. Self-awareness is one of the most powerful tools a leader can possess. When we understand what we naturally do well, we can lead with greater confidence, communicate more effectively, build stronger teams, and navigate challenges with resilience and spiritual readiness in true warrior fashion. At CREDO, we believe that investing in people is investing in readiness. The more we understand ourselves and each other, the stronger our teams become and the better prepared we are for the challenges ahead. Optimism is a Force Multiplier.

### FLEET AND FAMILY SUPPORT CENTER

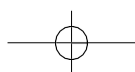

**Sexual Assault Prevention and Response (SAPR) Drill:** A SAPR Victim Advocate stepped into action to assist a role player during the exercise. She knew nothing of the drill prior to the start of it, and did an excellent job providing trauma-informed care. Survivors deserve knowledgeable, compassionate, and confident support when they need it most. Within the SAPR program, every drill reinforces dedication to delivering exceptional advocacy and support to clients and community.

### USO

**Creative Corner:** Service members enjoyed painting, refreshments, and a creative outlet at the Creative Corner in the Air Terminal. Providing opportunities to unwind and focus on personal wellness is one small way the USO supports quality of life for those who serve.

# Radon Awareness: How Radon Enters Homes

*On-base residential and non-residential units, including off-base Government leased units are in compliance with the Navy Radon Management Program.*

**Radon** can build up to harmful levels in any home or building anywhere in the world.

People can be exposed to radon in their:

Homes

Schools

Workplaces

[www.cdc.gov/radon](http://www.cdc.gov/radon)

*By NSA Naples Public Affairs*

Radon is a naturally occurring, radioactive gas that is odorless, colorless, and tasteless. Radon gas is released from rocks and soil and can move to air, groundwater, and surface water. It is normally found at very low levels in outdoor air and can be found in water used for cooking and drinking.

Radon can build up in the air in any home or building, whether it has a basement, is sealed or drafty, or is new or old. Take action this month to reduce the risks of radon in your home by opening windows and using fans to circulate air. This increases airflow and mitigates the buildup of radon.

In compliance with the Navy Radon Assessment and Mitigation Program (NAVRAMP), NSA Naples on-base residential and non-residential units, including off-base Government leased units are either tested or mitigated or currently being tested.

Personnel that live off base have entered a private contract with their landlord, therefore limiting the scope with which the U.S. government may intervene or have control over said contract. However, DoD personnel living off base can work with their landlord to test for and mitigate radon, if desired, at their own expense.

The lessee may work with the lessor to address any identified issues, as outlined in Section 19 of the NSA Naples housing lease.

Information about finding an at-home radon test kit is available through the Environmental Protection Agency: [Link Here](#)

If you have specific questions about your home or your options, please contact our housing office for assistance at:

DSN: 629-4466

Commercial: +39-081-629-4466

Email: [Naples\\_Housing@us.navy.mil](mailto:Naples_Housing@us.navy.mil)

**While NSA Naples has a known overall potential for elevated radon levels, classifying the installation as a Radon Potential Category (RPC) 1 according to the NAVRAMP, the installation is complying with NAVRAMP testing and mitigation policies at government owned/controlled units.**

**RPC1 is simply the level assigned when even one unit or building is found on the installation with a radon level over the minimum threshold of 4.0 picocuries per liter (pCi/L).**

## Notice: Update On Radon Test Results at NSA Naples Non-Residential Facilities

This notice provides an update to the February 9, 2026, public notice to reject the radon testing results at NSA Naples' non-residential facilities following the Navy Radon Assessment and Mitigation Program (NAVRAMP) Guidebook. After working closely with the laboratory, equipment manufacturer, and testing contractor, we conducted a comprehensive analysis of the data. A review panel of public health experts confirmed that all initial quality assurance (QA) concerns have been fully resolved, and the test results have been confirmed as valid and reliable. This update officially replaces the February 9 notice.

### 1. Why were the results rejected in February if they are now considered valid?

We initially acted in alignment with the NAVRAMP on a QA concern in the test data. As required by the Navy's process, a detailed NAVRAMP-compliant error analysis was conducted. That detailed analysis, which was not available at the time of the initial QA concern, demonstrated the results are accurate and reliable, allowing us to move forward with confidence.

### 2. What are the results and the next steps?

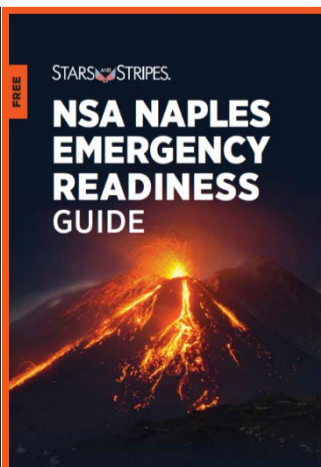

These results have identified 37 rooms/spaces with radon levels requiring action. NSA Naples is taking immediate steps to address every one of these cases. A summary of the results and mitigation plan can be found in enclosure (1) of this notice. We will keep the community informed of the mitigation efforts in those affected buildings.

## Fuel Your Fitness: NSA Naples' Comprehensive Nutrition and Wellness Programs

Keeping the NSA Naples community healthy and mission-ready is a top priority, with a variety of programs available to support nutritional and fitness goals. From weight management to healthy eating on the go, there are resources for active-duty personnel, civilians, their beneficiaries, and local nationals.

### Shape Up with the Ship Shape Program

For those looking to manage their weight, the Ship Shape program, offered by NMRTC Naples, is a valuable resource. This weight management program is open to active-duty personnel, civilians, beneficiaries, and local nationals.

