ENFORCING STANDARDS

A routine convoy movement. A split-second oversight. Then, a crushing rollover. Think your highly trained unit is immune? Complacency is the silent threat lurking in every mission. In this firsthand account, a leader reveals how fatigue breeds deadly shortcuts and why SOPs are never optional. Read his powerful story to discover how decisive leader intervention can mean the difference between minor bruises and a fatal mishap.

PRE-MISSION REHEARSALS

A sudden landing zone shift forced a MEDEVAC crew into a zero-visibility brownout. This near miss proves why rehearsals are vital and highlights how superb crew coordination prevented a catastrophic dynamic rollover. Check out their critical lessons learned.

PRODUCTS & TOOLS

Learn the safety culture and climate within your organization.

A family of information technology systems that underpins the Army Safety and Occupational Health Management System.

A great resource for motorcycle information and learning to be a safe rider.

An interactive, easy-to-use, automated system designed to assist users with the application of risk management.

Make your Soldiers aware of the off-duty hazards they'll face with the Off-Duty Safety Awareness Presentation.

A collection of resources to aid commanders and leaders in the management of range operations and safe weapons handling.

DID YOU KNOW?

RISK MANAGEMENT is always looking for contributors to provide ground, aviation, driving and off-duty safety articles. Don't worry if you've never written an article for publication. Just write about what you know and our editorial staff will take care of the rest. Your story might just save another Soldier's life. Click the **Submit An Article** tab below to share your story.

WHAT'S NEW

As you continue to navigate the high-risk summer season, keeping Soldiers safe must remain a leader's top priority.

The USACRC has developed pocket-sized cards packed with critical leader talking points to help you mitigate these seasonal hazards.

POST THIS

DRESS FOR THE SLIDE ... NOT THE RIDE

AT A MINIMUM, PROPER PPE INCLUDES:

- Department of Transportation (DOT)-certified helmet
- Impact- or shatter-resistant goggles or a properly attached full-face shield
- Sturdy, over-the-ankle footwear
- Long-sleeved shirt or jacket
- Long trousers
- Full-fingered gloves or mittens made of leather or abrasion-resistant material

REMEMBER, GOOD GEAR IS WORTH EVERY DIME, EVERY TIME.
