

# CECOM

## INTEGRATED LOGISTICS SUPPORT CENTER

### Mission

CECOM ILSC enables the Warfighter by delivering premier logistics expertise and innovative solutions, ensuring mission readiness by integrating C5ISR-M capabilities across all domains.

### Vision

To cultivate a mission-driven, future-ready workforce to deliver innovative, reliable, and decisive solutions that strengthen and sustain our Warfighters to fight and win in a rapidly evolving, multi-domain environment.

### Portfolio

#### Adaptive Logistics Expertise

Build resilient, scalable logistics frameworks that adapt to contested environments and guarantee continuity of support.

#### Optimized Supply Chains

Leverage AI, predictive analytics, and digital tools to optimize supply chains and accelerate readiness.

#### Workforce Excellence

Cultivate a mission-driven, future-ready workforce through training, professional development, and accountability.

#### Operational Readiness and Resilience

Ensure reliable, decisive support that sustains warfighters in multi-domain environments.

#### Strategic Partnerships

Leverage strategic partnerships across industry and government, to deliver innovative and adaptive logistics solutions.