The program provides a supportive environment to create an individualized action plan for achieving nutrition and physical activity goals. To sign up, email Hannah M. Chovancek at [hannah.m.chovancek.civ@health.mil](mailto:hannah.m.chovancek.civ@health.mil)

### Healthy Eating Made Easy with Prep & Plate

The Naples Commissary is making it easier than ever to eat healthy at home with their "Prep & Plate" program.

Located in Aisle 8, this program features QR codes that link to recipes approved by the U.S. Naval Hospital Naples Dietitian. These recipes are perfect for families and single service members alike, for a variety of healthy and convenient meal options. Access the recipes by scanning the QR code in-store or by visiting the following link: [DeCA Prep and Plate](#)

### Fueling for Performance with NOFFS

The Navy Operational Fitness and Fueling System (NOFFS) offers a comprehensive approach to fitness and nutrition. This program guidance on how to train effectively and make healthy nutrition choices.

The NOFFS program includes a fitness and refueling series designed to help individuals maintain peak physical readiness. You can find more information about the NOFFS program and its resources at the link here: [NOFFS Fueling Series](#)

These programs, along with recent significant investments in fitness facility upgrades at NSA Naples, demonstrate a strong commitment to the health and well-being of the entire community.

# Naples Public Health Evaluation

## In-Focus: Air Quality in Naples

*By Todd Folts and Josephine Schneider*

### Checking Air Quality Outdoor

The website hyperlink below provides real-time data on Naples' Air Quality Index (AQI) to help residents understand pollution levels and potential health implications. AQI is a measure of air pollution on a scale where higher numbers indicate poorer air quality. The AQI levels are divided into categories: Good (0-50), Moderate (51-100), Poor (101-200), Unhealthy (201-300), Severe (301-400), and Hazardous (401-500).

[Naples Air Quality Index \(AQI\) and Italy Air Pollution | IQAir](#)

The dashboard displays AQI readings across various locations in Naples, showing areas with higher pollution. Additional insights like health recommendations (e.g., wearing masks, using air purifiers) and historical AQI trends are also included, helping residents make informed decisions about outdoor activities. This is not an endorsement of this website, but an effort to keep our community here in Naples informed on the environmental conditions where we live.

### Air Quality in Naples – Sources

Vehicle emissions are among the primary contributors to Naples' air pollution. The city's dense traffic and reliance on cars and motorbikes result in high levels of NO<sub>2</sub> and other harmful pollutants that affect air quality, especially during peak travel times.

In addition, less frequent, natural events, like wildfires in Naples, contribute to air pollution and environmental damage.

Addressing these issues requires coordinated efforts between local authorities, industries, and the community to reduce pollution and to mitigate its long-term environmental impacts. It is also important to note the U.S. Naval Hospital Naples does not test or monitor the outdoor air quality across the region.

If at any point you feel your health is being or may be impacted by the environment, please contact your primary care physician. If you have questions about any of NPHE enduring processes, or any other environmental life, health or safety issue, send an email to [Naples\\_LHS\\_questions@us.navy.mil](mailto:Naples_LHS_questions@us.navy.mil)

### What Is Naples Public Health Evaluation (NPHE)?

The Naples Public Health Evaluation is a comprehensive study of the health risks associated with potential exposure to chemicals in the environment resulting from the area's waste disposal practices. The Campania region of Italy has experienced numerous challenges associated with trash collection, open burning of uncollected trash and illegal waste disposal practices. In response to health concerns expressed by U.S. Navy personnel in 2007, the Commander, Navy Region Europe, Africa, Central (CNREURAFCENT) contacted the Navy and Marine Corps Force Health Protection Command (NMCFHPC) to conduct a comprehensive public health evaluation to assess the potential health risks for U.S. personnel living in the Naples area. The NPHE was conducted from January 2008 to June 2011.

### What did the Navy learn from NPHE?

Through the Public Health Evaluation, the Navy has been able to identify and address public health risks for U.S. personnel living in the Campania region. The Navy established new health-protective policies and took immediate action to protect the health of U.S. personnel and their families. **Many of these health-protective policies remain in place, as enduring processes, to ensure continued health protection beyond the life of the study.**

### Where are the results of NPHE and where can I read more about this evaluation?

The NPHE results are located on the Health Awareness section at NSA Naples website:

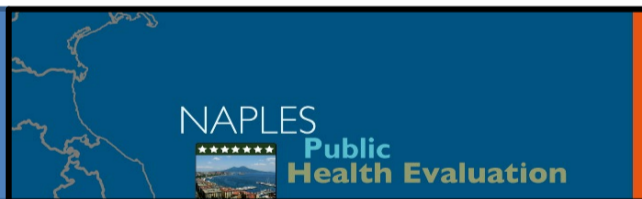

[Read More about NPHE](#)

### Naples Public Health Evaluation Enduring Processes Focuses on:

- Air Quality
- Water Safety
- Food Safety

## Your Health: Facts for Families in Naples

### About: Navigating the Italian Ambient Air Quality Website

The U.S. Navy conducted a Public Health Evaluation from 2008-2011 to assess potential health risks for Navy personnel and their families while living in Naples, Italy. In line with our commitment to continually share important health information, we are providing the following information related to the Public Health Evaluation. We encourage you to review this information and other fact sheets which can be found at the Naples Health Awareness website.

### Introduction

ARPAC, or Agenzia Regionale per la Protezione Ambientale della Campania, is the environmental protection agency for the Campania region. The U.S. Navy worked with ARPAC throughout the Naples Public Health Evaluation (Naples PHE) to share information and testing results. This fact sheet provides information on how to navigate ARPAC's website to access the ambient air quality data the Italian agency has collected.

