INCOMPATIBLE EXPLOSIVES STORAGE

Managing military and industrial explosives requires strict adherence to hazard classification and compatibility rules. Facility managers must enforce storage compatibility mixing charts, isolate sensitive and toxic materials and maintain specialized electrical standards. Read the full article to discover how these critical controls protect Soldiers and civilians from preventable disasters.

COMBATING SPOOFING

Adversaries can use GPS spoofing to quietly lure aircraft into extreme danger. Learn how aviators must defeat this threat by rejecting automation bias, verifying their positions against physical checkpoints and mastering basic visual navigation skills.

PRODUCTS & TOOLS

Learn the safety culture and climate within your organization.

A family of information technology systems that underpins the Army Safety and Occupational Health Management System.

A great resource for motorcycle information and learning to be a safe rider.

An interactive, easy-to-use, automated system designed to assist users with the application of risk management.

Make your Soldiers aware of the off-duty hazards they'll face with the Off-Duty Safety Awareness Presentation.

A collection of resources to aid commanders and leaders in the management of range operations and safe weapons handling.

DID YOU KNOW?

RISK MANAGEMENT is always looking for contributors to provide ground, aviation, driving and off-duty safety articles. Don't worry if you've never written an article for publication. Just write about what you know and our editorial staff will take care of the rest. Your story might just save another Soldier's life. Click the **Submit An Article** tab below to share your story.

WHAT'S NEW

JRAT 2.0 TUTORIAL

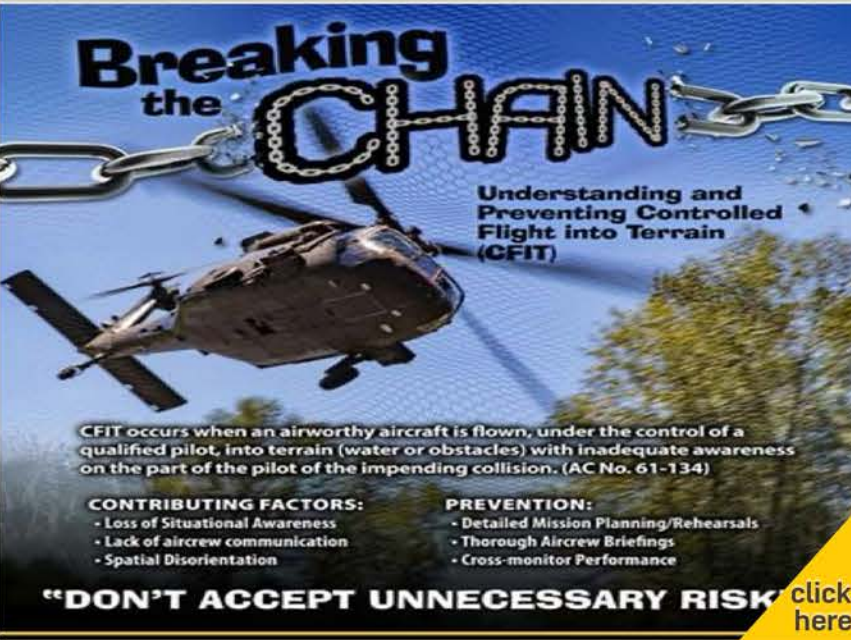

Manage risk faster with the modernized JRAT 2.0. This interactive system delivers real-time mishap statistics and a flexible, collaborative Deliberate Risk Assessment Worksheet. Users can quickly auto-sort risk levels, attach mission-critical files and optimize their daily operational tasks.

Click here for a video tutorial to learn how this system works and start streamlining your operations today.
