ARMED DRONES

Armed drones revolutionize battlefield tactics, but these powerful tools also introduce deadly new hazards. Poor communication risks friendly fire mishaps, and signal tracing exposes operators to counterstrikes. To maintain the tactical edge, leaders must integrate unit-wide training and counter-drone defense. Can your formation survive the modern drone fight? Read on to learn key strategies to safeguard your Soldiers.

EQUIPMENT PROFICIENCY

An experienced Soldier packed safety gear for a river trip but lacked the training to deploy it properly. Discover how this gap nearly led to a fatality and why equipment without proficiency creates a dangerous illusion of safety.

MAINTENANCE SHORTCUTS

Bypassing safety protocols during barrier repairs triggered an unexpected activation that launched a passing motorcyclist. Find out how complacency and unauthorized procedures turned routine maintenance into a preventable mishap.

PRODUCTS & TOOLS

Learn the safety culture and climate within your organization.

A family of information technology systems that underpins the Army Safety and Occupational Health Management System.

A great resource for motorcycle information and learning to be a safe rider.

An interactive, easy-to-use, automated system designed to assist users with the application of risk management.

Make your Soldiers aware of the off-duty hazards they'll face with the Off-Duty Safety Awareness Presentation.

A collection of resources to aid commanders and leaders in the management of range operations and safe weapons handling.

DID YOU KNOW?

RISK MANAGEMENT is always looking for contributors to provide ground, aviation, driving and off-duty safety articles. Don't worry if you've never written an article for publication. Just write about what you know and our editorial staff will take care of the rest. Your story might just save another Soldier's life. Click the **Submit An Article** tab below to share your story.

WHAT'S NEW

LABOR DAY SAFETY MESSAGE

This Labor Day, the U.S. Army Combat Readiness Center honors our workforce while urging vigilance. With 50 Soldiers already lost to private motor vehicle mishaps this fiscal year, integrate risk management into your travel, recreation and holiday plans.

Click here to explore leader briefing tools to ensure every Soldier returns mission-ready.