### Step 1: Access the Website

Type "arpacampania.it" (<https://www.arpacampania.it>) into your internet browser address bar or into your preferred search engine.

Italian:

# NSA Naples Unveils \$5.5M Carney Park Upgrades, Hosts Garden Party

*By Josephine Schneider*

The U.S. Naval Support Activity (NSA) Naples Morale, Welfare and Recreation (MWR) program hosted a garden party onboard Carney Park, June 11, to showcase extensive park renovations, cabin upgrades, and quality-of-life improvements.

The event highlighted the culmination of a two-year, \$5.5 million investment aimed at enhancing services for NSA Naples service members, local national employees, families, and friends of the community. The renovations span multiple recreational areas, including the swimming pool, rental cabins, golf facilities, restaurant, and the terrace.

MWR officials say keeping these spaces modern is a key part of providing world-class facilities, ensuring Sailors and families have a place to decompress from the mission at hand. Jennifer Bardon, MWR director, emphasized the scale of the investment, highlighting how the upgrades deliver on providing the best possible platform for the fleet, the warfighter and the family.

"We've put more than \$5 million into renovations and upgrades at Carney Park over the last two years," Bardon said. "Because of the sheer size of the park and all the greenery, it feels like a slice of America. It brings a sense of home to our community and gives them a great place to relax and spend time together."

The garden party also served as the

debut for the Carney Park Country Club restaurant, which features a mix of classic American and Italian cuisines. The evening was complemented by wine, cigars, and gelato amid the sounds of a live orchestra, combining American flair with Italian culture. Creating spaces to strengthen the connection shared as Allies, partners, and friends is at the very heart of the U.S.-Italy relationship.

John Lenz, fleet and family readiness director at NSA Naples, highlighted the unique geographical and community aspects of the installation's premier recreation site.

"Carney Park is a truly unique experience because you get the chance to be in an extinct volcano," Lenz said. "It is a one-stop destination for recreation, food, and fun. This is also a space our community can use for command events, birthday parties, retirements, and even weddings."

The recent investments have generated renewed energy and momentum across MWR programming, according to MWR leadership. Upgraded offerings are already underway for all demographics, with activities ranging from youth and adult sports leagues to specialized fitness classes in the newly renovated fitness yards.

For more information on Carney Park facility rentals, restaurant hours, and upcoming MWR programming, community members are encouraged to contact the NSA Naples MWR office.

## 75th Anniversary of Allied Joint Force Command Naples

*By JFC Nato Public Affairs*

LAGO PATRIA, Italy – The 75th anniversary of the NATO Allied Joint Force Command Naples (JFC Naples) was celebrated today during a ceremony at its Headquarters, in Lago Patria, Italy.

Admiral George M. Wikoff, Commander, Allied Joint Force Command Naples and Commander U.S. Naval Forces Europe and U.S. Naval Forces Africa hosted the event.

General Luciano Portolano, Italian Chief of Defense, and Mr. François-Marie Gougeon, Deputy Assistant NATO Secretary General for Defense Policy and Planning attended the ceremony.

Admiral Wikoff described the anniversary as a moment of reflection on the command's enduring role:

"It is a great honor to mark this milestone with our Allies, our Italian hosts and the local Neapolitan community. For 75 years, this headquarters has served NATO from Italy, and that longevity speaks to trust, continuity and shared purpose. Our mission has evolved, but our

core responsibility has remained constant: maintaining peace through the deterring effect of unity."

He added:

"Today, JFC Naples leads NATO's operational work across Southern Europe, the Western Balkans, the Middle East and Africa. We stand ready to deter and defend every inch of Allied territory, and we do so on the foundation of generations of personnel, families and Italian communities who have supported this headquarters. NATO is strongest when Allies stand together, and that has been true here for 75 years."

The Italian Chief of Defense Gen. Luciano Portolano, who also conveyed the Italian Minister of Defense Hon. Crosetto warmest regards, highlighted in his speech:

"As former JFC Naples Chief of Staff, it is a great honor to take part in the 75th Anniversary of the establishment of this Operational Headquarters and to celebrate not only the history of this Command, but also of

of this Command, but also of the deep and enduring bonds between NATO and Italy."

"The current international security scenario is going through a phase of profound transformation. Italy is proving its commitment increasing defense spending and, above all, standing as the leading European contributor of forces throughout all the operations of the Alliance. We have always made a significant contribution, and we have played a very tangible role on the ground in support of regional stability. In addition, our strategic interests are also closely connected with the Southern Flank of the Alliance, with the Middle East and the Balkans, from where many of the challenges and threats to Europe and the Mediterranean area originate. In these areas, JFC Naples plays a paramount role, and for all the challenges and efforts carried out to a credible deterrence, I would like to commend Admiral Wikoff and his staff." Gen. Portolano concluded.

## DIRECTOR'S CORNER

### The AC Transition: We Heard You, and We Are Adapting

As we settle into the warmer months, I want to address the elephant in the room: the transition from heating to air conditioning. I know that the switchover process this year caused significant frustration for many of our families. I hear you loud and clear. Living overseas comes with unique managing the seasonal HVAC switchover is one of them. However, "that's just how it is" isn't a good enough answer when your family is uncomfortable in your own home. Now that this year's procedures are complete, my team and I are conducting a thorough after-action review. We are actively dissecting what worked, what failed, and where communication broke down. Our objective is to streamline this process and implement more logical, agile transition procedures in time for the 2027 season. We cannot control every external variable, but we can change how we manage our internal processes and how we communicate with you. We are committed to making the 2027 transition smoother. Thank you for your patience, and more importantly, thank you for your candid feedback.

## INSIDE THIS EDITION

### Housing Tips

- Director's Corner
- Tips from the Warehouse Office
- Electrical Hazards Handouts

### Support Site

- July barbecue etiquette
- Summer dog park courtesy,
- July's PCS peak

### Economy Housing

- Security during vacation
- High bills prevention
- Pest prevention
- UH Tips

## Tips from the Warehouse Office

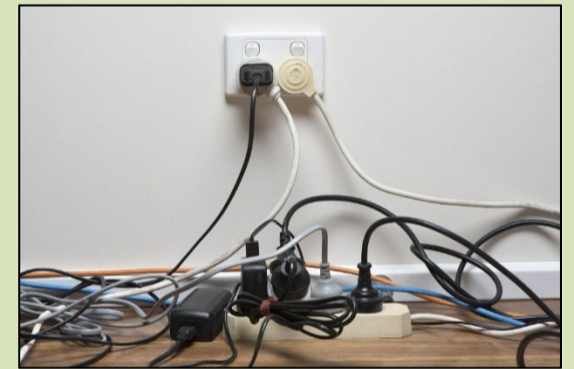

Planning a summer PCS move? The [Housing Warehouse Office](#) handles your temporary government loaner furniture and major appliances, like refrigerators or stoves. Before scheduling your delivery, ensure you measure the doorways, hallways, and stairwells of your new economy home. Italian layouts are often narrow, and we do not provide appliances or furniture upgrades. If our items cannot fit inside upon arrival, you will be responsible for rescheduling and paying for an extra delivery trip. Please book your delivery at least three weeks in advance at the Housing Office to beat the hectic summer rush.

## Electrical Hazards

Visible electrical hazards pose a serious risk of shocks, burns, or fires, making regular home inspections vital for our community's safety. When checking your home, look closely for obvious signs of physical damage such as cracked, broken, or missing faceplates, painted-over outlets, or open ports in your main panel board. Pay attention to loose outlets that do not hold plugs tightly, as these can easily generate sparks, shocks, or leave dark scorch marks on the wall.

You should also stay alert to sensory warning signs like unusual sounds, smells, or physical sensations. A distinct buzzing noise near light fixtures often indicates defective wiring, while feeling even a minor shock from a switch means there is a dangerous issue with the wiring or the appliance. Additionally, never ignore a burning odor or overheating equipment. Dimming or flickering lights are another common indicator of faulty wiring or overloaded systems that require immediate attention.

Finally, ensure your daily power connections are entirely safe. Immediately replace any extension cords that are damaged or frayed, and never run them permanently through walls, doorways, or under carpets where heat can build up. Lastly, make sure all fixtures have the correct wiring polarity and never force a three-prong plug into an ungrounded two-prong outlet without proper GFCI safety protection.

## Summer dog park courtesy

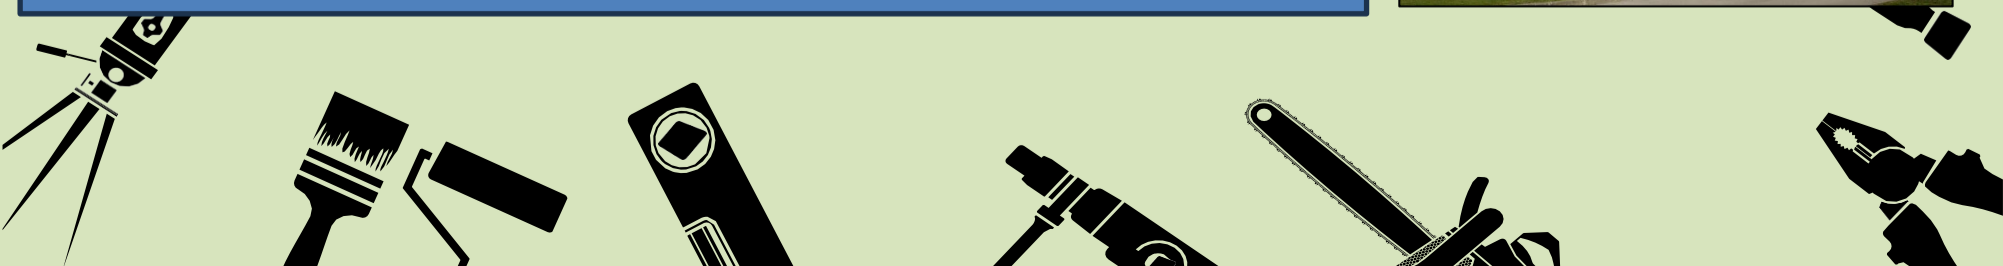

July's intense heat means we must be extra vigilant about pet hygiene at Support Site dog parks. Just like the park bathroom etiquette we discussed in June, keeping shared green spaces pleasant relies entirely on community cooperation.

High summer temperatures accelerate bacteria growth and create foul odors. It is vital to scoop your dog's poop immediately, seal the waste bags tightly, and drop them into designated outdoor trash bins. Additionally, prevent your pups from digging dangerous tripping hazards in the grass and always take your pet toys home. Cleaning up after our pets prevents pests and keeps our base beautiful for everyone. Have a safe July!

## July's PCS peak

Following June's focus on departures, July brings new families on base. Whether you are welcoming neighbors or acting as a sponsor, community cooperation ensures a smooth transition. Keep stairwells and common pathways clear of moving boxes. Be patient with delivery trucks temporarily blocking parking spaces. A warm greeting and helping with recycling go a long way. Let's make our new Support Site neighbors feel right at home!

## Economy Housing

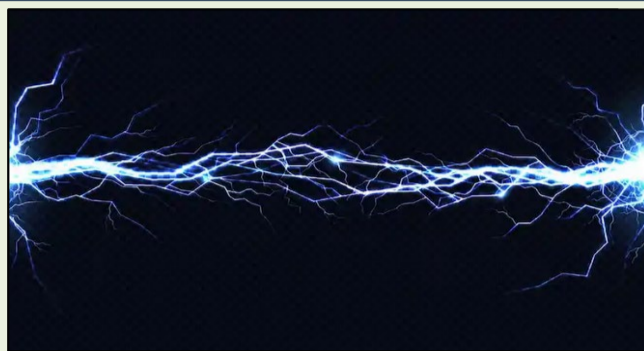

### Safeguarding your home during summer vacation

With July being the prime season for summer travel, ensuring your off-base home is secure while you are away on vacation is critical. Before leaving, double-check that all balcony doors, windows, and heavy outer shutters are completely locked and your alarm system is set correctly to deter opportunistic break-ins. It is also wise to notify a trusted neighbor or your landlord of your travel dates and temporarily shut off your main water valve to prevent undetected leaks from flooding your apartment while you are traveling.

### Surviving July utility bills and smart appliance use

July typically sees the highest electricity consumption of the year due to non-stop air conditioning, which can lead to surprisingly expensive Italian utility bills. To keep your costs manageable, try utilizing the dehumidifier mode on your system, which cools the air effectively using much less power than the standard cooling setting. Also, avoid running heat-generating appliances like ovens or clothes dryers during the hottest afternoon hours to keep your home naturally cooler and prevent overloading your electrical meter.

## Unaccompanied Housing

### July barbecue etiquette

Summer grilling is at the heart of our community life on Support Site, especially during July's festive celebrations. However, keeping these shared barbecue areas clean and safe requires a collective effort from every resident. Leaving a spotless station is not just a base housing requirement, but a true sign of respect for your neighbors.

Safety comes first, so always ensure your coals are completely extinguished and cold before throwing them exclusively into the designated metal bins. While the grate is still warm, use a wire brush to remove food residue, and wipe down the tables and counters with a sanitizing spray.

Never leave leftover food, condiments, or trash bags behind on the picnic tables. Gather all your garbage into a tight bag and place it directly inside the main dumpsters, making sure to close the lids securely to deter local wildlife. Taking just five extra minutes to tidy up preserves our beautiful base facilities, prevents pest problems, and ensures the grills are ready for the next family. Thank you for doing your part, and have a safe, wonderful summer of grilling!

### Vector control and dealing with pests

The intense July heat combined with summer humidity creates the perfect breeding ground for mosquitoes, ants, and other pests common to southern Italy. You can protect your home by ensuring that no standing water accumulates in balcony plant pots and by keeping your food sealed in airtight containers. If your rental property suffers a sudden infestation, remember to coordinate directly with your landlord first, as many Italian lease agreements outline specific structural pest control responsibilities before you contact housing maintenance.

### UH Checkout procedures

With peak summer PCS season here, Unaccompanied Housing is strictly enforcing room inspection procedures. Whether you are checking out or staying put, keeping your space inspection-ready is vital.

Ensure you pre-schedule your checkout inspection with the UH Front Desk at least two weeks in advance. Before the inspector arrives, all personal gear must be packed, surfaces wiped down, and appliances cleaned. Don't wait until the last minute. Log any broken items via a maintenance work order now to avoid delays or failed inspections.

### July mildew prevention

July's Mediterranean climate brings intense humidity to Gricignano. To protect your room from mildew, proper ventilation is key.

When your A/C is off, crack your window to circulate fresh air and let moisture escape. Never block ventilation vents and always hang wet towels in the bathroom. If you see early signs of mildew, wipe it down immediately with a cleaning spray. A few quick daily habits keep your UH room fresh, healthy, and inspection-ready all summer!

## Final Thoughts...

Your comfort and satisfaction are a top priority for us. If you require any further assistance or have additional concerns, feel free to scan the QR code or contact our dedicated trouble desk:

# NSA Naples: Interactive Customer Evaluation (ICE) System

Every feedback is welcomed, good or bad, that's the surest way to help the installation improve services and quality of life in the community

By NSA Naples Public Affairs

The Interactive Customer Evaluation (ICE) system is a web-based tool that collects feedback on services provided by various organizations throughout the Department of Defense (DoD) including here at NSA Naples. Feedback can be positive (give a shout-out) or negative (report an issue). A combination of both is what helps us improve our services to better serve you.

### Benefits of ICE:

- Allows community members to quickly and easily provide feedback to service provider managers on the installation.
- Gives NSA Naples leadership timely data on service quality.
- Allows service provider managers to benchmark their performance against like services in other DoD organizations.
- Saves money by providing an enterprise-wide capability to manage the resources necessary to collect and report on customer feedback and satisfaction ratings.

### Do I get a response after submission?

Generally, if you provided contact information at the time of submitting an ICE Comment, it will be responded to within two weeks.

## Response to your ICE Comment

### COMMENT:

The center toilet Seat in the women's restroom in Bella Napoli has been broken. When will this be repaired so that all stalls may be used?

### RESPONSE:

The Public Works Department (PWD) has implemented an online system to expedite the resolution of facility issues. For faster resolution, report future issues using the following link, also available on the Navy Life Naples App under the PWD tab: [PWD Online Service Request System](#)

### Best way to submit an ICE comment?

- Visit the [ICE](#) website
- Navigate to the appropriate service provider manager's link
- Input your comments and be specific
- Recommendations are welcomed
- Provide contact info if you require a response

## Your ICE Comment Shout-outs!

### FAMILY HOUSING

I would like to recognize two maintenance employees, Costantino and Alfonso. The two plumbers came to my unit yesterday for a problem with my kitchen faucet. I was so impressed that they took the time to fully understand the problem and rather than just patching over the issue, they went the extra mile to make sure the work was done correctly the first time. Not only did they take the time to listen and do the work properly, they were also pleasant to interact with. Please let them know that our family really appreciates them!

### NEX AUTOPORT

My name is Maria. I arrived to Italy from Germany in March 2025. I have had my car service at the Autoport (NEX) from basic things like a blown fuse, oil changes, wiper blade changes to brakes and issues with my radiator cooling system with my car. They are always professional, kind and worked hard to fix my car and in a timely manner every time I come. I just want to give a huge thank you and shoutout to Antonio and his whole team of people who work at the front desk and all the mechanics. :)

### CHILD DEVELOPMENT CENTER (CDC)

I am one of the leads of the School Age Care program and the new cook at support site CDC, Tin, has been a big hit with my kids. All the youth love her food, and a bunch of the youth eat now, when they didn't eat before. I also took some reviews from some of the youth after they were all raving about the soup she made for lunch:

1. It's the best soup I have ever had since 2016!"
2. The soup is really good with the rice, what's the recipe?
3. It's perfect, it's almost too good to eat and I would save it in my refrigerator and eat it every day if I could.

So happy the Child Day Care program at Support Site NSA Naples found such an amazing cook!

### ECONOMY HOUSING

Dario Filadoro was great in coordination between me and my landlord. He expertly navigated what could have been awkward conversations between my landlord and myself as we negotiated a new contract after 8 years. He ensured I did not overpay (the US government) for a re-negotiation. As well, he protected me when my landlord tried to get me split the increased payment from the original amount, potentially to allow my landlord to not file the updated contract to not change his tax payments. Dario quickly provided information and protection to me while remaining polite and charming with my landlords. He made my situation for the updated contract a smooth and comfortable experience. His service was outstanding.

## DoD Pet Transportation Allowance – PCS Moves

### ELIGIBILITY

- ✓ PCS orders effective ≥ Jan 1, 2024
- ✓ One pet only
- ✓ Cat or dog

### LIMIT

**\$2,000**

### OCONUS PCS

## Emergency Preparedness Awareness

**Emergency preparedness helps you prepare your household for any situation.**

**Have a Plan, Build a Kit, and Stay Informed.**

Always stay ready in the case of an emergency by checking out the resources on our Emergency Management website at: [Emergency Management Webpage](#)

These resources exist to help your households construct an emergency kit and plan and learn how to respond and react to earthquakes (Drop, Cover, and Hold).

Additionally, you can stay informed about local earthquakes through the Italian Istituto Nazionale di Geofisica e Vulcanologia (Italian National Institute of Geophysics & Volcanology) link here: [Italian National Institute of Geophysics and Volcanology Website](#)

For more resources on staying informed as a household, see Federal Emergency Management Agency (FEMA) link here: [FEMA Website](#)

**Remember that emergency preparedness helps you prepare your household for any situation. Have a Plan, Build a Kit, and Stay Informed.**

**TSC CO**, CDR Ruben Garcia  
DSN

**Security**

**SAFETY  
AWARENESS  
REMINDERS**

**Stay Vigilant**

NSA Naples personnel and families are reminded to stay alert and aware of your surroundings at all times – both locally and while traveling.

While there are no specific, credible threats at this time, vigilance remains crucial for your safety and security.

We strongly encourage everyone to enroll in the Smart Traveler Enrollment Program (STEP).

In the event of an emergency, NSA Naples Emergency Dispatch is available 24/7:

DSN 911 +39-081-568 4911

**Important Notice: Off-Base Traffic Accident Reporting Procedures**

Attention NSA Naples personnel and families: if you're involved in an off-base traffic accident and local police did not respond, you are strongly encouraged to complete a Voluntary Statement at the Capodichino or Support Site security precincts as soon as possible.

This may be needed for insurance claims, as Italian authorities cannot issue retroactive reports. Timely documentation is essential.

NSA Naples Security Precincts are open 24/7.  
**FOR EMERGENCIES, CALL EMERGENCY DISPATCH AT:**

DSN: Dial 9-1-1  
COMM: +39 081-568-4911  
Capodichino Security Desk:  
DSN: 626-2207, COMM: (+39) 081-568-2207  
Support Site Security Desk:  
DSN: 629-4269, COMM: (+39) 081-811-4269

**Reserved Parking Requirement**

When parking in designated parking spaces onboard NSA Naples Support Site and Capodichino, personnel must display their associated parking placard.

*Failure to display the placard may result in ticketing and/or booting of your vehicle*

**Gate Hours**

Holiday hours will be posted on Facebook.

**Capodichino**

Front Gate – 24/7  
Back Gate – Mon-Fri: 0530-0900 / 1500-1730  
Weekends: Closed

**Support Site**

Front Gate – 24/7  
Back Gate – Mon-Fri: (POV) 0700-0800  
(Commercial Vehicle) Mon-Fri: 0800-1600

**Carney Park**

Park hours – 0600-2000

No walk-ins, appointments only due to customer volume.

**Public Works**

**LOVE YOUR  
SPACE THE  
MOST**

**Building Manager (BM) best practices:**

- Know who they are.
- Meet with them regularly.
- Set expectations (attend training & zone inspections; track incomplete work).

**Have a plan!**

Know the PWD Naples Call for Work timeline for each fiscal year.

**Service Requests:**

We can't fix what we don't know about! Submit, track, follow-up if incomplete!

**Four ways to submit:**

1. Through the Base App
2. Call the PWD Trouble Desk (DSN: 626-4981 / COMM: +39 081-568-4981)

It may joining a club, talking to a spiritual counselor, downloading an app or starting a new hobby.

For more information, call 081-811-6372 | DSN 629-6372.

## LEGAL CORNER

### Don't Let Your Sojourner's Permit Expire! Check the Expiration Date!

It is essential to know when your permits expire. The expiration date is written in European format of DAY--MONTH--YEAR. If your Sojourner Permit is set to expire within the next 60 days AND your orders, contract or sponsor's orders extend beyond that expiration date, you must begin the permit renewal process. Failure to renew on time could result in complications with Italian immigration police and impact your or your family members' status in Italy! For assistance or more information on how to begin the renewal process, please contact RLSO EURAFCENT Legal Assistance Office. Failure to renew on time could result in complications with Italian immigration police and impact your or your family members' status in Italy!

## INFORMATION ON THE ELECTRONIC SOJOURNER'S PERMIT PROCESS

All current Sojourner's permit holders and first-time applicants to include GS Civilians, DoD Contractors, and all dependents. Active-duty do not require a Sojourner's Permit, but please review this information carefully, as it may affect your dependents.

### CURRENT PROCESS:

- For first-time applicants, renewals, and current holders that reside in the Napoli Province, Sojourner Permit processing is being conducted on base at NSA Naples Capodichino, Chapel's Fellowship Hall, BY APPOINTMENT ONLY.
- For first-time applicants, renewals, current permit holders who reside in the Caserta Province (including NSA Naples Support Site), Sojourner Permit processing is being conducted at the Caserta Immigration Office, BY APPOINTMENT ONLY. There is no on-base processing capability at this time.
- All initial appointments are facilitated by RLSO EURAFCENT Legal Assistance Office for USN/USMC personnel residing in the Naples and Caserta provinces.

### What Do You Need to Do?

1. If you have recently submitted your paperwork for a first-time application or a renewal application, you do not need to take further action now. We will notify you via email on the next steps, according to instructions from the Immigration office.
2. If you already have a current paper Sojourner's Permit, you do not need to take further action now. You will be contacted by our office when it is time to begin the process to convert it into an electronic permit, according to instructions from the Immigration office.
3. If you have a paper Sojourner's Permit that expires between now and June, you must contact RLSO EURAFCENT at [napleslegalassistance@us.navy.mil](mailto:napleslegalassistance@us.navy.mil) for a renewal request appointment. Our specialist will collect the required paperwork for the application, but you will hold onto your paper permit until your appointment with the immigration police.
4. **KEEP YOUR SOJOURNER PERMIT APPLICATION RECEIPT!!** Upon submitting an electronic Sojourner's Permit application (first-time application or renewal) to the Italian Immigration Police, you will be issued an official receipt (small piece of paper). This receipt contains your PROTOCOL NUMBER (application number) which is ESSENTIAL to check the status of your Sojourner's Permit online. The protocol number always begins with the reference year and the abbreviation of the city where the application was filed:
  - For Naples: begins with 26NA + six digits
  - For Caserta: begins with 26CE + six digits

This receipt, along with your passport and your expiring/expired sojourner's permit (if any), is REQUIRED to pick up your sojourner's permit once it is ready. If you do not bring the original receipt, you will NOT be allowed to collect your electronic sojourner's permit. If the receipt is lost or stolen, you must first file a formal loss report with the Italian Police or the Carabinieri, which can be used in lieu of the original receipt to pick up your permit. Without the receipt or a proper Italian police report, you CANNOT PICK UP your electronic Sojourner's Permit.

For questions, contact RLSO EURAFCENT Legal Assistance

## OCONUS Emergency Travel Assistance Grant

Grant Program for Military Members

Aligning with the American Red Cross mission of helping military members prepare for, cope with, and respond to the challenges of military service, Service to the Armed Forces (SAF) is implementing the OCONUS Emergency Travel Assistance Grant.

This program will provide financial assistance to military members, including National Guard and Reserve, actively serving Foreign Outside the Continental United States (F-OCONUS) who are currently on or about to begin emergency leave.

All categories of emergency leave are eligible for this grant. Service members must provide a copy of their emergency leave orders. Eligible service members will be awarded a \$500 grant.

The OCONUS Emergency Travel Assistance Grant will be available for a limited time based on the availability of funds.

To apply, please contact the Hero Care Center at 1-877-272-7337.

Service to the Armed Forces

This limited-time program provides \$500 grants to active-duty military members (including activated National Guard/Reserve members) who are:

- Stationed Foreign OCONUS (F-OCONUS)
- Currently on or about to begin emergency leave or ordinary leave under emergency conditions. (Service member must be able to provide a copy of their emergency leave orders.)

We're sorry you're going through a difficult time and we're here for you. Call the American Red Cross Hero Care Center at (+1) 877-272-7337 to speak to a specialist who'll help you apply.

For additional information, please contact us at [naples@redcross.org](mailto:naples@redcross.org) or stop by your local Red Cross office in Building 450 on Capodichino.

**PREP and PLATE**

**Mind**  
Living well starts with taking care of your whole self: your mind, body, spirit and social life.

**Body**  
Taking care of your body starts with eating healthy.

**Spirit**  
Look for healthy, easy meal ideas on recipes posted throughout the Commissary. The recipes have been approved by the Naval Hospital dietitian. Ingredients are located near the recipe, so you can grab and go!

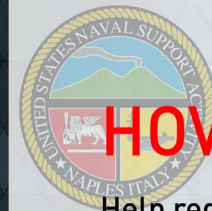

**Social**

Scan here for all healthy recipes.

**Prep & Plate: Healthy Eating Made Easy for All:** Prep & Plate is making healthy eating at home easier than ever with our new QR code menu featuring recipes approved by the U.S. Naval Hospital Naples Dietitian. These recipes, located in Aisle 8 at the Naples Commissary, are perfect for families and single service members alike. Scan the QR code or follow the link to discover a variety of healthy meal options at your disposal. **Link here: [DeCA Prep and Plate](#)**

**CAPODICHINO HOV/Ride-Share Program**

Help reduce traffic and parking issues at Capodichino by joining the new HOV/Ride-Share Program!

**Who Can Apply?**

- A carpool group with at least two other people (three people minimum) who regularly commute to and from work at Capodichino.

**How to Apply:**

1. Fill out the registration form ([Enclosure 6](#)) found in the NSA Naples Parking Policy or scan the QR code below.
2. Email the completed form to the NSA Naples Pass and ID Office: [nsanaplessecpassid@us.navy.mil](mailto:nsanaplessecpassid@us.navy.mil)

**How Selection Works:**

1. The NSA Naples Pass and ID Office, in coordination with the NSA Naples XO, will review all applications.
2. If selected, you will receive carpool parking privileges for SIX months.
3. After six months, your privileges will end.
4. You can re-apply six months later allowing others a chance to participate.

**SPACE IS LIMITED**

Only 12 parking spots are available, program rules will be strictly enforced. Only park in the space when ride-sharing.

Store Associate

**CENTRAL MEAT PROCESSING PLANT** SERVING COMMISSARY CUSTOMERS IN *10 Countries* SINCE 1998

The Central Meat Processing Plant's state-of-the-art facility features highly efficient meat processing and vacuum machines, metal detectors and X-ray machines, a flash freezer, and high-tech cleaning systems. USDA Beef is cut, ground, packaged, vacuum sealed, and shipped from Kaiserslautern Cold Storage to our overseas locations. Fresh pork is sourced locally from German locations and processed under the same strict guidelines. Commissaries receive shipments an average of every two to three days, depending on the size and sales volume of the location.

*Special Orders*  
FOR YOUR SINGLE-SERVING OR PARTY-PLANNING MENUS

Just as you can go to a stateside commissary and place a special order for pork or beef, you can do the same here in Europe. You can simply request a special order from the commissary at the meat department or front-end department by filling out a special-order form if you are looking for a large quantity or a special cut.

Special order lead times vary depending on the request but a majority can be filled within days. Large quantity requests may take up to eight weeks. Whole pigs require a 10-day lead time. Check with your commissary for details.

▶ **DOWNLOAD ORDER FORM**  
[www.commissaries.com/shopping/special-orders](http://www.commissaries.com/shopping/special-orders)

[www.commissaries.com](http://www.commissaries.com)

*Where does the Commissary get its meat products?*

Shoppers are amazed to learn that the USDA-approved Natural and Choice beef we sell in the commissaries in Europe and the Middle East are shipped here from the U.S. Even more surprising, is that the retail cuts of beef are fresh, never frozen. This is accomplished through the use of vacuum packaging.

*What are the advantages of vacuum packaging?*

- ▶ Because oxygen is removed, the shelf life of vacuum-packaged red meat increases from a matter of days to at least two weeks.
- ▶ Vacuum packaging allows natural enzymes to act as a natural tenderizer and enhances quality/palatability of beef.
- ▶ Without the vacuum technology, most locations would have only frozen meat products.

Beef gets its red color from exposure to oxygen. In our vacuum packing process, we remove over 99% of the oxygen from the package. The lack of oxygen turns the meat a darker color but the meat will return back to the usual red color once the package is opened and is, once again, exposed to oxygen.

The vacuum package does not allow for any air in or out. This can cause naturally occurring lactic acid to build up inside the package. Shortly after opening the package, the initial off-odor will dissipate.

This process does not affect the quality of the meat or taste and acts as a natural meat tenderizer.

**Store Director's Scoop:**

**Store Director | [Dennis.D.Holm.civ@mail.mil](mailto:Dennis.D.Holm.civ@mail.mil) | +39-081-811-4871**

Here at the Commissary, we are working on being the grocery provider of choice for our eligible patrons. You will see daily savings throughout the store to reach our goal of saving you the patron on average 25% from your shopping experience. We understand how important this benefit is to you overseas. Getting the items, you know, is import to us. Our procurement team is working non-stop to get us all the products we can to keep our shelves full for you. When the supply chain issues come around, they find alternatives to help us get what we need.

**Find our store Web page:**

Did you know our store has its own pages on the commissary website? [Click here](#) for the "NSA Naples Commissary" webpage.

**Subscribe to Express Line:** If you would like to subscribe to Express Line, send an email to: [dennis.d.holm.civ@mail.mil](mailto:dennis.d.holm.civ@mail.mil) Include "Subscribe me to Express Line" in the subject line.

**Your Everyday Savings (YES!)**

Now even more savings on the items you love! "Your Everyday Savings!" (YES!) just got better! We're lowering prices even further on the items our customers purchase most. You can enjoy YES! items whether you're stateside or OCONUS. Our goal is to have our customers save \$25 for every \$100 you spend at your commissary.

Hundreds of items including milk, eggs, fresh meats, bananas, cleaning products and much more are available for great savings.

Just look for the bright orange YES! Label in-store to start saving now! To find out how, [CLICK HERE](#).
